DIVIDEND

The Directors are pleased to recommend a final dividend of Rs. 1.40 per Equity Share of face value of Re. 1 each (@ 140%) for the Financial Year ended 31 March, 2025. This dividend is subject to the approval of the Members of the Company, at their ensuing Annual General Meeting ('AGM'). If approved, the total outlay on account of final dividend for the Financial Year 2024-25 would amount to Rs. 86.54 Crore.

The Company had declared final dividend of Re. 0.90 per Equity Share of face value of Re. 1 each (@ 90%) for the Financial Year ended 31 March, 2024. This was over and above the interim dividend of Re. 0.50 per equity share of face value of Re. 1 each (@ 50%) for the financial year 2023-24.

The dividend recommended is in accordance with the Dividend Distribution Policy of the Company. The Dividend Distribution Policy of the Company is uploaded on the Company's website:

<https://www.electrosteel.com/admin/pdf/1064444546454-Dividend-Distribution-Policy.pdf> .

INVESTOR EDUCATION AND PROTECTION FUND

Transfer of Dividend to Investor Education and Protection Fund

In terms of the provisions of Section 124 of the Companies Act, 2013 ('Act'), read together with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 and amendments thereof ('IEPF Rules'), the Company (ECL) has transferred Rs. 11,90,536 (Rupees Eleven Lakh Ninety Thousand Five Hundred and Thirty Six Only) to the IEPF and the Srikalahasthi Works (SW) unit (erstwhile Srikalahasthi Pipes Limited, which got merged with and into Electrosteel Castings Limited), has transferred Rs. 21,22,950 (Rupees Twenty One Lakhs Twenty Two Thousand Nine Hundred and Fifty Only) to the IEPF, during the Financial Year 2024-25, being unpaid/unclaimed dividend amounts relating to the Financial Year 2016-17.

Pursuant to the provisions of the IEPF Rules, the Company has uploaded the details of unpaid and unclaimed amounts lying with the Company as on 31 March, 2024 (as on the date of closure of previous financial year) on the website of the Company (www.electrosteel.com).

Transfer of Shares to the Demat Account of Investor Education and Protection Fund Authority

In terms of the provisions of Section 124(6) of the Act, read with the relevant Rules made thereunder, 82,508 Equity Shares of ECL and 27,557 Equity Shares of SW Unit (erstwhile Srikalahasthi Pipes Limited, which got merged with and into Electrosteel Castings Limited), in respect of which dividend was unpaid or unclaimed for the Financial Year 2016-17 and onwards, has been transferred to the Demat Account of the IEPF Authority maintained with National Securities Depository Limited, during the Financial Year 2024-25.

Further, the voting rights in respect of shares transferred to the Demat Account of the IEPF Authority shall remain frozen, until the rightful owner claims the shares. Members may note that shares as well as unclaimed dividend transferred to the IEPF Authority can be claimed back. Concerned shareholders are advised to visit <http://www.iepf.gov.in/IEPF/refund.html> for lodging claim for refund of shares or dividend from the IEPF Authority.

Further, the Company has initiated necessary action for transfer of all shares in respect of which dividend declared for the Financial Year 2016-17 and onwards has not been paid or claimed by the Members for 7 (seven) consecutive years or more. Members are advised to visit the web-link <https://www.electrosteel.com/investor/iepf-suspense-account.php>.

TRANSFER TO RESERVES

The Company proposes to retain the entire amount of profit in the Profit & Loss Account.

OPERATIONS

During the year under review, the production of Ductile Iron (DI) Pipes was 732,004 MT, as against 744,958 MT in the previous year. The production of Cast Iron (CI) Pipes was 41,431 MT in 2024-25 as against 33,769 MT in the previous year.

The financial year 2024-25 experienced many challenges in the form of highly buoyant demand at the start of the year to sluggish market scenario in the last six months of the year. This was coupled with stabilisation of plant operations at Khardah Works after major shut-down, blast furnace related issues at Srikalahasthi Works, etc. The Company, additionally added the second sinter plant and SDP (Small diameter pipe plant) to enhance the capacity at its Srikalahasthi Works & some more additions which are gradually getting stabilised. The lull in government spending on water related infrastructure, in particular, caused a major challenge as the demand & sales prices dropped to very low levels which is expected to pass away in next few months.

The Company produced DI Fittings & Accessories of 22,568 MT in 2024-25 as against 18,919 MT in 2023-24.

Report of the Directors (Contd.)

MATERIAL CHANGES AND COMMITMENTS

There has been no material changes and commitments affecting the financial position of the Company which have occurred between the end of the financial year of the Company to which the financial statements relate and the date of this Report other than as mentioned in the 'Operations' and 'Other Disclosures' sections of this Directors' Report.

There has been no change in the nature of the Company's business.

MANAGEMENT DISCUSSION AND ANALYSIS

The Management Discussion and Analysis Report forms an integral part of this Report and gives details of the industry structure, developments, opportunities, threats, performance and state of affairs of the Company's business, internal controls and their adequacy, risk management systems including a section on 'Risk Management' and other material developments during the Financial Year 2024-25, and is annexed as **Annexure 1**.

FUTURE PROSPECTS

India is entering a defining decade, with its economy, cities, and essential services undergoing transformational change. As the country moves steadily toward becoming a global economic powerhouse, parallel urbanisation and water infrastructure trends are shaping the lives of over a billion citizens. Here's a look at the trajectory India is expected to follow in the years ahead.

India is set to remain among the fastest-growing major economies globally. Analysts and multilateral agencies project a real GDP growth of 6.5–7.5% annually over the next five years. This growth is fuelled by young demographics, expanding digital capabilities, government-backed infrastructure and policy reforms.

With its vast and diverse population, India is a country of contrasts, rich in cultural heritage and natural resources, yet facing immense pressure on infrastructure and essential services. One of the most pressing issues is the growing demand for clean drinking water, driven by the country's disproportionately large population relative to its land area.

SHARE CAPITAL

The Authorised Share Capital of the Company is Rs. 103,02,00,000/- comprising of 103,02,00,000 Equity Shares of Re. 1.00 each. During the year under review, there has been no change in the Authorised Share Capital of the Company. The Issued, Subscribed and Paid-up Share Capital of the Company is Rs. 61,81,84,591/- comprising of 61,81,84,591 Equity Shares of Re. 1.00 each. During the year under review, the Company has not issued shares with differential voting rights. It has neither issued employee stock options nor sweat equity shares and does not have any scheme to fund its employees to purchase the shares of the Company.

CREDIT RATING

During the year, India Ratings and Research (Ind-Ra) has upgraded the Company's Long-Term Issuer Rating to 'IND AA' from 'IND AA-' and reaffirmed its rating on the short-term bank facilities as "IND A1+" with a Stable Outlook.

CRISIL Ratings has upgraded the Company's Long-Term Issuer Rating to 'CRISIL AA' from 'CRISIL AA-' and reaffirmed its rating on the short-term bank facilities as 'CRISIL A1+' with a Stable Outlook.

SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS / COURTS / TRIBUNALS

During the year under review, no significant or material order was passed by the regulators or courts or tribunals impacting the going concern status and the Company's operations in future except as mentioned below:

UV Asset Reconstruction Company Limited (UVARCL) had filed an application before National Company Law Tribunal (NCLT), Cuttack for initiation of Corporate Insolvency and Resolution Process (CIRP) against the Company although there

was no debt due by the Company. NCLT, Cuttack registry vide email dated 12 June, 2021 informed the Company about such filing. The Company immediately made relevant disclosure to the Stock Exchanges.

UVARCL is assignee to SREI Infrastructure Finance Ltd (SREI), one of the erstwhile lenders of Electrosteel Steels Limited now known as ESL Steel Limited (ESL) to whom the Company mortgaged its Elavur Land for securing debt of ESL. The Company has never extended any Corporate Guarantee for securing such debt, i.e., the Company was acting as third-party security provider to such lender.

ESL has been taken over by Vedanta Limited in the Financial year 2018-19 under the Insolvency and Bankruptcy Code. As per approved resolution plan of Vedanta, the entire admitted debt of ESL was paid and discharged in the form of cash and allotment of Equity shares of ESL.

NCLT, Cuttack vide order dated 24 June, 2022 pronounced its Order in favour of the Company by dismissing the application of UVARCL.

UVARCL filed an appeal before National Company Law Appellate Tribunal (NCLAT) against the Order passed by NCLT, Cuttack.

NCLAT vide order dated 24 January, 2024 upheld the judgment dated 24 June, 2022 of the NCLT, Cuttack Bench.

NCLAT's Judgement is challenged at Hon'ble Supreme Court by UVARCL and is presently pending before the Hon'ble Supreme Court.

INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS

The Internal Financial Controls with reference to the Financial Statements are considered to be commensurate with the size, scale and nature of the operations of the Company. The system encompasses the major processes to ensure reliability of financial reporting, compliance with policies, procedures, laws and regulations, safeguarding of assets and economical and efficient use of resources. There are Standard Operating Procedures (SOPs) in all functional activities for which key manuals have been put in place. The manuals are updated and validated periodically. Approval of all transactions are ensured through a pre-approved Delegation of Authority (DOA) schedule which is in-built into the SAP system, wherever required. DOA is reviewed periodically by the management and compliance of DOA is regularly checked by the Auditors. The Company's books of accounts are maintained in SAP and transactions are executed through SAP (ERP) setups to ensure correctness/effectiveness of all transactions and for integrity and reliability of reporting. There is adequate MIS (Management Information System) which is reviewed periodically by functional heads.

The Internal Auditor of the Company monitors and evaluates the efficacy and adequacy of internal control system in the Company, its compliance with operating system, accounting procedures and policies at all locations of the Company. The main thrust of internal audit is to test and review controls, appraisal of risks and business processes, besides benchmarking controls with best practices in the industry. Based on the Internal Audit Reports, process owners take corrective actions in their respective areas and thereby strengthen the controls. The Report is presented before the Audit Committee for review at regular intervals.

The Board of Directors at their meeting held on 31 July, 2024 had dissolved the Governance Committee with effect from 31 July, 2024.

Vigil Mechanism Policy

The Company has adopted Whistle Blower Policy and established a Vigil Mechanism in compliance with provisions of the Act and the Listing Regulations for the Directors and employees to report genuine concerns and grievances and leak/suspected leak of Unpublished Price Sensitive Information. This mechanism provides adequate safeguards against victimisation of employees and Directors and also provides for direct access to the Chairperson of the Audit Committee. The Company oversees the vigil mechanism through the Audit Committee of the Company. The said Policy is available at

Report of the Directors (Contd.)

the Company's website and can be accessed at

Nomination and Remuneration Policy

The Board has adopted a Nomination and Remuneration Policy recommended by Nomination and Remuneration Committee in terms of the provisions of Section 178 of the Act and Regulation 19 of the Listing Regulations, read with Part D of Schedule II thereto. The Policy governs the criteria for determining qualifications, positive attributes and independence of a Director and lays down the remuneration principles for Directors, Key Managerial Personnel and other employees.

The Policy aims to enable the Company to attract, retain and motivate highly qualified members for the Board, Key Managerial Personnel (KMP) and other employees. It enables the Company to provide a well-balanced and performance-related compensation package, taking into account shareholder interests, industry standards and relevant Indian corporate regulations. The policy ensures that the interests of Board members, KMP & employees are aligned with the business strategy and risk tolerance, objectives, values and long-term interests of the Company and will be consistent with the "pay-for-performance" principle and the remuneration to directors, KMP and employees and involve a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals. The policy lays down the procedure for the selection and appointment of Board Members and KMP and also the appointment of executives other than Board Members, compensation structure for Executive Directors, Non-Executive Directors, KMP and other employees.

The Nomination and Remuneration Policy is available at the Company's website and can be accessed at <https://www.electrosteel.com/admin/pdf/1608020082nominationRemunerationPolicy.pdf>.

Corporate Social Responsibility Policy

In accordance with the requirements of Section 135 of the Act, read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, as amended, the Company has a Corporate Social Responsibility ('CSR') Committee in place. The CSR Committee has formulated and recommended to the Board, the Corporate Social Responsibility Policy of the Company which has been approved by the Board. The Annual Report on CSR activities/initiatives which includes the contents of the CSR Policy, composition of the Committee and other particulars as specified in Section 135 of the Act, read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, as amended, are disclosed in **Annexure 4** to this Report.

Policy on Board Diversity and Succession Planning for the Board of Directors and Senior Management

A Policy on Board Diversity and Succession Planning for the Board of Directors and Senior Management as devised by the Nomination and Remuneration Committee is in place, to ensure adequate diversity in the Board of Directors of the Company and for orderly succession for appointments on the Board of Directors and Senior Management.

FORMAL ANNUAL EVALUATION OF PERFORMANCE

The Nomination and Remuneration Committee of the Board has formulated and laid down Criteria and Manner for Evaluation of Performance of the Board, its Committees and individual Directors pursuant to provisions of Section 178 of the Act and Listing Regulations. As per requirements of Section 134 of the Act, the manner in which formal annual evaluation has been made is disclosed below –

- A. The Board evaluated the roles, functions and duties performed by the Independent Directors (IDs) of the Company. Each ID was evaluated by all other Directors but not by the Director being evaluated. The Board also reviewed the manner in which IDs follow guidelines of professional conduct as specified in Schedule IV to the Act. The adherence to Section 149 of the Act, the aforesaid Schedule IV, the Listing Regulations and other applicable provisions of law by the IDs were also reviewed by the Board.

- B. Performance review of all the Non-Independent Directors of the Company was made on the basis of the activities undertaken by them, expectations of Board, level of participation, roles played by them, leadership qualities and their overall performance and contribution in the development and growth of the business and operations of the Company.
- C. The Board evaluated the performance of its Committees on the basis of the processes and procedures followed by them for discharging their functions and duties as per their respective terms of references and as assigned by the Board and laws applicable, their independence from the Board and on the effectiveness of the suggestions and recommendations made by them to the Board. The Board observed the size, structure and expertise of the Committees to be appropriate and in compliance with the Act and the Listing Regulations.
- D. The Board evaluated its own performance on the basis of its composition having the right mix of knowledge, skills and expertise required to drive organisational performance and conduct of its affairs effectively, monitoring of Company's performance along with the ability to understand and deal with factors having a significant bearing, developing suitable strategies and business plans at appropriate time and monitoring its effectiveness, implementation of policies and procedures for proper functioning of the Company, frequency of its meetings, efforts made by the Board Members to keep themselves updated with the latest developments in areas.

The evaluation of performance of Board, its Committees and of individual Directors was found to be highly satisfactory.

Meeting of Independent Directors: The Independent Directors of the Company have on 31 January, 2025 held a separate meeting without the attendance of Non-Independent Directors and members of the management for evaluation of the performance of Non-Independent Directors, the Board as a whole and Chairman of the Company and for consideration of such other matters as required under the provisions of the Act and the Listing Regulations.

DISCLOSURE RELATING TO REMUNERATION OF DIRECTORS, KEY MANAGERIAL PERSONNEL ('KMP') AND PARTICULARS OF EMPLOYEES

The statement pertaining to particulars of employees including their remuneration as required to be reported under the provisions of Section 197(12) of the Act, read with Rules 5(2) and 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 [including any statutory modification(s) or re-enactment(s) thereof, for the time being in force] (the Rules) are provided in **Annexure 5A** to this Report. However, as per the provisions of Section 136 of the Act, the Reports and Accounts for the Financial Year 2024-25 are being sent to the Members and others entitled thereto, excluding this statement. The said statement is available for inspection by the members at the Registered Office of the Company during business hours on working days up to the date of the ensuing Annual General Meeting. If any member is interested in obtaining a copy thereof, such member may write to the Company Secretary, whereupon a copy would be sent.

The disclosures as required under Section 197(12) of the Act, read with Rule 5(1) of the Rules are provided in **Annexure 5B** to this Report.

AUDITORS AND AUDITORS' REPORT

M/s. Lodha & Co. LLP, Chartered Accountants (Firm Registration Number: 301051 E/E300284), were appointed as the Statutory Auditors of the Company to hold office from the conclusion of the 67th Annual General Meeting ('AGM') till the conclusion of the 72nd AGM of the Company.

2. With respect to the Qualified Opinion expressed by the Auditors in their Report under para (b) under the head 'Basis for Qualified Opinion', attention is drawn to Note no. 9.1 of the Standalone Financial Statement, which are self-explanatory; and
3. On the Auditors' observation made in para (I)(a) of the Annexure A to the Auditors' Report of even date, your Directors wish to inform that all necessary steps are being taken to regularise the maintenance of proper records for furniture and fixtures.

During the year under review, the Auditors had not reported any fraud under Section 143(12) of the Act, therefore, no detail is required to be disclosed under Section 134(3)(ca) of the Act.

MAINTENANCE OF COST RECORDS AND AUDIT THEREOF

The Company is required to maintain cost records for Pig Iron, DI Pipe, DI Fittings, CI Pipe, Coke, Sponge Iron, Power Generating units and Ferro Alloy Products – Prime Silicon Manganese and Prime Ferro Silicon for every Financial Year, as specified by the Central Government under Section 148(1) of the Act, and accordingly, such accounts and records are made and maintained in the prescribed manner. Further, pursuant to Section 148 of the Act, read together with the Companies (Cost Records and Audit) Rules, 2014, as amended, the Company is required to carry out audit of the cost accounting records of the Company. M/s. S G & Associates (Firm Registration Number: 000138), Cost Accountants, and M/s. Narasimha Murthy & Co., Cost Accountants (Firm Registration Number: 000042) were appointed as the joint Cost Auditors of the Company for Financial Year 2024-25.

The Cost Audit Report for the Financial Year 2023-24 was filed on 23 August, 2024.

