**MONTHLY HIGHLIGHTS**

**HAPPENINGS**

- Our Independence Day was celebrated with great patriotism and fervor across all our locations.
- The birth of Lord Krishna, Janmasthami, was celebrated at our Elavur plant.
- The children of our Elavur Plant had a pleasant surprise for their colony members. A dinner was planned for all the residents, with the children themselves cooking the dinner. Needless to say, a hearty meal was thoroughly enjoyed by all.

- HW SIP team had their highest production ever (7568t) in July 2020.
- We received the prestigious BSI SA8000:2014 certificate.
- The unique e-book, "With Love Grandma Remedies" has received an enthusiastic response. Electrosteelians around the world have sent in their Grandmother Remedies, which will be compiled into a first of its kind e-book. Watch out for the book launch.
- Our new website [www.electrosteel.com](http://www.electrosteel.com) was launched this August, with an online launch. Already gaining eyeballs, this website is creating ripples. Take a look yourself and send in your views.

**CSR AND US**

- Haldia Works renovated a pond in a village in its vicinity. This has proved beneficial to the villagers to meet their daily requirements.
- Our Bansberia Unit repaired the road which connects our Plant to the Railway Station. This has proved to be of immense help to the local residents, who use it as a means of daily commute.
- At SPL, over 2000 Cono Carpus plants have been planted across the complex as a part of a Greenbelt initiative. This helps in reducing pollution and improving the air quality. We also grow our own organic vegetables which are used in the Canteen.

**WE, THE PEOPLE**

We love being surrounded by greenery and nature, be it at work or at home. These photos tell their own story.
