

SOCIALSTEEL

AS PART OF OUR 25 YEARS OF DI PIPES IN INDIA CELEBRATIONS, THE ELECTROSTEEL GROUP CREATED AN UNIQUE PROJECT – PIPE ART.

Members of the Electrosteel family painted five DI Pipes with the values that Electrosteel stands for – Trust, Responsibility, Purity, Innovation and Expanding Boundaries.

Can you guess which pipe represents which value? Write to us with the correct answers, and we will publish it on our social media pages. For more info and fun, drop in at our brand new website (look below for url).