For Financial Year 2025-26, M/s. S G & Associates, Cost Accountants, and M/s. Narasimha Murthy & Co., Cost Accountants have been re-appointed as joint Cost Auditors for all the applicable units and products of the Company. The remuneration proposed to be paid to them for the Financial Year 2025-26 requires ratification of the shareholders of the Company. In view of this, the ratification for payment of remuneration to the Cost Auditors is being sought at the ensuing AGM.

SECRETARIAL AUDITOR

Pursuant to the provisions of Section 204 of the Act and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and amended Regulation 24A of the SEBI Listing Regulations, the Board has approved appointment of M/s. MKB & Associates, (Firm Registration No: P2010WB042700), a peer reviewed firm of Company Secretaries in Practice as Secretarial Auditor of the Company for a period of five years, i.e., from April 1, 2025 to March 31, 2030, subject to approval of the Shareholders of the Company at the ensuing AGM. The Report of the Secretarial Auditor for the financial year ended 31 March, 2025 is annexed herewith as **Annexure – 6**. The said Secretarial Audit Report does not contain any qualification, reservations, adverse remarks or disclaimer.

INTERNAL AUDITOR

In terms of the provisions of Section 138 of the Act, M/s. Chaturvedi & Co. (Firm Registration No: 302137E) were appointed as the Internal Auditor of the Company for the Financial Year 2024-25. The Audit Committee, in consultation with the Internal Auditor, formulates the scope, functioning, periodicity and methodology for conducting the Internal Audit. The Audit Committee, inter-alia, reviews the Internal Audit Reports.

The Board of Directors of the Company, at their Meeting held on 10 May, 2025 have re-appointed M/s Chaturvedi & Co. as the Internal Auditor of the Company for the Financial Year 2025-26 on the recommendation of the Audit Committee of Directors of the Company under the provisions of Section 138 of the Companies Act, 2013.

PUBLIC DEPOSITS

During the Financial Year 2024-25, the Company has not accepted any deposit within the meaning of Sections 73 and 76 of the Act, read together with the Companies (Acceptance of Deposits) Rules, 2014.

LOANS, INVESTMENTS, GUARANTEES & SECURITIES

The particulars of loans, guarantees and investments covered under the provisions of Section 186 of the Act are given in Note no. 53.1 to the Standalone Financial Statements of the Company.

ANNUAL RETURN

Pursuant to Section 92(3) read with Section 134(3)(a) of the Act, copies of the Annual Returns of the Company prepared in accordance with Section 92(1) of the Act read with Rule 11 of the Companies (Management and Administration) Rules, 2014 are placed on the website of the Company and is accessible at <https://www.electrosteel.com/investor/extract-of-annual-return.php>.

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT

The Business Responsibility & Sustainability Report as per Regulation 34 of the Listing Regulations, detailing the various initiatives taken by the Company on the environmental, social and governance front, is annexed as **Annexure 7** to this Report.

DISCLOSURE UNDER THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION & REDRESSAL) ACT, 2013

The Company has a zero-tolerance policy for sexual harassment in the workplace. It has adopted a comprehensive policy in line with requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013. In compliance with the provisions of the said Act, an Internal Complaints Committee is in place to redress complaints received regarding sexual harassment. The Company has not received any complaint of sexual harassment during the Financial Year 2024-25.

RELATED PARTY TRANSACTIONS

The Company has entered into contracts/arrangements with the related parties during the Financial Year 2024-25, which were in the ordinary course of business and on arm's length basis. Thus, provisions of Section 188(1) of the Act were not applicable on the Company and the disclosure in Form AOC-2 is not required. However, your attention is drawn to the Related Party disclosure in Note no. 53 of the Standalone Financial Statements.

The Board has approved a policy for Related Party Transactions which has been hosted on the website of the Company. The web-link for the same is electrosteel.com/admin/pdf/1608020034Related-Party-Transaction-Policy.pdf. The Related Party Transactions, wherever necessary, are carried out by the Company as per this Policy.

There were no materially significant related party transactions entered into by the Company during the year, which may have a potential conflict with the interest of the Company at large.

RISK MANAGEMENT POLICY

The Company has a well-established Risk Management Policy to identify and evaluate business risks. This framework seeks to create transparency, minimise adverse effect on the business objectives and enhance Company's competitive advantage. The key business risks identified by the Company are economic risk, competition risk, industrial risk, environmental risk, foreign exchange risk, payment risk and interest rate risk, etc., and it has proper mitigation process for the same. The Audit Committee reviews this policy and evaluates the risk management systems of the Company, periodically. A statement indicating development and implementation of Risk Management Policy for the Company including identification of elements of risk, if any, is provided as a part of Management Discussions & Analysis Report at

Annexure 1 which forms a part of this Report.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS & OUTGO

The prescribed particulars of Conservation of Energy, Technology Absorption and Foreign Exchange Earnings & Outgo required to be disclosed under Section 134 of the Act, read with Rule 8 of the Companies (Accounts) Rules, 2014, is annexed as **Annexure 8** and forms a part of this Report.

DISCLOSURE ON THE COMPLIANCE OF SECRETARIAL STANDARDS

The Company is compliant with the Secretarial Standards issued by the Institute of Company Secretaries of India on Meetings of the Board of Directors (SS-1) and General Meetings (SS-2).

OTHER DISCLOSURES

During the year under review:

- i) The Company had not entered into any one-time settlement with any Bank or any Financial Institution.
- ii) The Board of Directors at their meeting held on 9 November, 2023 had approved the proposal for setting up of a 12 TPD Rubber Gasket Plant at Punganur, Chittoor District, Andhra Pradesh. The commercial production for the above referred plant started from 28 November, 2024.
- iii) The Company had carried out a planned shutdown of its MBF production facility and all other units at Srikalahasthi Unit for 5 days from 19 August, 2024 to 23 August, 2024 for annual maintenance work.
- iv) The Company had also carried out a planned shutdown of its MBF production facility at Srikalahasthi Unit for 14 days from 26 December, 2024 to 8 January, 2025 for maintenance work.

ACKNOWLEDGEMENT

Your Directors record their sincere appreciation for the assistance and co-operation received from the banks, financial institutions, Government authorities, and other business associates and stakeholders. Your Directors also wish to place on record their deep sense of appreciation for the committed services by the Company's executives, staff and workers.

Management Discussion and Analysis Report

A. INDUSTRY STRUCTURE AND DEVELOPMENT

Overview

The Company is engaged in the business of manufacturing Ductile Iron (DI) Pipes, Ductile Iron Fittings (DIF) and Cast Iron (CI) Pipes. The Company is the first to set up a Ductile Iron Pipe Plant in India. Today, it is India's leading pipeline solution provider. It has a strong brand presence around the Globe. Since 1994, the Company has maintained its edge over its competitors. Owing to the high reliability and durability of its products, the Company has always remained the distinct choice for water engineers and domain experts in Ductile Iron Pipes and Fittings.

Industry Outlook

The Government of India has launched multiple ambitious programs to ensure universal and sustainable access to safe drinking water across rural and urban areas, most notably the Jal Jeevan Mission (JJM) and the Atal Mission for Rejuvenation and Urban Transformation (AMRUT).

While urban areas have relatively higher access, rural regions are rapidly catching up, thanks to the Jal Jeevan Mission. Launched in 2019, this flagship initiative aims to provide functional household tap connections to every rural home by 2024. JJM aims to provide Functional Household Tap Connections (FHTCs) to every rural household, focusing on community-led implementation, source sustainability, and real-time monitoring. The program has already covered around 70–75% of rural households and is on track to meet its target by another 3 years, although sustained operation and maintenance at the local level remain critical. The Union Budget 2024-25 allocated about Rs. 70,000 crore (approx.) for JJM. Funds under JJM are transferred to states based on approved project proposals, progress reports and matching contributions from the state's budget.

On the urban front, Atal Mission for Rejuvenation and Urban Transformation (AMRUT), launched in 2015 and upgraded to AMRUT 2.0 in 2021, strives for universal water supply and sewerage coverage in over 500 cities, incorporating SCADA systems, GIS mapping and circular water economy principles to enhance efficiency and reduce water loss. AMRUT 2.0 (from 2021 onwards) is envisioned with a higher outlay and aims for "Water Secure Cities" across all 4,378 statutory towns. AMRUT 2.0 has a total proposed budget of Rs. 2.87 lakh crore, spanning over a five-year implementation period, with additional state and private financing. AMRUT 2.0 focus areas include digital water management, household water tap connections, sewerage networks and reuse of treated wastewater.

Alongside these missions, initiatives like the Swachh Bharat Mission (SBM) and Namami Gange reinforce the water agenda by promoting wastewater management, sanitation and river rejuvenation.

All the above initiatives have provided robust growth for the DI pipe industry in the last few years and will continue to do so in the coming years.

Demand for Pipes Sewerage

The per capita consumption of pipes for sewerage application in India is much below the global average, and there is good scope for improvement. At present only about 30% of the sewage generated in India gets treated. Meanwhile, with rapid urban expansion, the sewage generation has witnessed an increasing trend. The government has been instrumental in introducing a plethora of initiatives and schemes over the past few years, which are partially funded by the Central

Management Discussion (Contd.)

Government such as AMRUT 2.0, Swachh Bharat Mission, Namami Gange Programme and Smart Cities Mission. The primary objective of these programmes is to enhance the country's wastewater and sewerage infrastructure. At present about 800 sewerage projects are on the anvil and many more to come. For sewerage pumping mains DI pipe is the best choice. Even for the gravity collection network, the use of DI pipes with High Alumina cement lining is increasing. So we expect sizable business to be generated in this sector.

« Demand for Water in Irrigation

India receives approximately 4,000 billion cubic meters (BCM) of rainfall annually, although only about 1,100-1,200 BCM is currently considered usable due to geographical constraints, evaporation, and infiltration losses.

Though irrigation in India is still largely done by canal-based irrigation, in recent years, a distinct shift towards piped irrigation is happening in many states. Piped irrigation has many advantages. It increases water efficiency as it reduces water loss due to seepage and evaporation compared to open channels. Water flows more quickly through pipes, improving irrigation speed and timing. Unlike canals, pipes take up less space, preserving more land for cultivation and also reducing the land acquisition problem. Pipes are less prone to weed growth, siltation, and damage from animals or people. Moreover, Pipes can be easily adapted to uneven or hilly landscapes. In many piped irrigation schemes, DI pipes are already used, and this trend is expected to grow further.

« Demand for Water for Industries

India's industrial expansion—encompassing sectors like manufacturing, power generation and chemical processing—has driven a steady increase in water demand, placing additional pressure on already stressed freshwater sources. In response, many industries are adopting comprehensive water management strategies, including wastewater recycling and zero-liquid discharge systems, both to reduce their water footprint and comply with stricter environmental regulations. This shift toward water efficiency is paralleled by a broader push for renewable energy, as industries seek low-carbon power solutions that minimize their overall environmental impact. Industry needs a reliable and uninterrupted water supply for effective operation and DI pipes perfectly fit there.

« Demand Drivers for DI Pipes

The following are the key demand drivers for Ductile Iron (DI) pipes:

1. Central schemes like Jal Jeevan Mission, AMRUT 2.0 and Smart Cities Mission are boosting pipeline investment across rural and urban India. This large-scale infrastructure push is fueling demand for durable, long-life ductile iron pipes.
2. The move to 24x7 urban water supply is driving replacement of ageing, leak-prone infrastructure with high strength, corrosion resistant DI pipes to improve reliability and cut non-revenue water.
3. Under its 2.0 phase, AMRUT focuses on universal water supply and adequate sewerage infrastructure for statutory towns. This mandate necessitates extensive high-diameter DI networks to meet demand.
4. Municipalities and water boards across India increasingly focus on non-revenue water (NRW) or unaccounted-for water (UFW) reduction which can be achieved by replacing of older cast iron, asbestos cement or PVC networks with DI pipes.
5. States expanding pipe-based irrigation systems for gravity or pumped distribution prefer DI pipes for mains and branches due to their robustness specially for large-scale irrigation.
6. Rapid industrialisation across factories, refineries and power plants is increasing need for high-strength, corrosion-resilient piping. DI pipes with cement-mortar or epoxy lining are ideal for pressurised process and cooling water lines.
7. Adoption of industrial wastewater recycling systems create demand for piping that can handle partially treated or chemically treated water. DI's strength and chemical resistance makes it a preferred choice.

8. Few river interlinking projects are being planned to transfer water from water-surplus regions to water-deficient regions, requiring durable, large-diameter pipelines over long distances. DI pipes are well-suited for such infrastructure scale.
9. Restrained-joint technologies like Electrosteel's Electrolock are gaining popularity, reducing reliance on concrete thrust blocks. These innovations enhance the stability and installation speed of DI pipe systems.

«« **FY 2024–25 vs. FY 2023–24**

The Company's Revenue from Operations was reported at Rs. 6745.88 Crore during the year under review as compared to Rs. 6938.01 Crore reported in the previous year. There was a decrease of around 8.74% in Export Sales from Rs. 1241.20 Crore in the FY 2023-24 to Rs. 1132.69 Crore in the FY 2024-25. The Company's profit in the FY 2024-25 was Rs. 712.12 Crore as against profit of Rs. 736.05 Crore in the FY 2023-24.

B. PRODUCT WISE PERFORMANCE

«« **Ductile Iron (DI) Pipes**

The Ductile Iron Pipe Plant, produced 732,004 MT of DI Pipes during the year 2024-25 compared to 744,958 MT in 2023-24. During the year while our Khardah Plant has achieved highest ever Production, Shrikalahasti Plant faced stabilization issues in MBF which impacted production by 13% over last year.

The Production decreased due to stabilization issues in Pipe Plants as well as reduced demand in Quarter 3 and 4.

The main raw materials used in the production of DI Pipes are Iron Ore and Coke. Iron Ore for Eastern India operation is mainly procured from Odisha and Jharkhand whereas, for Southern India, Iron ore is mainly procured from Karnataka. Coke is captively produced at Haldia for Eastern India operation and captively produced at Shrikalahasthi unit for Southern India operation. Coking coals are imported mainly from Australia. The DI Pipes produced by the Company are sold in India and globally to over 110 countries spreadover 5 continents.

«« **Blast Furnace**

The Blast Furnace has produced liquid metal of 752,500 MT during the FY 2024-25 compared to 728,338 MT in the FY 2023-24.

«« **Cast Iron (CI) Pipes**

The Cast Iron Pipe Plant, with a total capacity of 90,000 TPA produced 41,431 MT of CI Pipe during the Financial Year 2024-25 compared to 33,769 MT in the Financial Year 2023-24. Improved performance is due to favorable order book and market situation. The capacity utilisation was higher compared to previous year because of higher demand and unhindered condition for production.

The main raw material used in the production of CI Pipe is Pig Iron, which is obtained from domestic sources. The CI Pipe produced by the Company is sold mainly to the states in Southern India.

«« **DI Fittings & Accessories**

The Company produced 22,568 MT of DI Fittings in the Financial Year 2024-25 as against 18,919 MT in the Financial Year 2023-24.

«« **Power Plant**

The Company's newly installed 5 MW capacity Turbo generator at its Haldia Works using the potentials of generation of steam from the waste gases of Coke Oven Plant is functioning well and providing cheaper power support to enhance performance of Ferro Alloy Products at Haldia Works and is establishing overall environment & energy conservation improvement. In 2024-25, the new power plant has generated 32.29 million units (19.16 million Units in 2023-24).

Management Discussion (Contd.)

With old 12 MW power plant & new 5 MW Power Plant together, Haldia has generated 128.95 million units of power, out of which 21.05 million units were transmitted to SEB grid in 2024-25 as against 110.68 million units generation and transmission of 18.01 million units in 2023-24.

Khordah plant generated 28.57 Million units in 2024 -25 against 23.93 million units in 2023 -24.

During the year under review, at Srikalahasthi Unit, the power generation from both 12.0 MW and 7.5 MW CPPs put together was 157.99 million units as against 144.25 million units in the FY 2023-24.

« Captive Coke Oven Plant

The Coke Oven Plant, with a total capacity of 2,25,000 TPA at Haldia, produced 159,459 MT of Metallurgical Coke in 2024-25 against 148,158 MT in 2023-24, mainly for captive consumption in Blast Furnace at Khordah Works.

The Coke Oven Plant at Srikalahasthi unit, has produced 230,637 MT of Metallurgical Coke in 2024-25 against 211,998 MT in 2023-24, mainly for captive consumption in Blast Furnace.

« Ferro Alloy Plant

The Company's Ferro Alloy Plant at Haldia Works has produced Prime Silicon Manganese of 14,725 MT in 2024-25 against 13,847 MT in 2023-24. The production increased mainly due to power availability.

Ferro Alloy Plant at Srikalahasthi Unit has produced Prime Ferro Silicon of 13,294 MT in 2024-25 against 15,791 MT in 2023-24.

« Cement Plant

Cement Plant has produced Portland Slag Cement of 45,196 MT in 2024-25 compared to 56,620 MT in 2023-24. Due to sluggish market conditions particularly for Slag Cement and consequent lower contribution, cement production has been lowered down during the year under review. Ground Granulated Blast Furnace Slag (GGBS) has been produced by utilising the cement mills.

GGBS Production in 2024 -25 is 36,312 MT against 38,242 MT in 2023-24.

« Raw Materials Management

The Company's manufacturing facilities are spread across six locations in India. The Company sources over 60% of its essential materials such as iron ore lumps, fines, pellets, limestone, and manganese ore, directly from government-regulated mines. This ensures full visibility, traceability, and adherence to environmental and labour regulations throughout the supply chain.

The Company employs efficient in-plant raw material processes across its integrated facilities to enhance cost efficiency and quality control. The manufacturing facilities are also equipped with Waste heat recovery systems, which harnesses waste heat from the Coke Oven and Sponge Iron plants to generate electricity.

