

SOCIALSTEEL

Welcome back! The highlight since we last met was undoubtedly the #timecapsule2020 - a time capsule (made from the same DI Pipes we make, for the world) where the Electrosteel family was invited to pen down their messages for the future. The event saw great participation, and included a message from a brand new Electrosteel mom in a maternity ward bed! #25yearsofDIpipesinIndia!

JUST A FEW PICS OF THE EVENT...