« Exports

In the FY 2024-25, the export market was under pressure due to various uncontrollable external factors including geo political crisis due to Russia – Ukraine war, instability in the Middle East, etc., leading to higher ocean freight and longer transit time and a general rise in protectionist policies worldwide.

Despite these headwinds, the Company and its brand maintained a strong reputation in the market, resulting in repeat orders from existing customers. This loyalty enabled the Company to navigate the difficult global environment effectively.

The Company is also focusing on breaking into new markets to compensate lower activities in the existing markets.

◀◀ **Quality and Approvals**

For over three glorious decades and counting, your Company has been steadfastly devoted to delivering products and services that embody world-class quality. This commitment is not just a principle—it's a promise. Guided by the philosophy of "Quality Right the First Time", the organization passionately pursues excellence to meet the expectations of stakeholder. The Company's products are certified by globally renowned and respected certifying bodies, like, BSI (UK), DVGW (Germany), UL (USA), FM (USA), BV (Italy), OVGW (Austria), IGH (Croatia), SASO (Saudi Arabia), SVGW (Switzerland), MEWRE & MPW (Kuwait), etc.

Esteemed auditors from across the globe, routinely grace your manufacturing units, conducting rigorous inspections as part of their surveillance audits. Most recently, representatives from BSI (UK), UL (USA), FM (USA), MPA NRW (Germany), OFI (Austria), and BV (Italy) scrutinized your facilities. We are delighted to announce that the organization, emerged from each audit triumphantly, with our systems and products reaffirmed as paragons of quality.

The Company is committed to ensure long term sustainability of the global system including environmental, social, economic and qualitative aspects over the entire life cycle of its products and services. Over the years, the Company proudly upholds maintenance of its Quality management system in accordance with ISO 9001, Environmental Management System as per ISO 14001, Energy Management System as per ISO 50001, Occupational Health and Safety as per ISO 45001 and complies Social Accountability requirements as per SA 8000. These systems are continuously validated by esteemed international auditing organisations.

OPPORTUNITIES AND THREATS

◀◀ **Opportunities**

- Ongoing government mega programs—AMRUT 2.0, Jal Jeevan Mission, 24x7 Water Supply and NRW reduction upgrades—continue driving demand for DI pipelines in urban and rural areas.
- Industrial growth, SEZs and irrigation modernization opened new markets for DI pipes in process cooling, wastewater reuse and pressurized water distribution.
- Export opportunities are expanding into Africa and Southeast Asia as Indian DI pipes gain global credibility.
- Technological innovation—push on/restrained joint systems and advanced linings-enhance DI viability in seismic, high pressure and specialized environments.
- Sustainable and ESG-aligned production (recycling, lower lifecycle carbon, certifications) strengthens both domestic and export competitiveness.
- Established brands like Electrosteel benefit from legacy, scale, backward integration and a strong presence across India and abroad.

◀◀ **Threats**

- Volatile raw material (iron ore, coke) and energy prices can sharply erode margins.
- Competition from lower-cost and lighter alternatives such as PVC, HDPE, MS, and concrete pipes, especially in small diameter or cost-sensitive applications, is rising.
- Project delays due to procurement, funding, logistics and global supply chain disruptions, can hinder sales momentum.
- Increasing environmental compliance and carbon/effluent regulations could raise capital and operating costs.
- Economic slowdowns, budget tightening or export market weakness may reduce infrastructure investment and external demand.

Management Discussion (Contd.)

- Market saturation and capacity expansion by competitors threaten existing producers' market share.

C. RISKS AND CONCERNS

This has been dealt with separately in the section on "Risk Management".

D. FINANCIAL PERFORMANCE

The highlight of the operations for the year ended 31 March, 2025 and 31 March, 2024 are as under:

a) Financials

(Rs. in Crore)

Particulars	Year ended 31 March, 2025	Year ended 31 March, 2024
Gross Sales & Income from Operations	6745.88	6938.01
Profit before Interest, Depreciation & Exceptional Items	1116.00	1245.87
– Finance Expenses	141.81	201.86
– Depreciation	127.47	114.32

Ferro Products	181.60	203.47
D.I. Fittings	322.15	278.64
C.I. Spun Pipes	308.76	212.03
Cement	0.51	1.92
Others	563.77	580.02

Other Financial Matters

During the year:

1. Net Worth of the Company increased to Rs. 5637.17 Crore as at 31 March, 2025 from Rs. 4991.89 Crore as at 31 March, 2024.
2. Gross Fixed Assets including Work in Progress & Capital Advances as at 31 March, 2025 increased to Rs. 4156.06 Crore from Rs. 4004.52 Crore as at 31 March, 2024.

E. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company's internal control systems are commensurate with the nature of its business and the size and complexity of operations. It ensures the efficiency of the operations, financial reporting and statutory compliances. These systems are reviewed through risk control matrix, various MIS wherever considered necessary. Apart from the internal control system,

an Independent Internal Auditor also reviews all activities in a systematic and structured manner. The Audit Committee regularly reviews scope, observations and suggestions of the Internal Auditors and takes the necessary corrective actions.

F. HUMAN RESOURCES AND INDUSTRIAL RELATIONS

The Company strongly believes that to achieve continual success, a dedicated and devoted workforce is very much required to get high performance and improved productivity. This has been endlessly encouraged by evolving human resource management systems and processes of the Company. The Company has left no stones unturned for enhancing the capabilities of employees across all levels of the Organisation through engagement and continuous learning and development programs. Further, the Company is strongly focused towards utilization of its manpower to the optimum level.

Cordial relationship and belief between the Management and Unions has resulted in smooth industrial relations during the year under review. The relationship has developed over the years and has played a significant role in smooth running of the Company. Not a single man day has been lost over decades because of any IR issue. Any issues/grievances are peacefully addressed and amicably settled through different processes, like, discussion across the table, counselling, workers' participation and collective bargaining on mutually acceptable terms. The Company sincerely strives to enhance and value knowledge capital by improving the competence of its employee and their prospective and optimum usage.

The Company has been accredited with Social Accountability 8000 certification from British Standard Institute (BSI). The SA 8000:2014 second & third surveillance audit was conducted successfully by BSI during the Financial Year 2024-2025 and recommended for continuation of the Certificate. The Company is taking initiatives to maintain TPM excellence on a continuous basis.

The total number of employees as on 31 March, 2025 is 3015.

« Safety & Health

Occupational Health and Safety (OH&S) Management System is a core priority in our Company to ensure a safe and healthy workplace. Our existing management system aligns with statutory compliance and proactively works to eliminate hazards, minimize OH&S risks, and achieve zero accidents and zero health impairments.

The system is consistently reviewed and improved through regular analysis, incorporating advancements in processes and technologies. Monitoring and compliance are ensured through MIS on a regular basis.

Key Initiatives by the Company:

➤ Hazard Identification and Risk Elimination:

A structured process has been established for identifying accidental hazards (HIRA) on a routine and proactive basis for both routine and non-routine activities. Safe Operating Procedures (SOPs), Kaizen, OPL and Poka-Yoke methodologies are utilized to reduce or eliminate risk levels.

➤ Workplace Risk Management:

A departmental/contractor-level safety risk register has been implemented to identify and eliminate workplace hazards. Safety committee meetings are conducted with the involvement of relevant departments for quick mitigation of high-level risks.

➤ Performance Monitoring:

The Company monitors all key OH&S performance indicators through a defined schedule. Outcomes are reviewed with concerned departments and corrective actions are taken accordingly.

➤ Emergency Preparedness:

On-site emergency plans and mock drills are conducted regularly. Evaluations are done post-drill to improve future emergency responsiveness.

Management Discussion (Contd.)

➤ **Health Check-ups:**

Periodic, pre-employment and follow-up health check-ups are arranged for all employees as per statutory norms. Health camps are also organized for ECL families and local communities under CSR initiatives.

➤ **Fall Protection:**

A lifeline system has been installed and implemented at the crane bay, on top of the shed and at the pipe stack. This initiative aims to protect personnel from falls while working at height, thereby fostering greater confidence among employees in a safe working environment.

➤ **Family Members Connect:**

A “Family Members Connect” program has been initiated to enhance safety awareness among employees’ families. This program aims to empower family members to guide and remind their relatives to maintain safety in the plant’s work areas.

➤ **Safety Training Programs:**

Extensive training (induction/shop floor/in-house/external) is conducted to improve safety skills and awareness. Training effectiveness is assessed via feedback mechanisms.

➤ **Plant Inspection Systems:**

Includes daily inspections, electrical and fire safety checks and scheduled safety walks by top management and OH&S teams. Any deviation from the standard is reported and reviewed in monthly safety meetings and MIS.

➤ **External Safety Audits:**

Safety audits by competent external authorities are conducted to assess the safety management system and feedback is implemented for continuous improvement.

➤ **Additional Measures & Employee Engagement:**

Employees’ families are encouraged to participate in awareness programs and counselling sessions. Efforts are made to increase their awareness about health, hygiene and safety.

➤ **Motivation of Employees:**

Regular motivation and communication efforts are taken to align employees with the goal of a safe workplace.

➤ **Safety Infrastructure Work:**

Initiatives have been taken to improve safety infrastructure, such as the installation of handrails at the crane bay, tray stand and pipe stand modifications. These actions aim to create a safer work environment and build safety confidence among employees.

Being an ISO 45001:2018 and SA 8000:2014 certified company, the Company is always maintaining good practices of OH&S system and always trying to improve to it in every sphere.

◀◀ **Environment**

The Company has transitioned from a conventional Environmental Management System (EMS) to Sustainable EMS. In response to the evolving environmental requirements at both national and international levels — including increasing regulations on greenhouse gas emissions, biodiversity protection, optimal use of natural resources and more — the Company has adapted its approach.

The Company has also updated its environmental policy by taking into consideration the changing global environmental scenario including climate change.

Key initiatives include:

- All operational activities are assessed through a detailed aspect-impact analysis, with mitigation plans in place for processes that have significant environmental implications.
- Air Pollution Control Systems are installed at all dust-generating points to comply with prescribed stack and fugitive emission standards. These systems are cleaned, inspected and monitored on timely basis to ensure optimal performance.
- Waste Heat Recovery System is implemented across various operations to improve energy efficiency and reduce fossil fuel consumption.
- 24x7 Continuous Emission Monitoring System (CEMS) is installed at key process stacks to monitor emission levels.
- Dust Suppression Measures to control airborne dust using mobile water tankers within the plant premises and on nearby roads is done regularly.
- Periodic Stack and Fugitive Emission Monitoring is carried out through NABL accredited laboratories recognized under the Environment (Protection) Act, 1986 to ensure emissions remain within permissible limits.
- Ambient noise levels are monitored in compliance with the statutory requirement, with results analysed to guide corrective actions.
- The Company has taken a target to achieve Zero Liquid Discharge from the plant premises, ensuring that all waste water is treated, recycled and reused within the plant. Effluent Treatment Plant (ETP) is being augmented accordingly.
- Infrastructure has been developed for rain water harvesting at different plants, supporting long-term water sustainability.
- Life Cycle Analysis (LCA) has been conducted on a gate-to-gate basis to identify environmental stress points and improve resource efficiency.
- Suitable Operational Control Procedures (OCP) have been developed to ensure safe handling and storage of hazardous and non-hazardous materials.
- Green Initiatives like year-round sapling plantation within and around the factory premises are taken up to enhance the green cover. Green belt of native plant species acts as a natural barrier to dust and noise. A biodiversity park has been developed at Khardah Works to preserve local flora and fauna.
- Regular environmental training programmes are conducted, ensuring employee awareness in Environmental Management practices and regulatory compliance.
- Environmental Awareness Events such as World Environment Day, World Earth Day and World Water Day are celebrated with employee and community engagement activities like quiz, drawing competition and plantation drives.
- A comprehensive energy management framework as per ISO 50001:2018 standard – Energy Management System is in place to improve energy efficiency, reduce fossil fuel dependency and control greenhouse gas emissions. This aligns with the UN Sustainable Development Goals (SDGs) and India's National Determined Commitments.

◀◀ **Waste Minimisation**

The Company's Waste Management Cell is dedicated to ensuring effective waste handling, storage and disposal, strictly in accordance with statutory regulations and in collaboration with Pollution Control Board (PCB) approved vendors.

Key waste minimisation strategies include::

- 4R Strategy (Reduce, Reuse, Recycle, Recover): A core principle of the Company's sustainable waste management practices.

Management Discussion (Contd.)

- Packaging waste materials are reused and recycled across various operational applications.
- Kitchen Waste is composted or converted into biogas for utilization.
- The Company has completely banned the use of Single Use Plastics (SUP) and plastic carry bags below 120 microns within plant premises. Awareness campaigns are conducted regularly to ensure compliance, in line with the Plastic Waste Management Rules, 2016.
- Process waste recycling for by-products such as iron ore fines, coke fines and lime fines are segregated & reprocessed through agglomeration, reducing the need for virgin raw materials.
- Technological upgradation by continuous innovation and investment in technology enhance waste reusability and recycling.
- Awareness campaigns such as posters and communication material are displayed throughout the premises to promote responsible waste handling and discourage the use of harmful plastic materials.

Being an ISO 14001:2015 certified organisation, the Company upholds a structured and systematic approach to environmental protection, ensuring sustainable development in balance with socio-economic needs.

« Corporate Social Responsibility ('CSR')

In recent times, companies are expected to engage in responsible business conducts. CSR activity, for Electrosteel, is a setup of planned activities, taking into consideration the capabilities of the Company with a target on the significant impact to inspire its local community and near vicinities. The initiative of the Company is to strengthen its operating foundation and being engaged in ongoing efforts to contribute to the society by enhancing corporate values.

The Company takes into account issues of concern related to external stakeholders and also various range of programs that aim at Social & Environmental topics. The Company's code of conduct anchors its Ethics & Compliance affairs. It also creates and implements community-based initiatives to solve issues in areas like education for children, environmental conservation and external cooperation keeping in mind the local culture & society.

« Electrosteel Initiatives

- ❖ Setting up of Drinking water kiosks in local area during the summer season.
- ❖ Providing assistance to promote local culture and festivals.
- ❖ Carrying out development work in local Schools & Sports Clubs to promote education & sports activities.
- ❖ Providing medical help through the Charitable Medical Centers.
- ❖ Motivating local poor but bright students and distribution of educational kits amongst school children.
- ❖ Arranging regular Blood Donation and Medical Camps through agencies and helping local people with Blood Cards as and when required.
- ❖ Distribution of Clothes / Blankets amongst poor people of local area.
- ❖ Providing financial help to needy people against their appeals.
- ❖ Engaging Employees through various Competitions, Sports Activities and Cultural programs.

The Company conducts its CSR activities based on the feedback from its employees, stakeholders, customers and the local community.

« Information Technology

The Company has further improved its security posture to mitigate information security risks by implementing Identity Threat Protection which safeguards the organization's user identities by detecting, preventing and responding to identity-based threats such as credential theft and account compromise. It leverages advanced analytics and AI-driven monitoring

to identify suspicious activities in real time. This proactive approach strengthens access controls, reduces unauthorized access risks and enhances overall cybersecurity resilience.

The Company is implementing location wise “End Point Backup Solution” for desktops/laptops in phased manner which ensures business continuity by protecting critical data on employee devices from loss due to accidental deletion, theft or ransomware attacks. It enhances data security, supports compliance and enables fast recovery, reducing downtime and protects user data thereby avoiding productivity loss.

G. DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

Debt Service Coverage ratio has improved from 1.20 times in the FY 2023-24 to 3.81 times in FY 2024-25, i.e., an improvement of 217% due to a decrease in interest cost on account of proper utilisation of funds and scheduled repayment of long term loans.

Interest Coverage ratio has improved from 6.15 times in FY 2023-24 to 7.10 times in FY 2024-25, i.e., an improvement of 15% due to reduction in interest cost of the Company.

Operating profit margin has reduced from 16.38% in FY 2023-24 to 14.71% in FY 2024-25, i.e., a reduction of 10% due to a marginal increase in raw material cost and decline in sales volume.

Net Profit Margin (%) witnessed a marginal decrease from around 10.66% in the FY 2023-24 to around 10.60% in the FY 2024-25, i.e., a decrease of 1%.

Return on Net Worth (%) witnessed a decrease from around 15.89% in FY 2023-24 to around 13.40% in FY 2024-25, i.e., a decrease of 16% on account of decline in sales volume.

No significant changes were noted in the other key financial ratios during the year.

	FY 2024-25	FY 2023-24	Variation
Debtors Turnover	4.10	4.81	-15%
Inventory Turnover	3.71	4.03	-8%
Current Ratio	1.73	1.63	6%
Debt Equity Ratio	0.32	0.40	-20%

H. OUTLOOK

Water security has emerged as a national priority in India, driven by rapid urbanization, population growth and growing concerns over water scarcity and quality. In response to the staggering challenge of ensuring universal access to clean drinking water, the Government of India launched Jal Jeevan Mission (JJM) — the largest water supply initiative ever undertaken globally. The mission aims to provide piped water connections to every rural household across the country and over 14 crore households have reportedly received tap connections. Parallely, the AMRUT (Atal Mission for Rejuvenation and Urban Transformation) initiative focuses on augmenting urban water supply and sewage management systems. To meet this surging demand for infrastructure, the Indian pipe and fittings market has witnessed robust growth, expanding at a compound annual growth rate (CAGR) of 10–12% for over a decade.

Under JJM, the government has committed an investment of Rs. 3.60 lakh crores by 2024. As of now, approximately Rs. 3.10 lakh crores have already been spent. However, several states still lag in providing universal household tap connections, indicating the need for continued and increased government investment in the near future. To address urban water supply needs, AMRUT 2.0 was launched on October 1, 2021, with a mission duration of five years (FY 2021-22 to 2025-26). This phase targets 500 AMRUT cities and 4,378 statutory towns, aiming to make them ‘water secure’ by ensuring water connections for all urban households. This second phase aims to make 500 major cities and 4,378 statutory towns water

Management Discussion (Contd.)

secure, ensuring 100% household water connections. The total financial outlay for AMRUT 2.0 stands at Rs. 2.99 lakh crores.

Driven by these nationwide programs, the Indian pipe and fittings industry has experienced sustained growth of 10-12% annually for over a decade. However, of late, the steady release of Government funds has not been as expected due to various reasons, including the recent geopolitical scenario. As a result there is a slow progress in both rural and urban infrastructure projects, which has decelerated the growth we had seen in the last five years. However we expect it to be a temporary phase and anticipate that the funding situation will become normal again. Given the gap between targets and achievements, further government funding and accelerated implementation efforts are anticipated in the next few years.

CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis Report describing the Company's estimates, predictions and expectations may be "forward-looking" within the meaning of applicable securities laws and regulations. Actual results may differ materially from those expressed or implied in the statement. Important factors that could influence the Company's operations include global and domestic demand and supply conditions affecting selling prices of finished goods in which the Company operates, input availability and prices, changes in government regulations, tax laws and other statutes, economic developments within the country and the countries within which the Company conducts business and other factors such as litigation and industrial relations. The Company assumes no responsibility to publicly amend, modify or revise any forward-looking statements on the basis of subsequent developments, information or events.

Risk Management

The Company has proper Risk Management and Control System to ensure that the risks of the Company are identified early and managed effectively. The risk and mitigation measures are weaved into strategic plans, backed by strong internal control system and are reviewed periodically. Values and Business Principles are important foundations of the internal environment for risk management. The main objective of Risk Management is to make sure that varied internal & external risks are managed & mitigated appropriately to protect the interest of all stakeholders which encompass, among others, proper compliances with applicable laws and regulations and ensuring overall safety in the organisations.

The Company has already undertaken an extensive Risk Management initiative that includes introducing Risk Management Manual, compiling a comprehensive profile of the key risks to the Company, identifying significant gaps in managing those risks and developing initial action plans to address those risks. The worldwide activities of the Company are exposed to varying degrees of risk and uncertainty, quite a few of which are external in nature. The Company has identified and categorised the risks associated with its business into Economic Risk, Competitor Risk, Industrial Risk, Environmental Risk, Foreign Exchange Risk, Payment Risk and Interest Rate Risk.

« Economic Risk

Economic risk can be described as the likelihood that the output of each plant will not produce adequate revenues for covering the relevant operating costs and servicing the debt obligations. The causes can be many, for instance, the hike in the price for raw materials, failure to accomplish delivery deadlines, disruptions in a production process, the change in political & geopolitical environment, change of Industrial/Government policies, litigation related issues, regulatory pronouncements, natural disasters, etc.

To counter this, the Company has already taken various steps to achieve higher operational efficiency by integrating its facilities including backward integration through brownfield expansions, (e.g., Sinter Plants, Sponge Iron Plants, Coke Oven Plants, Power Plants from waste heat recovery, Ferro Silicon Plants) and working on upgradation of equipment and technology to reduce the costs and increase the margins which includes upgradation and expansion of manufacturing capacities, exploring alternate sources for procurement of critical raw materials, managing resources to meet financial obligations more efficiently and increasing efforts on research and development. In addition, various cost control measures are being implemented as ongoing process.

To moderate the adverse effect of price volatility for critical items, the Company enters into bulk quantity contracts as well as keeps on exploring alternate sources of supply.

« Competitor Risk

The DI pipe domestic market is gradually becoming competitive with capacity expansions by both existing and the new entrants. The new capacity additions with new technology will have competitive cost advantages and may pose challenges at marketplace. The Company may face constraints in maintaining and growing its market share, particularly with substitute product like OPVC pipes.

However, the Company constantly evaluates the position of competitors from both marketing and strategic perspectives through the assessment of the strengths/weaknesses of each competitor. The commitment to ensure the highest quality of products, product enhancement efforts and global presence through its subsidiaries, have established the Company as the most preferred brand among the customers. With rising competition and narrowing demand-supply gaps, price

Management Discussion (Contd.)

wars are intensifying. ECL counters this by closely monitoring competitors, interacting with customers, focusing on innovation, cost optimization and using advanced technologies. As a pioneer and trusted brand in DI pipes, the Company enjoys strong customer preference and premium positioning with top contractors. Despite growing competition, strong government focus on water infrastructure and increasing demand in areas like piped irrigation gives the Company, the confidence in maintaining and increasing the sales volume and margins.

« Industrial Risk

The Company ardently believes in recognising its people's talent & their potentials as one of the major elements required for achieving success in this competitive market. In order to achieve this, the Company continues to pay earnest attention on human resource development by evolving a continuous learning human resource base to help them in improving their potentials and fulfilling their aspirations. It is essential to have employees engagement in various spheres to create a congenial, conducive and healthy work culture. In the process, the Company gives utmost priority to community services, sports, education and medical services to the employees as well as to the locality.

The Company undertakes development programme to enhance the competency of the employees by imparting required training to make them multi-skilled in their job.

The critical factors in smooth operation of the plant calls for inter alia maintaining good public relations and liaising with statutory bodies, labour unions, community and opinion makers. The Company, through its highly professional team of managerial personnel has been successful in maintaining an excellent industrial relationship over the years. As a consequence, the Company has been reaping the benefits by leaps and bounds over the years and expects continuing to do so over the coming years.

The Company is optimistic that with a team of loyal, devoted and dedicated workforce, the labour relationship will continue to strengthen further and play an important role in the growth and success of the Company.

« Environmental Risk

Environmental risk implies the probability of harm or adverse effects on environment resulting from human activities or natural phenomena. The risk encompasses a wide range of factors including pollution, deforestation, climate change, loss of biodiversity, depletion of natural resources, pandemic, etc.

The Company manages its environmental risks by implementing an effective Environment Management System as per ISO 14001:2015 standard.

Risk arising from the key characteristics of the environmental parameters like air emission, quality of effluent discharge, generation of high noise, spillage of chemicals causing for land and water contamination are well tackled by advanced mechanism of engineering techniques not only to mitigate the risk level but also to comply with the statutory requirements. To mitigate these risks further, new initiatives have been taken during the year for installation of continuous monitoring system for process stack emissions and ambient air quality.

Major actions were taken during the year to reduce water footprint of the organization; thus, reducing depletion of ground water resources.

The pathway mechanism for identification of environmental risk is done by determination of Environmental Risk Priority Number (ERPN) through aspect impact analysis which includes failure to detect, severity and consequence of occurrences arising from activities. Environmental Management system has a priority to reduce the risk level and also to explore potential benefit with implementation of new technology.

In conclusion, environmental risk brings a critical challenge in the recent times, threatening the health of ecosystems and societies worldwide. Addressing these risks require a paradigm shift towards sustainable development, with a focus on conserving natural resources, reducing pollution, mitigating climate change, and building resilience to environmental

hazards. By embracing innovation, collaboration, and collective responsibility, we can chart a course towards a more sustainable and resilient future, where environmental risks are minimized, and the well-being of present and future generations are safeguarded and committed to make the earth a better place for our future generations.

◀◀ **Foreign Exchange Risk**

Foreign Exchange Risk (also known as exchange rate risk or currency risk) is a financial risk posed by an exposure to unanticipated changes in the exchange rate between two currencies. Multinational businesses exporting or importing goods and services are faced with an exchange rate risk, which can have severe financial consequences if not managed appropriately. Considering the large volume of export of finished products and import of raw materials, the Company is exposed to the risk of fluctuation in the exchange rates while natural hedging plays a major counter-balancing role.

The Company has adopted a comprehensive risk management policy wherein it actively hedges its foreign exchange exposures within defined parameters, through use of hedging instruments, such as, forward contracts, options and swaps to minimize currency fluctuation risks. The Company periodically reviews its risk management initiatives and also takes expert advice on regular basis on hedging strategy.

◀◀ **Payment Risk**

Payment risk refers to the possibility of cash flow shortage on account of non-receipt or delayed or part receipt of payments from customers. For example, in case of inadequate or delayed payments, there are costs arising from transferring funds back, interest charges, replacement costs and other types of charges. In case of not receiving or receiving partial payments, there will be a principal loss including loss of reputation to the organization.

Due to the fact that major water infrastructure projects are either funded by the government or aided by foreign sources, the risk of cash flow shortage is relatively low. Moreover, stringent evaluation of creditworthiness of customers has reduced the risk of payment default. Also, the Company mitigates its risk through credit insurance, which covers the risk of non-receipt of export receivables, excluding from marketing subsidiaries. Notwithstanding, the Company has very limited history of customer default and considers the credit quality of trade receivables that are not past due or impaired to be good and closely monitors the credit cycle.

◀◀ **Interest Rate Risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to its long-term and short-term borrowings with floating interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

A. Materially significant related party transactions having potential conflict with the interest of the Company at large

There were no materially significant related party transactions which may have potential conflict with the interest of the Company at large. Details of related party transactions are presented in the Notes to the Financial Statements.

B. Details of Non-Compliance, Penalties/Strictures imposed by Stock Exchanges/SEBI or any Statutory Authority, on any matter related to Capital Markets during last 3 years

The Company has complied with the requirements of the stock exchange(s)/SEBI and statutory authorities on all matters related to capital markets during the last three years. There were no penalties or strictures imposed on the Company by the stock exchange(s), SEBI or any statutory authority in any matter related to capital markets except the following:

1. BSE Ltd. and National Stock Exchange of India Ltd have levied fine as per SEBI circular no. SEBI/HO/CFD/PoD2/CIR/P/2023/120 dated July 11, 2023 (Chapter-VII(A)-Penal Action for Non-Compliance), on account of one day delay in uploading voting results in XBRL format due to a temporary technical glitch. However, the signed copy of the voting results was uploaded within the stipulated time frame.

The Company has paid the amounts of fine on 28 February, 2025 under protest.

2. SEBI had passed a settlement order dated 20 February, 2025 in respect of 15 entities including certain promoters/promoter group entities, directors and key managerial personnel in connection with the Show Cause Notice dated 26 February, 2024 for the alleged violation of certain provisions of the SEBI (Prohibition of Insider Trading) Regulations, 2015 read with SEBI Act, 1992.

Settlement Applications were filed by the applicants proposing to settle, without admitting or denying the findings of fact and conclusions of law, the proceedings initiated vide the Show Cause Notice dated 26 February, 2024 by SEBI against the said Applicants, for the alleged violation of various provisions of the SEBI (Prohibition of Insider Trading) Regulations, 2015 and SEBI Act, 1992. With the passing of the settlement order, the proceedings that were initiated have been disposed of. Further, the settlement order stated that future proceedings in relation to the violations alleged in the said show cause notice might not be initiated by SEBI against the Applicants. The settlement order is available at this link on SEBI's Website: https://www.sebi.gov.in/enforcement/orders/feb-2025/settlement-order-in-the-matter-of-electrosteel-castings-limited_92045.html.

3. An adjudication order dated 31 March, 2016 had been passed by the Securities and Exchange Board of India ('SEBI') imposing a penalty of Rs. 50 Lakh under Section 23A(a) and Rs. 50 Lakh under Section 23E of the Securities Contract (Regulation) Act, 1956 on the Company for violation of Clause 36 of the erstwhile Listing Agreement, read with Section 21 of Securities Contract (Regulation) Act, 1956. The Company had filed an appeal before the Securities Appellate Tribunal ('SAT') against the said order. However, SAT, Mumbai, vide its order, has, inter alia, dismissed the said appeal filed by the Company and had directed the Company to deposit the penalty of Rs. 1 Crore with SEBI within 30 days thereof. Thereafter, the Company had filed a second appeal before the Hon'ble

Supreme Court of India. However, in the meantime, as a bona fide gesture, the Company had deposited the aforesaid penal amount of Rs. 1 crore, on 13 January, 2020 under protest and without prejudice to its rights under applicable laws. As on the date of this Report, the appeal was dismissed by the Supreme Court.

Except the above, no penalties/strictures were imposed on the Company by the Stock Exchanges or SEBI or any statutory authority, on any matter related to capital markets during the last three years.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

ELECTROSTEEL CASTINGS LIMITED

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **ELECTROSTEEL CASTINGS LIMITED** (hereinafter called “the Company”). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conduct/statutory compliances and expressing our opinion thereon.

The Company’s Management is responsible for preparation and maintenance of secretarial and other records and for devising proper systems to ensure compliance with the provisions of applicable laws and regulations.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of the secretarial audit and considering the relaxations granted by Ministry of Corporate Affairs and Securities and Exchange Board of India, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2025, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2025, to the extent applicable, according to the provisions of:

- i) The Companies Act, 2013 (as amended) (the Act) and the Rules made thereunder;
- ii) The Securities Contracts (Regulation) Act, 1956 and Rules made thereunder;
- iii) The Depositories Act, 1996 and Regulations and Bye-laws framed thereunder;
- iv) The Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct investment and External Commercial Borrowings;
- v) The Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (“SEBI Act”) or by SEBI, to the extent applicable:
 - a) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), 2015;
 - b) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 2011;
 - c) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - e) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - f) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993;
 - h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
 - i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018.

- vi) We, in consultation with the Company, came to a conclusion that no specific laws were directly applicable with regard to business activities of the Company during the period under review except that of the following:
- The Factories Act, 1948 and Rules;
 - The Explosives Act, 1884;
 - The Petroleum Act, 1934;
 - The West Bengal Fire Services Act, 1950.

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except that:

- the Board of Directors of the company did not comprise of fifty percent Non-Executive Directors for the period 28.08.2024 to 29.10.2024, pursuant to completion of 2nd term of 2 (two) Independent Directors.
- the Company had submitted the voting results of the Postal Ballot Notice dated 26.12.2024 to BSE Limited and National Stock Exchange of India Limited with a delay of 1 (one) day. BSE Limited and National Stock Exchange of India Limited has imposed a penalty of Rs. 11,800/- inclusive of GST each upon the Company for delayed submission of voting results for the Postal Ballot Notice dated 26.12.2024 and the same was paid by the Company.

We further report that:

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act and Listing Regulations.
- Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- None of the directors in any meeting dissented on any resolution and hence there was no instance of recording any dissenting member's view in the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, Securities and Exchange Board of India had issued a letter dated 05.08.2024 regarding conduct of contra trade to Mr. Chaitanya Agarwal, Mr. RR Das and Mr. Santanu Nandan Goswami, employees/designated persons of the Listed Entity. The Securities and Exchange Board of India had instructed the Listed Entity to impose a penalty of Rs. 25,000/- upon Mr. Santanu Nandan Goswami. The aforesaid penalty was paid by Mr. Santanu Nandan Goswami and the amount was transferred to the SEBI Investor Protection and Education Fund.

We further report that the shareholders through Postal Ballot on 13th April, 2024 have passed special resolution for re-appointment of Dr. Mohua Banerjee (DIN: 08350348) as an Independent Director of the Company for a term of 5 (five) consecutive years with effect from 08.02.2024, Form MGT 14 of which has not been filed yet. The Company has assured to file the same at the earliest.

*Note: The FY 2023-24 complaints data has been updated based on a subsequent review of records.

26. Overview of the entity's material responsible business conduct issues

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	GHG Emissions and Climate Change	Risk	Risk The ductile iron pipe & fittings production process involves energy-intensive processes primarily during the conversion of iron ore to iron or subsequent refining of the iron to finished ductile iron products. These operations are primarily powered by fossil fuels, leading to significant greenhouse gas (GHG) emissions. As a result, managing and reducing GHG emissions are critical environmental priorities for the organization.	ECL has commissioned an environment cell that prioritizes mitigating emissions with utmost importance adhering to ISO 14001 standards. The Company has implemented a 12 MW power plant at the Haldia CDM (Clean Development Mechanism) project, enabling power generation through waste heat and significantly reducing GHG emissions. This project is also registered under the United Nations Framework Convention on Climate Change (UNFCCC) as a CDM project. Environment compliance reports are submitted annually to the respective pollution control boards for monitoring progress and transparency.	Negative
2	Energy Management	Risk & Opportunity	Risk: The manufacturing processes of our products, such as ductile iron and cast-iron pipes and fittings, require energy, which is sourced from captive power plants and the grid. Optimizing energy is key to ensuring efficient production, reducing costs, and improving financial stability. Opportunity: Implementing energy-efficient technologies and processes to reduce energy consumption per unit of output also results in improved overall efficiency.	The Company's Khardah units are certified with the ISO 50001 energy management system (EMS) which enhances energy performance, increases energy efficiency, and reduces energy costs, thereby contributing to sustainability goals and reducing environmental impact. ECL, across facilities, has implemented initiatives to reduce fuel and electricity usage, harnessing waste gases, and enhancing renewable energy capabilities.	Positive & Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
3	Water Management	Risk/ Opportunity	Risk: The manufacturing process require water as a key input. Ineffective water management can lead to non-compliance, impacting the Company's operations and creating reputational risks as well as ecological impacts on the water level in the surrounding region. Opportunity: Implementing water-saving measures not only reduces costs but also enhances compliance and reputation. Strong water management practices can attract environmentally conscious stakeholders, offering a competitive edge.	The environment management cell actively engages in implementing measures to minimize water consumption and prevent water wastage. The Company has set up a state-of-the-art effluent treatment plant (ETP). Additionally, it conducts regular effluent water analysis to ensure compliance, and reports are submitted to the authorities. At one of the facilities, the Company collects sewage water from the municipality. This wastewater undergoes treatment through a sewage treatment plant (STP) and is utilized in the production process. This recycling initiative has resulted in significant conservation of freshwater resources.	Positive & Negative
4	Waste Management	Risk & Opportunity	Risk: The manufacturing process generates both hazardous and non-hazardous waste. Improper management of this waste can lead to negative environmental impacts, affect the work-force, and can harm nearby communities, potentially resulting in non-compliance with regulations. Opportunity: Implementing efficient waste management practices can lead to cost savings through reduced disposal costs and increased efficiency in resource utilization. Further, it ensures that the Company remains compliant with environmental regulations.	The Company's facilities are ISO 14001-certified, and it has adopted a systematic waste management method to ensure that waste materials are properly handled, stored, and disposed of. Most of the process waste generated during operations can be reprocessed and utilized as raw materials to manufacture different products. Hazardous waste such as used oil/waste lubricating oil, zinc dust, and used batteries are stored and disposed of by authorized recyclers in accordance with CPCB/SPCB rules.	Positive & Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5	Health & Safety	Risk & Opportunity	Risk: The manufacturing process is exposed to hazards, including occupational health risks such as exposure to high temperatures and machinery accidents. Failure to address these risks can result in injuries and adversely impact the Company's reputation. Opportunity: Prioritizing employee health and safety enhances morale, boosts productivity, and improves retention rates.	The Company's facilities are ISO 45001 certified, and it is committed to creating and maintaining a culture of high safety. The Company regularly conducts health and safety assessments, mock drills, training awareness sessions, and health check-ups for its employees and workers. To ensure safety, the workers are provided with necessary PPE based on the risks they are exposed to in their operations.	Positive & Negative
6	Community Support and Corporate Social Responsibility	Opportunity	The Company's vision extends beyond pioneering technology and innovation, embracing a holistic approach to societal impact. This provides an opportunity to actively engage in Corporate Social Responsibility (CSR) programs in the areas of education, and community development, health and safety. This commitment under scores the Company's dedication to creating positive change and fostering a better future for all. This enables building a positive image for the Company and fosters harmonious relations.	–	Positive

7	Human Rights	Opportunity	The Company fosters a fair, safe, and inclusive workplace. It complies with all applicable labour laws and has implemented a Social Accountability Policy across its facilities, with three units certified under SA 8000. By promoting ethical practices and social responsibility, including regular trainings on human rights, POSH, and inclusion of differently abled individuals, the Company strengthens employee trust, enhances workplace culture, and builds long-term stakeholder confidence.	–	Positive

Governance, leadership and oversight																			
7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements. At Electrosteel Castings Limited, we believe that true growth is only meaningful when it’s responsible and inclusive. This year, we continue to take purposeful steps—transitioning our furnaces to cleaner Blast Furnace Gas, expanding our 12 MW waste heat recovery system, and conserving over 17 lakh kilolitres of water by recycling municipal sewage through advanced treatment plants. Our certifications under ISO 50001, 14001 and 45001 reflect not just compliance, but a deep commitment to energy efficiency, environmental care and workplace safety. We take pride in our SA 8000-certified facilities that promote fairness and dignity for every worker. Our products now serve over 110 countries and we continue to build strong relationships with our partners through sustainable procurement practices. These efforts are possible because of the trust and dedication of our people—employees, customers, communities and stakeholders—who inspire us to keep moving forward. Together, we are shaping a future that’s not just efficient, but ethical and enduring. - Sunil Katial, Whole-time Director and Chief Executive Officer

3. Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed.

Case Details	Name of the regulatory/ enforcement agencies/ judicial institutions
N.A.	

4. Does the entity have an anti-corruption or anti-bribery policy

Yes, ECL has an anti-corruption and anti-bribery (ACAB) policy and has measures in place to prevent such misconduct. Additionally, the ACAB policy explicitly mentions the prohibition of bribery or any form of undue advantage to gain business benefits, directly or indirectly. Strong processes exist for monitoring and taking disciplinary actions if there are any violations of this policy.

The policy is available at: <https://www.electrosteel.com/admin/pdf/385692356-Electrosteel-Antibribery-Policy.pdf>

8. Number of days of accounts payables ((Accounts payable *365) / Cost of goods/services procured) in the following format:

	FY 2024-25	FY 2023-24
Number of days of accounts payables	31	33

Note: Accounts payable table has been updated based on the definitions provided for purchases, as per the ISF Guidance.

9. Open-ness of business

Provide details of concentration of purchases and sales with trading houses, dealers, and related parties along-with loans and advances & investments, with related parties, in the following format:

Parameter	Metrics	FY 2024-25	FY 2023-24
Concentration of Purchases	a. Purchases from trading houses as % of total purchases	24.02%	21.98%
	b. Number of trading houses where purchases are made from	1253	1197
	c. Purchases from top 10 trading houses as % of total purchases from trading houses	49.59%	44.86%
Concentration of Sales	a. Sales to dealers / distributors as % of total sales	0.83%	1.30%
	b. Number of dealers / distributors to whom sales are made	49	48
	c. Sales to top 10 dealers / distributors as % of total sales to dealers / distributors	88.88%	85.93%
Share of RPTs in	a. Purchases (Purchases with related parties / Total Purchases)	0.17%	0.18%
	b. Sales (Sales to related parties / Total Sales)	15.59%	16.49%
	c. Loans & advances (Loans & advances given to related parties / Total loans & advances)	–	–
	d. Investments (Investments in related parties / Total Investments made)	42.09%	23.75%

Note: Openness of business table has been updated based on the definitions provided for purchases, sales and RPTs in the ISF Guidance (as per SEBI circular).

We have revised the data for FY-2023-24 based on ISF Guidance for better comparability of the data.

Business Responsibility & Sustainability Report (Contd.)

Leadership Indicators

1. Awareness programmes conducted for value chain partners on any of the principles during the financial year:

Total number of awareness programmes held	Topics / principles covered under the training	% age of value chain partners covered (by value of business done with such partners) under the awareness programmes
NIL		

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/ No) If yes, provide details of the same.

Yes, the Company has processes in place to avoid and manage the conflict of interest involving members of the Board. The processes are outlined in the Code of Conduct that prohibits engagement in any business or activity conflicting with the Company's interests. The Code ensures that directors and senior management members avoid activities or engagements that may interfere with their duties or prejudice the Company's interests, as well as activities that impede objective or independent work. Additionally, it prohibits the receipt of personal benefits by directors or senior management, including their families, and activities that hinder their ability to devote appropriate time and attention to responsibilities. These measures aim to uphold integrity and prevent conflict of interests within the entity's governance structure.

PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE

Essential Indicators

- 1 Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY 2024-25	FY 2023-24	Details of improvements in environmental and social impacts
R&D	–	–	–
Capex	1.73%	2.13%	The Company has invested installation Sewage Treatment Plant (STP) & Effluent Treatment Plant (ETP). Further the Company has expanded its renewable electricity at its KW & BW facilities during the current financial year.

2. a. Does the entity have procedures in place for sustainable sourcing?

The Company is dedicated to sourcing its raw materials responsibly, guided by its sustainable procurement policy. This policy prioritizes social, economic, and environmental considerations across the entire supply chain. As per the SA8000 system, the Company conducts periodic audits of its supplier's sustainability credentials. The Company expects its supply chain partners to adhere to the same ethical standards of sustainability in their business operations and encourages suppliers to follow the principles and practices outlined in the sustainable procurement policy. Approximately more than 60% of the Company's raw material requirements such as iron ore lumps, iron ore fines, iron ore pellets, limestone, and manganese ore—are fulfilled through direct procurement from government-regulated mines. This approach enhances transparency, ensures traceability, and promotes

compliance with applicable environmental and labour regulations, thereby reinforcing responsible value chain practices in the iron and steel sector.

b. If yes, what percentage of inputs were sourced sustainably?

Approximately ~60% of the input raw materials are procured from mines. Further, the company has assessed its 14% of supplier based on SA8000 guidelines.

Please refer to the policy by following link:

<https://www.electrosteel.com/admin/pdf/18562356-Electrosteel-Sustainable-Procurement-Policy.pdf>

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

Not applicable, as the lifespan of ductile iron pipes extends beyond 100 years. The product comprises mainly of iron and cement mortar. The iron component can be recycled at the end of the product's lifecycle, contributing to resource conservation and environmental responsibility.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, the EPR is applicable for the entity and the activities are in compliance with CPCB.

Leadership Indicators

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

Yes, we have conducted LCA-EPD assessments for three product categories, covering 16 types of our products.

NIC Code	Name of Product / Service	% of total Turnover contributed	Boundary for which the Life Cycle Perspective/ Assessment was conducted	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/ No) If yes, provide the web-link
24311	Ductile Iron Pipes & Fittings (C25, C30, C40- pressure class)	84.3%	Cradle to gate (A1 A3) + EoL options (C1 C4, D)	Yes – Sphera Solutions	No (internal report)

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

Sr. No.	Name of Product / Service	Description of the risk / concern	Action Taken
1	Ductile Iron Pipes & Fittings	There are no significant social or environmental risks arising from the production or disposal of the product. However, it is recognized that iron and steel manufacturing is inherently energy-intensive, with considerable reliance on fossil fuels and water resources.	The Company has adopted waste-heat recovery systems, increased the use of scrap material, and shifted to renewable electricity to reduce its GHG footprint. These steps help lower energy consumption and emissions during production.

Business Responsibility & Sustainability Report (Contd.)

3. **Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).**

Indicate input material	Recycled or re-used input material to total material	
	FY 2024-25	FY 2023-24
Coke, Iron fines, Metal Scrap, MG Dust & Flue Dust	9.50%	8.34%
Burnt Coke	13.0%	–

4. **Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:**

	FY 2024-25			FY 2023-24		
	Re-Used	Recycled	Safely Disposed	Re-Used	Recycled	Safely Disposed
Plastics (including packaging)	Not applicable, as the lifespan of ductile iron pipes extends beyond 100 years. The product comprises mainly of iron and cement mortar. The iron component can be recycled at the end of the product's lifecycle, contributing to resource conservation and environmental responsibility.					
E-waste						
Hazardous waste						
Other waste						

5. **Reclaimed products and their packaging materials (as percentage of products sold) for each product category.**

Indicate product category	Reclaimed products and their packaging materials as % of total products sold in respective category
Not applicable, as the lifespan of ductile iron pipes extends beyond 100 years. The product comprises mainly of iron and cement mortar. The iron component can be recycled at the end of the product's lifecycle, contributing to resource conservation and environmental responsibility.

***Note:** The reduction in the percentage of workers covered under ESI in FY 2024–25 is due to an increase in workers' salaries, placing a significant portion of the workforce above the statutory wage threshold for ESI applicability.

3. Accessibility of workplaces

Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

While all the Company premises may not be fully compliant with the Rights of Persons with Disabilities Act, 2016, the Company actively responds to the needs of differently-abled employees by providing assistance whenever required.

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy..

The Company has implemented a social accountability policy, and three of its facilities are SA8000 certified, demonstrating adherence to international standards of ethical workplace practices. This certification demonstrates compliance with critical performance criteria, which include ensuring the prohibition of child and forced labour,

Business Responsibility & Sustainability Report (Contd.)

providing a safe and healthy work environment, respecting workers' rights to association and collective bargaining, and enforcing a non-discriminatory workplace. This commitment reflects the Company's dedication to maintaining not only legal standards but also a moral stance in promoting ethical and fair working conditions.

Yes, the Company's occupational health and safety management system is aligned with ISO 45001:2018 standards. Several initiatives have been implemented to achieve the Company's objective of zero-harm working environment and zero health impairments to all employees and workers. The Occupational Health and Safety (OHS) system covers all operational facilities, supporting functions (e.g., maintenance, logistics, laboratories), and administrative offices. It applies to full-time and part-time employees, contract workers, on-site service providers, and visitors. Risk assessment and hazard control, supported by regular assurance initiatives and prompt corrective measures, are key elements of the system.

The Company conducts regular training and awareness programmes on health and safety. Pre-employment and periodical medical check-ups are also conducted for its employees and workers. Third-party safety audits are conducted at all the facilities.

Business Responsibility & Sustainability Report (Contd.)

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

The Company employs various processes to identify work-related hazards and assess risks on both routine and non-routine basis. All safety committees actively engage staff and worker representatives to identify workplace hazards and develop corrective actions within specified time frames. For each process, a trained team assesses and determines the risk.

The Company has implemented the Japan Institute of Plant Management (JIPM) Total Productive Maintenance TPM methodology, specifically using the KYT (Danger Prediction Drill) as a continuous improvement tool to enhance the safety consciousness among workmen and supervisors. Mitigation includes proactive measures, such as safe operating procedures, Kaizen, Pokayoke and Safety Assurance Perfect Line (SAPL). The company also uses departmental and contractor safety risk registers to identify and eliminate work-related hazards. Employees receive training to recognize and report hazards, relaying any issues to their immediate supervisor. Policies are in place to safeguard against retaliation for reporting hazards. Senior officials conduct plant inspections to detect deviations from standard safety practices and to address them promptly. These inspections also serve as opportunities to explore and implement advanced technologies recommended for eliminating safety risks in the workplace. No retaliatory actions are taken against workers who report incidents or take steps to protect themselves and their colleagues. Additionally, the company adheres to the standards set by SA 8000:2014.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

Yes, the Company has established procedures that enable workers to promptly report work-related hazards. Workers are encouraged to use various channels for reporting, and once reported, these hazards are promptly investigated. They have the right to remove themselves from unsafe situations without fear of reprisal. Regular training reinforces these procedures, fostering a proactive safety culture.

5. **Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.**

ECL has implemented Zero Liquid Discharge (ZLD) at its Srikalahasthi Works (SW) facility. At the Khardah facility, three large ponds collect rainwater and all process blow-down water, which is then reused in the manufacturing process. Excess water is used for dust suppression and gardening purposes. The Company ensures that all process water is treated and safely discharged at its remaining units.

6. **Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:**

Parameter	Please specify unit	FY 2024-25	FY 2023-24*
NOx	Tonnes	353.73	301.51
SOx	Tonnes	438.66	387.35

Volatile organic compounds (VOC)	NA	–	–
Hazardous air pollutants (HAP)	NA	–	–
Others– please specify	NA	–	–

*Note: The previous year's data has been updated to align with the current year's reporting in unit of measurement.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? No

7. **Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:**

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	21,36,221	19,48,504
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	2,68,604	2,59,668
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	MT CO ₂ e/ INR Lakh revenue	3.56	3.18

Total Scope 1 and Scope 2 emission intensity in terms of physical output	MTCO ₂ e/ MT production output	2.58	2.73
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity		–	–

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? – No

Business Responsibility & Sustainability Report (Contd.)

8. Does the entity have any project related to reducing Green House Gas emission?

If yes, then provide details.

Yes, the Company has undertaken the following measures, building on initiatives established in the previous year, to further reduce GHG emissions.

- A 15 kW on-grid solar panel has been installed at Haldia to partially support the canteen load, and further expansion at Khardah has increased the total additional installed solar capacity to 54 kW on a year-on-year basis, resulting in an additional 30MWh of green electricity.
- Conducted Energy Audit at three plants (Haldia, Srikalahasthi, and Khardah) to identify energy consumption hotspots to implement efficiency and reduction initiatives according to the PAT cycle. Specifically, at the Khardah, the audit involved water and waste metrics as well.
- Conducted Life Cycle Assessment (LCA) for approximately 15 products to identify GHG footprint and initiate energy and water conservation measures aimed at reducing embodied emissions.
- Captive power generation through waste heat recovery from coke ovens and utilization of blast furnace gas, reducing dependence on additional energy sources. Sensible heat from annealing furnace flue gas is also being effectively recovered for steam generation. Additionally, blast furnace gas is used as a fuel across multiple processes, including heat treatment, sinter making, and preheating applications. These integrated measures have led to process-level reductions in CO2 emissions by minimizing fossil fuel use and optimizing energy recovery.
- A mechanized waste management system has also been implemented in the Fitting and Foundry works to control fugitive emissions, replacing the earlier manual waste sand and dust disposal method.

9. Provide details related to waste management by the entity in the following format:

Parameter	FY 2024-25	FY 2023-24
Total Waste generated (in metric tonnes)		
Plastic waste (A)	86	34
E-waste (B)	5	3
Bio-medical waste (C)	0.08	0.03
Construction and demolition waste (D)	270	1,150
Battery waste (E)	6	234
Radioactive waste (F)	–	–
Hazardous waste. Please specify, if any. (G)		
Hazardous waste (ETP sludge, discarded containers/barrels, flue dust, GCP sludge/ residue, waste oil, Zinc dust, contaminated oil, refractory waste, etc)	27,133	30,862
Other Non-hazardous waste generated (H). Please specify, if any.		
Non – hazardous waste (metal scrap, cement slurry, coke fines, iron ore fines, slag, charcoal, ash, burnt core sand, canteen and other solid waste etc)	5,79,426	5,15,154
Total (A+B + C + D + E + F + G + H)	6,06,926	5,47,437
Waste intensity per Lakh of turnover (Total waste generated / Revenue from operations)	0.90	0.79
Waste intensity per Lakh of turnover adjusted Purchasing for Power Parity (PPP) (Total waste generated / Revenue from operations adjusted for PPP)	18.59	18.05
Waste intensity in terms of physical output per MT	0.65	0.68
Waste intensity (optional) – the relevant metric may be selected by the entity	–	–

For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)		
Parameter	FY 2024-25	FY 2023-24
Category of waste		
(i) Recycled	90,729	1,91,097
(ii) Re-used	1,05,741	–
(iii) Other recovery operations	19,214	–
Total	2,15,684	1,91,097
For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)		
Category of waste		
(i) Incineration	5	232
(ii) Land filling	11,985	44,723
(iii) Other disposal operations (Sent to Authorised vendors)	3,71,708	3,09,196
Total	3,83,697	3,54,151

Note: In the current year, ETP sludge generation was minimal, as the ETP was not operated at one of the facilities; only neutralization and subsequent reuse of wastewater for evaporation were carried out. All other waste streams (e.g., oil filters, discarded containers/barrels, slag, slurry) have been consolidated and reclassified into hazardous and non-hazardous categories per CPCB guidelines & BRSR framework, and updated accordingly in our reporting format. This reclassification is driven by our efforts to streamline material disclosures and align with ISF guidance and industry norms.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) – No

10. **Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.**

The Company has aligned itself with the ISO 14001 environmental management system and has established standard operating procedures for handling hazardous and non-hazardous waste. All units have dedicated waste management systems in place. Each respective division collects and segregates the waste, storing it in designated locations. Major hazardous waste, such as zinc dust, is sent to authorized recyclers with a complete manifest system. Bitumen waste is collected safely and reused in the process, avoiding disposal. Other hazardous wastes are accumulated and disposed of according to a 90-day schedule with SPCB/CPCB authorized vendors. Hazardous and non-hazardous waste is recorded in SAP software to ensure accuracy and tracking.

In an effort to minimize the use of hazardous and toxic chemicals in products and processes, the Company adheres to Operation Control Procedures (OCP) and complies with legal directives. Further, plant inspections are conducted for hazardous waste and chemical handling compliance. These measures aim to reduce environmental impact and ensure responsible chemical management throughout the Company's operations.

11. **If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:**

Not Applicable, as none of the Company's facilities are located near ecologically sensitive areas.

S. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval/ clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
Not Applicable			

12. **Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:**

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
Nil					

13. **Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment Protection Act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:**

The Company is in compliance with all applicable environmental laws/ regulations/ guidelines in India.

S. No.	Specify the law / regulation/ guidelines which was not complied with	Provide details of the non- compliance	Any fines / penalties/ action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
Not Applicable				

Leadership Indicators

1. **Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):**
For each facility / plant located in areas of water stress, provide the following information:
- Name of the area
 - Nature of operations

(iii) Water withdrawal, consumption and discharge in the following format:

Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in Kilolitres)		
(i) Surface water	Not Applicable

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency – No.

Business Responsibility & Sustainability Report (Contd.)

2. Provide the details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	-	-
Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO ₂ equivalent		
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity	Metric tonnes of CO ₂ equivalent		

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency – No

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Not Applicable

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

S. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1.	Replacement of Conventional Lights	Energy-efficient LED lighting installed at Bansberia Works in a phased manner. Final phase (116 units) completed this year.	Saved approx. 6,500 kWh/month this year; 20,000 kWh/month saved in previous year.
2	Automation of Ladle Heating System	Ladle Heating System automated at Haldia Fittings Plant to reduce LDO consumption.	Estimated LDO savings of ~5 KL/year.
3	Replacement of Burners	Energy-efficient two-stage LDO burners installed in Coating Line at Khardah Works.	Estimated ~25% reduction in fuel consumption.
4	Installation of VVVF Drives in Cooling Fans	VVVF Drives implemented at Khardah Works DIW & Haldia CPP for cooling tower fans.	Estimated 30% savings in electricity consumption for these applications.
5	Tertiary Effluent Plant	Installation of a tertiary effluent treatment plant is in progress.	Expected water recovery: 150 KLD.
6	Sludge Handling – Filter Press	Filter press installation for cement sludge management is in progress.	1. Improved wastewater recovery. 2. Enhanced sludge handling efficiency.
7	Sewage Treatment Plant (STP)	Installation of STP is in progress.	Expected water recovery: 30 KLD.
8	Biogas Generation from Food Waste	Biogas plant is under installation to process ~400 kg/day of food waste for LPG replacement.	Estimated generation: 30 Nm ³ /day of biogas.
9	Solar Power Plant (700 kWp) – Bansberia	Solar plant installation of 700 kWp capacity at Bansberia Works is in progress.	Expected annual generation: 8,58,480 kWh.
10	Solar Power Plant (90 kWp) – Khardah	90 kWp solar plant installation underway at Khardah Works.	Expected annual generation: 94,608 kWh.

11	Reverse Osmosis system	A Reverse Osmosis (RO) system was installed at the DM Plant, leading to a reduction in raw water consumption by 4,790 KL and a decrease in blow-down volumes in the power plant.	Reduce the Raw water consumption.
12	Rainwater harvesting	At Srikalahasthi Works, five rooftop rainwater harvesting systems were installed, collecting around 132 KL of rainwater. Additionally, four soak-away pits recharge approximately 100 KL into the ground, and five collection sumps enable the reuse of around 630 KL. These initiatives help significantly reduce raw water consumption.	Reduce the Raw water consumption.
13	Sludge	Generated effluent is reused in the plant for slag granulation, coke quenching, raw material yard operations, road spray, and STP recycling.	Reuse of waste

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

The Company has an emergency mitigation plan in application. The department heads review the plan annually to spot potential new hazards and develop measures for mitigation and reaction. The Company has protocols, SOPs and mock drill exercises in place for managing disasters. Every mock drill is examined by an experienced council. The appropriate department implements the recommendation.

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard. Nil

7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts. – 14%

8. How many Green Credits have been generated or procured:

- By the listed entity: Nil
- By the top ten (in terms of value of purchases and sales, respectively) value chain partners: Nil

PRINCIPLE 7: BUSINESSES, WHEN ENGAGING IN INFLUENCING PUBLIC AND REGULATORY POLICY, SHOULD DO SO IN A MANNER THAT IS RESPONSIBLE AND TRANSPARENT

Essential Indicators

1. a. Number of affiliations with trade and industry chambers/ associations.

The Company is affiliated with four associations.

b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.

S. No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
1	Confederation of Indian Industry	National
2	Engineering Export Promotion Council	National
3	Indian Chamber of Commerce, Kolkata	National
4	The Bengal Chamber of Commerce and Industry	National

2. Provide details of corrective action taken or underway on any issues related to anti- competitive conduct by the entity, based on adverse orders from regulatory authorities.

Name of authority	Brief of the case	Corrective action taken
Not Applicable		

Leadership Indicators

1. Details of public policy positions advocated by the entity.

S. No.	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain? (Yes/No)	Frequency of Review by Board (Annually/ Half yearly/ Quarterly / Others – please specify)	Web Link, if available
NIL					

PRINCIPLE 8: BUSINESSES SHOULD PROMOTE INCLUSIVE GROWTH AND EQUITABLE DEVELOPMENT

Essential Indicators

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.

Name and brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
Not Applicable					

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:

S. No.	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amounts paid to PAFs in the FY (In INR)
Not Applicable						

3. Describe the mechanisms to receive and redress grievances of the community.

The Company has implemented effective grievance redressal systems to address the concerns raised by community members and other stakeholders. Concerned stakeholders can reach out to the Company's management by writing or meeting with administrative officers at the respective plants. Additionally, communities have the opportunity to share feedback on CSR programs, which the management reviews and responds to, on a prompt basis.

The Company regularly engages in dialogue with local communities, regulatory authorities, and other stakeholders to ensure transparency and responsiveness to concerns. Accessible and transparent grievance mechanisms are in place, including:

- A dedicated hotline and email address for submitting complaints.
- Regular stakeholder forums to gather feedback and address concerns proactively

4. **Percentage of input material (inputs to total inputs by value) sourced from suppliers:**

	FY 2024-25	FY 2023-24
Directly sourced from MSMEs/ small producers	6.48%	5.00%
Directly from within India	68.64%	65.00%

5. **Job creation in smaller towns-Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent/ on contract basis) in the following locations, as % of total wage cost.**

Location	FY 2024-25	FY 2023-24
Rural	43%	48%
Semi-Urban	–	–
Urban	42%	35%
Metropolitan	15%	17%

Leadership Indicators

1. **Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):**

Details of negative social impact identified	Corrective action taken
Not Applicable	

2. **Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:**

S. No.	State	Aspirational District	Amount spent (In INR)
Not Applicable			

3. (a) **Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No) – No**

(b) **From which marginalized /vulnerable groups do you procure? – Not Applicable**

(c) **What percentage of total procurement (by value) does it constitute? – Not Applicable**

4. **Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:**

S. No.	Intellectual Property based on traditional knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes / No)	Basis of calculating benefit share
Nil				

Business Responsibility & Sustainability Report (Contd.)

5. **Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.**

Name of authority	Brief of the Case	Corrective action taken
Not Applicable		

6. **Details of beneficiaries of CSR Projects:**

S.No.	CSR Project	No. of persons benefitted from CSR Projects	% of beneficiaries from vulnerable and marginalized groups
1	Medical and Health care	Number cannot be ascertained	–
2	Free education to students from economically backward sector	Number cannot be ascertained	–

4	Physical development of Children with special needs	Number cannot be ascertained	–
5	Gauseva and allied projects directly related to Gauseva	Number cannot be ascertained	–

PRINCIPLE 9: BUSINESSES SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CONSUMERS IN A RESPONSIBLE MANNER

Essential Indicators

1. **Describe the mechanisms in place to receive and respond to consumer complaints and feedback.**

The Company has established a structured and responsive mechanism to receive and address consumer complaints and feedback under its documented Quality Management System (QMS).

- **Complaint Receipt:** Consumer complaints are received through verbal or electronic communication by the relevant subsidiary, sales representative, or territory in-charge.
- **Initial Assessment:** Based on the nature and severity of the complaint, it is either addressed directly or escalated to the technical team.
- **Technical Review:** The technical team conducts a root cause analysis and proposes appropriate corrective and preventive actions.
- **Closure:** The complaint is marked as closed only after receiving satisfactory feedback from the customer, ensuring effective resolution and continuous improvement.

2. **Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:**

	As a percentage to total turnover
Environmental and social parameters relevant to the product	100% The Company's products are predominantly made from environmentally safe materials, such as iron. These products play a crucial role in facilitating the transmission of essential drinking water, thereby holding significant social importance. They contribute immensely to communities by ensuring access to life-sustaining resources.

Safe and responsible usage	100% The Company's product is devoid of any hazardous aspects and is considered completely safe to use as long as the recommended conditions of use are adhered to.
Recycling and/or safe disposal	Approximately 75% of the Company's product consists of ductile iron, which can be melted down and recycled for further use. The remaining 25% by weight comprises of lining and coating materials such as cement mortar and paint.

3. **Number of consumer-complaints in respect of the following:**

	FY 2024-25		Remarks	FY 2023-24		Remarks
	Received during the year	Pending resolution at end of year		Received during the year	Pending resolution at end of year

Note: The FY 2023–24 complaints data has been updated based on a subsequent review of records.

4. **Details of instances of product recalls on account of safety issues**

	Number	Reasons for recall
Voluntary recalls	0	NA
Forced recalls	0	NA

5. **Does the entity have a framework/ policy on cyber security and risks related to data privacy?**

ECL has implemented a comprehensive array of cyber tools and measures to safeguard the cyber security and data privacy of its customers. This includes the deployment of a Next Generation Endpoint Detection & Response System (EDR) across all servers and workstations connected to the corporate LAN, providing robust protection against malware, viruses, ransomware, and other cyber threats. Additionally, the Company has implemented safeguards to prevent unauthorised use of USB ports on end-user workstations. ECL employs web filtering and application control mechanisms to regulate internet usage and ensure the security of network resources. Authentication is enforced through Active Directory and Domain Authentication for all ECL users. Cloud email security measures are in place to mitigate risks associated with ransomware, phishing attacks, and business email compromise. Secure remote access is facilitated with Multi-Factor Authentication (MFA). Implementation of Security Patch Updates Software for Servers & Workstations. Enforcement of IT Security Policies throughout the Organization. Cyber Security Awareness Program & Email Circulation (Dos & Don'ts) on Cyber Security for End Users. Implementation of 24X7 Managed Security Service (SOC) over SIEM. Implementation of Dark & Deep Web Monitoring & Analysis. Incident Response Planning. Periodic Phishing Attack Simulation Drill. Conducting Annual VAPT & ITGC Audit. These initiatives collectively demonstrate the Company's commitment to maintaining a robust cyber security posture and safeguarding the confidentiality, integrity, and availability of customer data.

6. **Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.** NA
7. **Provide the following information relating to data breaches:**
 - a. Number of instances of data breaches. - Nil
 - b. Percentage of data breaches involving personally identifiable information of customers - Nil
 - c. Impact, if any, of the data breaches. - Not applicable

Leadership Indicators

1. **Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available).**

All information regarding the business of ECL can be accessed through the Company's website <https://www.electrosteel.com/>.

2. **Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.**

The organization believes that products should not harm customers during installation, use and end-of-life disposal. Accurate and timely product information is provided to customers in the form of specifications and drawings. Customer health and safety requirements are considered during product design and the selection of raw materials.

The organization ensures that products comply with national and international legal requirements, including the Bureau of Indian Standards for the ISI mark and also to British Kitemark and others. All the range of Electrosteel products complies with BS 6920 and are duly approved by Hygiene Institute, Germany, DWI and WRAS.

Technical data sheets (TDS), standard operating procedures (SOPs), user guides, brochures, and safety-related videos are provided to customers for guidance on safe handling and installation. Additionally, the recent launch of the mobile application "Toolbox by Electrosteel" enhances accessibility to information for customers. The Company's website, <https://www.electrosteel.com/> hosts comprehensive information on the safe and responsible usage of our products, ensuring easy access for customers seeking guidance. The Company provides training sessions for customers through seminars, video calls, and other mediums, aiming to enhance their knowledge and skills regarding product usage and safety protocols.

3. **Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.**

To inform consumers about potential disruptions or discontinuation of essential services, the Company communicates planned plant shutdowns to the sales team. Subsequently, the sales team adjusts delivery commitments accordingly, ensuring transparency and minimizing inconvenience to consumers. The Company uses communication channels like SMS, calls and/or a mobile application called "Toolbox by Electrosteel" to notify the customers of any disruptions.

4. **Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)**

Yes, the Company displays product information on the accompanying documentation including its specifications, standards compliance, and manufacturer details.

For more information on the product, customers can find product brochures on the Company's website:

https://www.electrosteel.com/products/product_brochures.php.

Annexure – 8

PARTICULARS ON CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION & FOREIGN EXCHANGE EARNINGS & OUTGO

[Information under Section 134(3)(m) of the Companies Act, 2013, read with Rule 8(3) of the Companies (Accounts) Rules, 2014]

A) CONSERVATION OF ENERGY

The steps taken or impact on conservation of energy:

- i) New VVVF Drives installed in Cooling Tower Fan applications at Khardah DIW and Haldia CPP during the year which resulted in a saving of approximately 30% Electrical energy in these applications.
- ii) VVVF Drive & associated automation for Cooling water pump has been installed at Bitumen Solution Plant in Bansberia Works with resultant saving of 50% Electrical energy consumption in this application.
- iii) Existing LDO burners of one Coating line at Khardah Works have been replaced with energy efficient two-stage burners. It has resulted in approximately 25% saving in fuel consumption.
- iv) A55 KW Variable Speed Compressor has been installed at KW R&D Land replacing conventional fixed speed compressor resulting in approximately 20% saving in energy.
- v) Automation of Ladle Heating System has been commissioned in Haldia Fittings Plant for reduction of LDO consumption by approximately 5Kl/year.
- vi) Replacement of conventional lights with energy efficient LED lights at Bansberia Works has been done in a phased manner. First two phases were completed last year, which has resulted in a saving of approximately 20,000 kWh/month. 3rd & final phase project for replacement of balance 116 conventional lights has been completed during the current year resulting in saving of further 6,500 kWh/month.
- vii) 50 KVAR Static VAR Generator has been commissioned at KW Annexe-1 for maintaining unity Power Factor.
- viii) Apart from the above, several actions have been taken to improve energy performance of plant & equipment e.g. temperature-based Cooling Tower control, installation of energy efficient IE3 motors, installation of VVVF Drives, replacement of conventional lights with LED lights in all the plants. IE4 class motor has been installed at KW CPP Boiler Feed Pump.

The steps taken by the Company for utilising alternate sources of energy:

B) TECHNOLOGY ABSORPTION

i) The efforts made towards technology absorption:

- The Company has engineered a revolutionary seal coat for lining of Ductile Iron Pipes and Fittings, which is approved by the Drinking Water Inspectorate (DWI), one of the highest water authority in the world. Very few paint manufacturers across globe are able to receive approval from this regulatory body and the Company is one of them.
- The Company has developed a range of indigenously developed, high-performance paints, validated by European laboratories, to replace its imported alternatives.
- To streamline with latest technological advancements, the Company has planned to make investments on implementing artificial intelligence & machine learning in production technology aiming overall process improvement. The organization is also planning to implement AI/ML in improving quality control to meet future needs.
- The Organisation has installed advanced spectroscopy machine to strengthen its quality control.

ii) The benefits derived like product improvement, cost reduction, product development or import substitution:

- New restrained joints have been developed which are ingenious in installation of pipes cut at site. The new joint developed eliminates requirements of intensive power and specialized materials. A number of imported paints are substituted by the paint developed by the Company in-house.
- The Company has made crucial investments in development of critical machinery spares—an emphatic nod to the “Make in India” initiative.
- With an aim to improve overall performance, the Company is encouraging several cost saving & process improvement initiatives from its employees. After proper evaluation of such initiatives, the Company is providing a platform to recognize noteworthy initiatives in terms of savings, quality improvement and innovativeness, in an open forum. The Company has initiated a program called “Bandhan” where workers are also being involved in this improvement program.

iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year) –

- a) The details of technology imported – Nil
- b) The year of import – Not Applicable
- c) Whether the technology is fully absorbed – Not Applicable
- d) If not fully absorbed, areas where absorption has not taken place, and the reason thereof – Not Applicable

STANDALONE FINANCIAL STATEMENTS

Independent Auditors' Report

The Members of Electrosteel Castings Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the standalone financial statements of Electrosteel Castings Limited ("the Company"), which comprise the balance sheet as at March 31, 2025, and the statement of Profit and Loss (including other Comprehensive Income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other notes for the year ended on that date (hereinafter referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Qualified Opinion Paragraph, the aforesaid financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

Attention is invited to the following notes of the accompanying financial statements:

- Note no. 49 regarding cancellation of coal block allotted to the company in earlier year and adjustments to be given effect to in respect of the claims made by the company, amount awarded so far in this respect and required disclosures/ adjustments in terms of Ind AS with respect to the carrying amounts of the property, plant and equipment, capital work in progress, inventory and balances lying under other heads of account and carried forward pending determination of the amount of claim in this respect as stated in the said note; and
- Note No. 9.1(a) in respect of company's investment in the equity shares of ESL Steel Limited (ESL), the pledge of which was invoked by the lenders of ESL and the same was set aside by Hon'ble Calcutta High court and the matter is currently pending before the said court. Further, as stated in Note no. 9.1(b) dealing with mortgage of Land at Elavur plant in favour of one of the lenders of ESL who had assigned their rights to another party and symbolic possession of the said land was taken by the said party. The matter has been disputed by the company and as stated in the said note is currently pending before DRAT and Hon'ble Madras High Court.
- Pending finalization of the matters dealt with in (a) and (b) above, required disclosures, adjustments and impacts thereof are presently not ascertainable and as such cannot be commented upon by us.

We conducted our audit in accordance with the Standards on Auditing

('SAs') specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the basis for qualified opinion section, we have determined the matters described below to be the Key Audit Matters to be communicated in our report:

Key Audit Matters	Addressing the key audit matters
Claims by or against the company, litigations and disclosure of contingent liabilities and assets (as described in note 28.1, 49 and 52 of the financial statements)	
There are substantial amount of claims made by the company including claims against Wagon Investment Scheme, Railway Siding, Parbatpur Coal Mines etc. which are pending as on this date as disclosed in Note no. 49 and 52(ii). The company is also exposed to number of significant claims and litigations involving taxation and other laws and regulations and related interpretations. This includes various matters related to Direct and Indirect taxes, compensation etc. as dealt with in note no. 6.1, 24.1, 28 and 52(i) pending before various judicial authorities as on this date. The assessment of the likelihood and quantum of any liability with respect to these matters are matter of judgmental due to the uncertainty involved therein.	Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of accounting for claims made by or against the company and disclosure there against includes the following: • Understood, assessed and tested the design and operating effectiveness of key controls surrounding assessment of litigations under the relevant laws and regulations and the internal control environment relating to the identification, recognition and measurement of amount of claims made by or against the company and disclosure for the provisions, litigations, contingent liabilities and contingent assets in the financial statements; • Analysed significant changes/ updates from previous periods and obtained a detailed understanding of the nature, status and possible implication of the underlying litigations. Assessed recent judgements passed by the judicial authorities on the relevant matter;

Independent Auditors' Report (Contd.)

Key Audit Matters	Addressing the key audit matters
We considered these to be a key audit matter, since the accounting and disclosure of claims and litigations are complex, technical in nature and judgmental and the impact thereof considering the amount involved are or can be material to the understanding of the financial statements.	- Discussed the status of the material litigations and potential implication of the matters as reported and placed before the Board of Directors; - Evaluating management's assessment by understanding precedents set in similar cases and analysed the reliability of management's past estimates/judgements. - Reviewed the opinions and views of the external legal experts and in-house legal team and other evidences to corroborate management's assessment of the risk profile in respect of claim pending ascertainment as on this date. These being technical in nature reliance has been placed on the legal interpretations and opinions provided on the matter; and - Assessment of the adequacy of management's assumptions and estimates related to the claims both by or against the company, underlying dispute and disclosures made in the financial statement. Also, the references have been made in the Auditors' Report wherever relevant and appropriate.
Verification of Inventory and Valuation thereof (as described in note 13 and 3.8 of the financial statements)	
The Inventory of the Company as on March 31, 2025 amounts to Rs. 18,83,87.01 lakhs which forms around 20.57% of the total assets of the Company. This includes bulk materials such as coal, coke, iron ore etc., which are susceptible to handling loss, moisture loss/gain, spillage etc. and determination of the same requires estimation based on experience and technical expertise. We determined this to be a matter of significance to our audit due to the quantum of amount and estimations involved.	Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of determination of year-end inventory and valuation thereof includes the following: - Evaluating the accounting policy followed for valuation of inventory and appropriateness thereof with respect to relevant Indian Accounting Standards in this respect; - The process followed for physical verification have been reviewed. This includes deployment of an Independent Agency for verification of Bulk Materials during which we were present to oversee the process of the verification; - We reviewed the report submitted by external agency and obtained reasons/explanation for variations observed by them with respect to book stock, considering the materiality for variations taking into account the reasonable allowance for volumetric measurement;

Key Audit Matters	Addressing the key audit matters
	- Understanding and testing the design and operating effectiveness of controls as established by the management in determination of cost of production and net realizable value of inventory and consistency with respect to the policy followed in this respect; and - We evaluated the policy for valuation, processes/ methodologies involved and disclosures made in the financial statements in this respect and checks being performed at multiple levels and verified the valuation arrived for the different items and class of Inventory to ensure that the valuation is consistent as per the policy followed and disclosed in this respect.
Recoverability of Government Grant (as described in note 18.4 and 52(ii)(a) of the financial statements)	
The Company has been entitled for various sales tax incentives under industrial promotion scheme issued by the State Government. The company had complied with the condition of the Scheme and incentives were accounted for in the books in earlier years. A sum of Rs. 58,83.07 lakhs are outstanding as on March 31, 2025. Further such incentive for the period from July 01, 2017 to March 31, 2019 for reasons stated in Note no. 52(ii)(a) has not been recognised. We determined these to be a matter of significance due to compliances involved in terms of the scheme and in certain cases legislative changes being contemplated and matter being pending for decision before judicial forum and authorities and also the period for which these are outstanding for recovery.	Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of accounting and disclosure include the following: - Evaluating eligibility requirement of the schemes and compliances by the company; - Understanding and testing the design and operating effectiveness of controls as established by the management in recognition and assessment of the recoverability of the grant; - Considering the relevant notification to ascertain the basis for determination, completion of performance obligation and assessing the appropriateness of the government grant and timing of recognition and past receipts of the grants; - Analysed significant changes/ updates from previous periods and proposed legislative changes and applicability thereof along with possible implications and obtained detailed understanding of such items. Assessed recent judgements passed by the court authorities affecting such changes. - This being a technical matter, reliance has been placed on legal advices received and management's assessment for recoverability.

Independent Auditors' Report *(Contd.)*

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Report of the Directors and the annexures thereto (namely Management Discussion and Analysis, Report on performance and financial position of the subsidiaries and joint ventures, Report on Corporate Governance, Annual Report on CSR Activities, Business Responsibility and Sustainability Report, Conservation of energy, technology absorption, foreign exchange earnings and outgo and remuneration and other specified particulars of employees) but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed on the other information that we have obtained prior to the date of this auditors' report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and those charged with governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), Profit (financial performance including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic

alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the

Independent Auditors' Report (Contd.)

financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. Further to our comments in the annexure referred to in the paragraph above, as required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account;
 - d) Except for the possible effects of the matters described in the Basis for Qualified Opinion Paragraph, in our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e) The matter described in the Basis for Qualified Opinion Paragraph, in the event of being decided unfavorable, in our opinion, may have an adverse effect on the functioning of

the company;

- f) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - g) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above; and
 - h) With respect to the adequacy of the internal financial controls with reference to financial statements in place and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal control with reference to financial statements.
3. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. Except for the matters dealt with in the Basis for Qualified Opinion paragraph impact whereof are presently not ascertainable, the Company has disclosed the impact of pending litigations (other than those already recognized in the financial statements) on its financial position as required in terms of the Ind AS and provisions of the Companies Act, 2013 – Refer Note 52(i) to the financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 46(d) to the financial statements;
 - iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of

Independent Auditors' Report *(Contd.)*

the Ultimate Beneficiaries;

- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on the audit procedures and generally accepted auditing practices followed in terms of SAs that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement; and
- v. As stated in note no. 21.7 of the financial statements, the dividend proposed by the Company during the year is in accordance with section 123 of the Act.
- vi. Based on the verification carried out by an Independent Professional appointed for the purpose and our examination of the data and details provided to us, which includes test

checks and samples obtained by us in this respect and being a technical matter placing reliance on the report submitted by the professional, we report that the Company has used accounting software(s) for maintaining its books of account for the financial year ended March 31, 2025, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software(s). Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the said audit trail has been preserved by the Company as per the statutory requirements for record retention.

- 4. With respect to the reporting under section 197(16) of the Act to be included in the Auditors' Report, In our opinion and according to the information and explanations given to us, the remuneration (including sitting fees and commission) paid by the Company to its Directors during the current year is in accordance with the provisions of section 197 of the Act and is not in excess of the limit laid down therein.

ANNEXURE “A” TO THE AUDITORS’ REPORT TO THE MEMBERS OF ELECTROSTEEL CASTINGS LIMITED

(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

- i) a. The Company has maintained proper records showing full particulars, including quantitative details and situations of Property, Plant and Equipment's and Intangible Assets except in case of furniture and fixture.
- b. The Company has a program of verification to cover all the items of Property, Plant and Equipment in a phased manner over a period of three years which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Pursuant to this program, verification of Property, plant and Equipment and Capital Work in Progress was carried out for certain locations except for Property, Plant and Equipment located at Parbatpur Coal Block for reasons stated in Note 49 by engaging the services of an Independent firm of professional as per the said programme. According to the information and explanations given to us, no material discrepancies to the extent verified during the years were noticed on such verification.
- c. According to the information and explanations given to us, the records examined by us and based on the registered sale deed / transfer deed / conveyance deed / court orders approving schemes of arrangements / amalgamations, confirmation from Security Trustees provided to us and other documents provided to us, we report that, the title deeds, comprising of all the immovable properties of land and building (other than properties on lease where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company as on the balance sheet date except certain land the title whereof as detailed below have not been held in the name of the company: (Refer Note 5.3 and 5.7 of the financial statements).
- (Rs. In Lakhs)
- | Particulars | Property held since when | Held in the name of | Whether promoter, director or their relative or employee | Gross Block |
|---------------|--------------------------|---|--|-------------|
| Freehold Land | 2008-2009 to 2014-2015 | Pertaining to Parbatpur Coal Block vested to another successful bidder in terms of the Ordinance as dealt with in Note no. 49 | No | 3,35.81 |
| Freehold Land | April 01, 2014 | Mahadev Vyapaar Private Limited | No | 18,89.04 |
| Freehold Land | October 01, 2020 | Srikalahasthi Pipes Limited | No | 1,96,39.06 |
- d. The company is not following revaluation model of accounting and has not revalued any of its Property, Plant and Equipment (including Right-of-Use Assets) and Intangible Assets during the year. Accordingly, the reporting under Clause 3 (i)(d) of the Order is not applicable to the Company.
- e. As per the information and explanation given to us and as represented by the management, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder. Accordingly, further reporting under Clause 3 (i)(e) of the Order is not applicable to the Company.
- ii) a. As informed, the inventories of the Company except for finished goods at Khardah and Bansberia Unit, materials in transit, stock lying with third parties and inventories lying at parbatpur coal block for reasons stated in Note no. 49 have been physically verified by the independent firm of professionals along with the management at reasonable intervals during the year. In our opinion and according to the information and explanations given to us, the frequency of such verification is reasonable, and procedure followed for such verification is appropriate. As the Company's inventory of raw materials comprises mostly of bulk materials such as coal, coke, iron ore, etc. requiring technical expertise for quantification, the Company has hired an independent agency for the physical verification of the stock of these materials. The discrepancies noticed on physical verification between the physical stock and book stock of inventories to the extent verified during the year, were not 10% or more in aggregate for each class of inventory and the same have been properly dealt with in the books of account as per the policy followed in this respect.
- b. According to the information and explanation given to us, the company has been sanctioned working capital limit in excess of Rupees Five Crores on the basis of securities of Current Assets of the company. On the basis of examination of returns/ statements submitted upto quarter ended December 31, 2024 by the Company to the banks in this respect, as provided to us for the purpose, these were in agreement with the unaudited books and records and the financial statements prepared therefrom by the management. However, as stated in note no. 29.3, the return for the quarter ended March 2025 has not been submitted to the banks and as such cannot be commented upon by us.
- iii) According to the information and explanation given to us and based on the documents examined, the company has provided financial guarantees to its subsidiaries against various working capital facilities availed from banks. Further, the Company has made investments in market driven securities, mutual and other funds during the year. However, the company has not provided any advances in the nature of loans to Companies, firms, limited liability partnerships and any other parties during the year.
- a. In our opinion and according to the information and explanation given to us, the company has not provided any guarantee or security or granted any loans or advances in the

- b. In our opinion and according to the information and explanation given to us, the terms and conditions of the guarantees provided during the year are prima facie not prejudicial to the company's interest. Investments made by the company are either in subsidiaries or joint venture or otherwise in market driven securities, mutual and other funds at prevailing prices or otherwise being market driven at applicable rates and terms and conditions and therefore are not prejudicial to the interest of the company.
- c. In our opinion and according to the information and explanation given to us, the Company neither has any loans and advances in the nature of loans outstanding at the beginning of the year nor granted the same during the year. Accordingly, reporting under Clause 3(iii)(c), (d) and (e) of the Order is not applicable to the Company.
- d. In our opinion and according to the information and explanation given to us, the company has not granted any loans which are either repayable on demand or without specifying any terms or period of repayment. Further, company has not granted any advances in the nature of loans. Accordingly, further reporting under Clause 3(iii)(f) of the Order is not applicable to the Company.
- iv) In our opinion and according to the information and explanation provided to us, the company has not granted any loans or provided any guarantees or security to the parties covered under Section 185 of the Act. Further, the Company has complied with the provisions of Sections 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.
- v) The Company has not accepted any deposits during the year and does not have any unclaimed deposits as at March 31, 2025 from public covered under Sections 73 to 76 or any other relevant provisions of the Act and rules framed thereunder and therefore, the provisions of clause 3(v) of the Order is not applicable to the company.
- vi) We have broadly reviewed the books of account maintained

by the company pursuant to the Rules made by the Central Government for the maintenance of cost records under Section 148 (1) of the Act in respect of the Company's products to which the said rules are made applicable and are of the opinion that prima facie, the prescribed records have been maintained. We have however, not made a detailed examination of the said records with a view to determine whether they are accurate or complete.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 2(h) under ‘Report on Other Legal and Regulatory Requirements’ of our report to the Members of Electrosteel Castings Limited of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to financial statements of Electrosteel Castings Limited (“the Company”) as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Standalone Financial Statements for the year ended March 31, 2025

1. Corporate Information

Electrosteel Castings Limited ('the Company') is a public limited company in India having its corporate office in Kolkata in the State of West Bengal and registered office at Rajgangpur, District: Sundergarh in the State of Odisha and is engaged in the manufacture and supply of Ductile Iron (DI) Pipes, Ductile Iron Fittings (DIF) and Cast Iron (CI) Pipes as its core business and also produces Pig Iron, Metallurgical Coke, Sponge Iron, Sinter, Cement, Ferro products, Paint and Power along with the same. The manufacturing activities of the company are spread over five different locations situated at Khardah, Haldia, Bansberia, Srikalahasthi and Elavur. The company caters to the needs of Water Infrastructure Development. The Company's shares are listed on National Stock Exchange of India Limited and BSE Limited.

2. Recent Accounting Developments

2.1 Application of new and revised standards:

Effective April 01, 2024, the Company considered the amendments notified by the Ministry of Corporate Affairs (MCA) through the 1st Amendment dated August 12, 2024, the 2nd Amendment dated September 09, 2024, and the 3rd Amendment dated September 28, 2024 to the Companies (Indian Accounting Standards) Rules, 2015.

These amendments primarily relate to the introduction of Ind AS 117 "Insurance Contracts", along with consequential changes to other standards including Ind AS 101, 103, 104, 105, 107, 109, and 115, which address accounting and disclosure requirements for Insurance Contracts and Financial Guarantee contracts. The amendments also include changes to Ind AS 116 "Leases", specifically addressing accounting and disclosure requirements for sale and leaseback arrangements.

The adoption of these amendments to the extent applicable to the Company did not have any material impact on the profit or loss and earnings per share of the Company for the year.

2.2 Standards issued but not yet effective:

Ministry of Corporate Affairs (MCA) vide notification dated May 07, 2025, has amended Indian Accounting Standard (Ind AS) 21 "The Effects of Changes in Foreign Exchange Rates" and Ind AS 101 "First-time Adoption of Indian Accounting Standards". These amendments are applicable for annual reporting periods beginning on or after April 01, 2025.

The key amendment relates to providing guidance for assessing lack of exchangeability between currencies and estimating the spot exchange rate when a currency is not exchangeable. Additional disclosure requirements have also been introduced in such scenarios, including the nature and financial effect of the currency in exchangeability, the estimation methodology used, and risks arising therefrom.

The Company is currently evaluating the impact of these amendments and expects that their application will not have a material effect on the financial statements.

2.3 The Board of Directors have approved these financial statements for issuing to the shareholders for their adoption. The revision to these financial statements is permitted by the Board of Directors after obtaining necessary approvals or at the instance of regulatory authorities as per provisions of the Act.

3. Statement of compliance and Material Accounting Policies

3.1 Statement of Compliance

As stated in note no. 49, balances under various heads which otherwise would have been measured and disclosed as per the requirement of relevant Indian Accounting Standards due to the reasons stated therein have been continued to be so carried forward pending finalisation of the matter and determination of the amount as claim of the company in this respect. Other than this, these financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act") and the Company has complied with Ind AS issued, notified and made effective till the date of authorisation of the financial statements.

Accounting Policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

Basis of Preparation

The Financial Statements have been prepared under the historical cost convention on accrual basis except for:-

- a) certain financial instruments that are measured in terms of relevant Ind AS at fair value/ amortized cost at the end of each reporting period;

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

- b) certain class of Property, Plant and Equipment which on the date of transition have been fair valued to be considered as deemed costs; and
- c) Defined benefit plans- Plan Assets measured at fair value

Historical cost convention is generally based on the fair value of the consideration given in exchange for goods and services.

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013. Having regard to the nature of business being carried out by the Company, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification.

The functional currency of the Company is determined as the currency of the primary economic environment in which it operates. The Standalone Financial Statements are presented in Indian Rupees and all values are rounded off to the nearest two decimal lakhs except otherwise stated.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : Inputs other than quoted prices included within level 1 that are observable, either directly or indirectly for the asset or liability.

Level 3 : Inputs for the asset or liability which are not based on observable market data (unobservable inputs).

The company has an established control framework with respect to the measurement of fair value. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements who regularly review significant unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified.

3.2 Property Plant and Equipment (PPE)

Property, plant and equipment are stated at cost of acquisition, construction and subsequent improvements thereto less accumulated depreciation and impairment losses, if any. For this purpose cost include deemed cost on the date of transition i.e. PPE which have been fair valued on transition to be considered as deemed cost, purchase price of assets or its construction cost including duties and taxes (net of input tax credit availed), inward freight and other expenses incidental to acquisition or installation, adjustment for exchange differences wherever applicable and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended for its use. In addition interest on borrowing to finance the construction of qualifying assets is capitalised as a part of the assets cost until such time the asset is ready for its intended use.

Parts of an item of PPE having different useful lives and material value and subsequent expenditure on Property, Plant and Equipment arising on account of capital improvement or other factors are accounted for as separate components. This includes expenditure on Blast Furnace/Coke Oven Battery Relining is capitalized.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognised in the Statement of Profit and Loss when incurred. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

Capital Work-in-progress includes project development expenses, equipments to be installed, construction and erection materials etc. Such costs are added to the related items and are classified to the appropriate categories of PPE when completed and ready for intended use.

The Company had opted for accounting the exchange differences arising on reporting of long term foreign currency monetary items in line with Companies (Accounting Standards) Amendment Rules 2009 relating to Accounting Standard-11 notified by Government of India on March 31, 2009 (as amended on December 29, 2011), which will be continued in accordance with Ind-AS 101 for all pre-existing long term foreign currency monetary items as at March 31, 2016. Accordingly, exchange differences relating to long term monetary items, in so far as

**Notes to Standalone Financial Statements** for the year ended March 31, 2025 (Contd.)

they relate to the acquisition of PPE, were adjusted in the carrying amount of such assets.

Depreciation and Amortization

Depreciation on PPE except as stated below, is provided as per Schedule II of the Companies Act, 2013 on straight line method. In the following cases depreciation has been provided on written down value method using the rates arrived at based on the useful life as specified in Schedule II of the Companies Act 2013:

- PPE at Elavur unit and
- PPE at Khardah, Haldia and Bansberia unit excluding plant and equipment and office equipments

Certain plant and equipments have been considered as Continuous Process Plant on the basis of technical assessment. Depreciation on upgradation of Property, Plant and Equipment is provided over the remaining useful life of the entire component/ PPE.

In case the cost of part of tangible asset is significant to the total cost of the assets and useful life of that part is different from the remaining useful life of the asset, depreciation on such part has been based on internal assessment and independent technical evaluation carried out by external valuers.

Depreciation on Property, Plant and Equipments commences when the assets are ready for their intended use. Based on above, the useful lives as estimated and considered for depreciation are as follows:

Category	Useful life
Buildings	
Non-Factory Building (RCC Frame Structure)	60 Years
Factory Building	30 Years
Roads	
Carpeted Roads - RCC	10 Years
Carpeted Roads - other than RCC	5 Years
Non-Carpeted Roads	3 Years
Plant and machinery	
Sinter Plant, Blast Furnace, Coke Oven	20 Years
Coke Oven Battery Relining	5 Years
Blast Furnace Relining	2 to 6 Years
Pipe Moulds (specified size)	3 Years
Gasket Moulds	10 Years
Power Plant	40 Years
Others	
– Continuous Process Plant	15 Years
– Others	25 Years
Computer equipment	
Servers and networks	6 Years
Others	3 Years
Furniture and fixtures, Electrical Installation and Laboratory Equipment's	10 Years
Office equipment	5 Years
Vehicles	
Motor cycles, scooters and other mopeds	10 Years
Others	8 Years

Railway siding constructed on Government land is amortised over the period of 10 years in terms of agreement.

Assets costing rupees five thousand or less are being depreciated fully in the year of addition/acquisition.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

Right to use wagons acquired under "Wagon Investment Scheme", cost of computer software packages (ERP and others) and mining rights are allocated / amortized over a period of 10 years, 5 years and available period of mining lease respectively.

The management believes that the useful lives as considered above is realistic and reflect a fair approximation of the period over which assets are expected to be used.

Depreciation/ Amortisation methods, useful lives and residual values are reviewed and adjusted as appropriate, at each reporting date.

3.3 Intangible Assets

Intangible assets are stated at deemed cost on transition date or at cost of acquisition comprising of purchase price inclusive of duties and taxes (net of input tax credit) less accumulated amortization and impairment losses.

Expenditure incurred on research and development are not capitalized but are charged as expense in the statement of profit and loss in the period in which such expenditure is incurred.

3.4 Leases

(i) Company as a lessee

The Company's lease asset classes primarily consist of leases for Land, Buildings and Plant and Equipment. The Company assesses whether a contract is or contains a lease at the inception of a contract. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

1. the contract involves the use of an identified asset;
2. the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and
3. the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) or leases pertaining to low value assets. For these short term leases or low value assets, the Company recognises the lease payments as an operating expense on a straight line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options considered for arriving at ROU and lease liabilities when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(ii) Company as a lessor

a. Finance Lease

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts are apportioned between the finance income and capital repayment

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

based on the implicit rate of return. Contingent rents are recognized as revenue in the period in which they are earned.

b. Operating Lease

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease except where scheduled increase in rent compensates the Company with expected inflationary costs.

3.5 Derecognition of Tangible and Intangible assets

An item of PPE/ ROU/ Intangible Asset is de-recognised upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of PPE/ Intangible Assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

3.6 Impairment of Tangible/ Intangible and ROU Assets

Tangible/ Intangible and ROU assets are reviewed at each balance sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amount of assets is determined. An impairment loss is recognized in the statement of profit and loss, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds recoverable amount. The recoverable amount is the higher of assets' fair value less cost of disposal and its value in use. In assessing value in use, the estimated future cash flows from the use of the assets are discounted to their present value at appropriate rate.

Impairment losses recognized earlier may no longer exist or may have come down. Based on such assessment at each reporting period the impairment loss is reversed and recognized in the Statement of Profit and Loss. In such cases the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

3.7 Financial Instruments

Financial assets and financial liabilities (financial instruments) are recognised when the company becomes a party to the contractual provisions of the instruments. The company determines the classification of its financial assets and financial liabilities at initial recognition based on its nature and characteristics.

The company categorizes financial assets and financial liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : Inputs other than quoted prices included within level 1 that are observable, either directly or indirectly for the asset or liability.

Level 3 : Inputs for the asset or liability which are not based on observable market data (unobservable inputs).

A. Financial Assets

I. Initial Recognition and measurement

The financial assets include investments, trade receivable, loans and advances, cash and cash equivalents, bank balances other than cash and cash equivalents, derivative financial instruments and other financial assets.

Financial assets are initially measured at fair value. Transaction costs directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or are deducted from the fair value of the financial assets as appropriate on initial recognition. However, trade receivable that do not contain a significant financing component are measured at transaction price.

II. Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- (i) at amortised cost,
- (ii) at fair value through other comprehensive income (FVTOCI), and
- (iii) at fair value through profit or loss (FVTPL).

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

Financial Assets at amortised cost

A 'financial Asset' is measured at the amortised cost if the following two conditions are met:

- (i) The asset is held within a business whose objective is to hold these assets in order to collect contractual cash flows and
- (ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Amortised Cost is determined using the Effective Interest Rate ("EIR") method. Discount or premium on acquisition and other fees or costs forms an integral part of the EIR.

Financial Asset at Fair Value through Other Comprehensive Income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held both for collection of contractual cash flows and for selling the financial assets, and contractual terms of the financial assets give rise to cash flows representing solely payments of principal and interest.

Financial Assets at Fair value through profit or loss (FVTPL)

Financial Assets which does not meet the criteria of amortised cost or fair value through other comprehensive income are classified as Fair Value through Profit or loss. These are recognised at fair value and changes therein are recognized in the Statement of profit and loss.

Equity Instruments

Equity instruments covered within the Scope of Ind AS 109 are measured at FVTPL except for investments in Subsidiaries and Joint Ventures which are measured at cost.

The company makes an election to present changes in fair value through other comprehensive income or through profit or loss on instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

In case the company decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). Profit or loss arising on sale is taken to OCI. The amount accumulated in this respect is transferred within the Equity on derecognition.

III. Derecognition

The company derecognizes a financial asset or a group of financial assets when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

B. Financial Liabilities

I. Initial Recognition and measurement

The financial liabilities include trade and other payables, loan and borrowings, derivative financial instruments and other financial liabilities.

Financial liabilities are initially measured at fair value. Transaction costs directly attributable to the acquisition or issue of financial liabilities (other than financial liabilities at fair value through profit or loss) are added to or are deducted from the fair value of the financial liabilities as appropriate in initial recognition.

II. Subsequent measurement

For the purpose of subsequent measurement, financial liabilities are classified in the following categories:

- (i) at amortised cost; or
- (ii) at fair value through profit or loss (FVTPL).

Financial Liabilities at amortised cost

After initial recognition, financial liabilities are measured at amortized cost using Effective Interest Rate (EIR) method. When the financial liabilities are derecognised, gain or losses are recognised in the statement of profit and loss. Discount or premium on acquisition and other fees or costs forms an integral part of the EIR.

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

Financial Liabilities at Fair value through profit or loss (FVTPL)

Financial Liabilities which does not meet the criteria of amortised cost are classified as Fair Value through Profit or loss. These are recognised at fair value and changes therein are recognized in the Statement of Profit and Loss.

III. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

C. Derivative and Hedge Accounting

Initial Recognition and Subsequent measurement

The company enters into derivative financial instruments such as foreign exchange forward, swap and option contracts to mitigate the risk of changes in foreign exchange rates in respect of financial instruments and forecasted cash flows denominated in certain foreign currencies. The company uses hedging instruments which provide principles on the use of such financial derivatives consistent with the risk management strategy of the company. The hedge instruments are designated and documented as hedges and effectiveness of hedge instruments to reduce the risk associated with the exposure being hedged is assessed and measured at inception and on an ongoing basis.

Any derivative that is either not designated as a hedge, or is so designated but is ineffective as per Ind AS 109 "Financial Instruments", is categorized as a financial asset/ financial liability, at fair value through profit or loss. Transaction costs attributable are also recognized in the Statement of Profit and Loss. Changes in the fair value of the derivative hedging instrument designated as a fair value hedge are recognized in the Statement of Profit and Loss.

Changes in the fair value of the derivative hedging instrument designated as a cash flow hedge are recognized in other comprehensive income and presented within equity as cash flow hedging reserve to the extent that the hedge is effective.

Hedging instrument which no longer meets the criteria for hedge accounting, expires or is sold, terminated or exercised, then hedge accounting is discontinued prospectively. Any gain or loss recognised in other comprehensive income and accumulated remains therein till that time and thereafter to the extent hedge accounting being discontinued is recognised in Statement of Profit and Loss. When a forecasted transaction is no longer expected to occur, the cumulative gain or loss accumulated in equity is transferred to the Statement of profit and loss.

D. Financial Guarantee Contracts

Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirement of Ind AS 109 and the amount recognized less cumulative amortization.

E. Offsetting financial instruments

Financial assets and liabilities including derivative financial instruments are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

F. Impairment of financial assets

A financial asset is assessed for impairment at each balance sheet date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. The company recognises loss allowances using the Expected Credit Loss ("ECL") model for financial assets measured at amortised cost.

The company recognises lifetime expected credit losses for trade receivables. Loss allowance equal to the lifetime expected credit losses are recognised if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

3.8 Inventories

Inventories are valued at lower of cost or net realisable value. Cost of inventories is ascertained on 'weighted average' basis. Materials and

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

other supplies held for use in the production of inventories are not written down below cost if the related finished products are expected to be sold at or above cost.

Cost in respect of raw materials and stores and spares includes expenses incidental to procurement of the same. Cost in respect of finished goods and process stock represents direct and indirect cost for bringing the inventory to present situation and condition including cost of material plus costs of conversion, comprising of labour costs and an attributable proportion of manufacturing overheads based on normal levels of activity.

Cost of traded goods include cost of purchase and other cost incurred in bringing the inventory to their present location and condition.

Scrap and By Products which are sold are valued at estimated net realizable value.

Net Realizable Value is the estimated selling price in the ordinary course of business less estimated cost of completion and the estimated cost necessary to make the sale.

3.9 Foreign Currency Transactions

Foreign currency transactions are translated into the functional currency at the exchanges rate prevailing on the dates of the transactions. Foreign currency monetary assets and liabilities at the reporting date are translated at the reporting date exchange rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of transaction.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in the Statement of Profit and Loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the Statement of Profit and Loss within finance costs.

The Company had opted for accounting the exchange differences arising on reporting of long term foreign currency monetary items in line with Companies (Accounting Standards) Amendment Rules 2009 relating to Accounting Standard-11 notified by Government of India on March 31, 2009 (as amended on December 29, 2011), which has been continued in accordance with Ind-AS 101 for all pre-existing long term foreign currency monetary items as at March 31, 2016. Accordingly, exchange differences relating to long term monetary items, in so far as they relate to the acquisition of Property, Plant and Equipment, were adjusted in the carrying amount of such assets.

3.10 Equity Share Capital

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Par value of the equity shares is recorded as share capital and the amount received in excess of par value is classified as Securities Premium.

Costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

3.11 Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a legal or constructive obligation as a result of past events and it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses. The amount recognized as a provision is the best estimate of the consideration required for settlement of the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities are not recognized and are disclosed by way of notes to the financial statements when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or when there is a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the same or a reliable estimate of the amount in this respect cannot be made.

When there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure for contingent liability is made.

Contingent assets are not recognised but disclosed by way of notes in the financial statements when an inflow of economic benefits is probable.

3.12 Employee Benefits

Employee benefits are accrued in the year in which services are rendered by the employee.

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

Short Term Benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.

Other Long Term Employee Benefits

The cost of providing long term employee benefits consisting of leave encashment that are not expected to be settled wholly within twelve months are measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Actuarial gains and losses and past service cost are recognised immediately in the Statement of Profit and Loss for the period in which they occur. Long term employee benefit obligation recognised in the Balance Sheet represents the present value of related obligation.

Post Employment Benefits

The Company operates the following post employment schemes:

– Defined Benefit Plans

The liability or asset recognized in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.

Remeasurements of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the Statement of Profit and Loss.

– Defined Contribution Plan

Defined contribution plans such as provident fund etc. are charged to the statement of profit and loss as and when incurred. Contribution to Superannuation fund and National Pension Scheme, a defined contribution plan is made in accordance with the company's policy and is recognised in the Statement of Profit and Loss.

3.13 Operating and Other Income

i. Revenue from Sale of Products

Revenue from contracts with customers is accounted for only when it has commercial substance, and all the following criteria are met:

- (i) parties to the contract have approved the contract and are committed to perform their respective obligations;
- (ii) each party's rights regarding the goods or services to be transferred and payment terms there against can be identified; and
- (iii) consideration in exchange for the goods or service to be transferred is collectible and determinable.

Revenue from contract with customers is recognized on satisfaction of performance obligation, when control over the goods or services has been transferred and/or goods/ services are delivered/ provided to the customer. Delivery occurs when the goods have been shipped or delivered to a specific location, and the customer has either accepted the goods under the contract or the company has sufficient evidence that all the criteria for acceptance have been satisfied.

Revenue is measured at the amount of transaction price (consideration specified with the customers) allocated to that performance obligation. The transaction price of goods sold is net of variable consideration on account of rebates, claims and discounts, returns, Goods and Service Tax (GST) and such other taxes collected on behalf of third party not being economic benefits flowing to the company are excluded from revenue. Accumulated experience is used to estimate and provide for the discounts/ right of return, using the expected value

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

method.

A refund liability is recognized for expected returns in relation to sales made and corresponding assets are recognized for the products expected to be returned.

The company recognises as an asset, the incremental costs of obtaining a contract with a customer, if the company expects to recover those costs. The said asset is amortised on a systematic basis consistent with the transfer of goods or services to the customer.

ii. Interest, Dividend and Claims

Dividend income is recognized when the right to receive payment is established. Interest has been accounted using effective interest rate method. Insurance claims/ other claims are accounted as and when admitted / settled.

iii. Export Benefits

Export incentives are accounted for in the year of export if the entitlements and realisability thereof can be estimated with reasonable accuracy and conditions precedent to such benefit is fulfilled.

3.14 Borrowing Costs

Borrowing cost comprises of interest and other costs incurred in connection with the borrowing of the funds. All borrowing costs general or specific are recognized in the Statement of Profit and Loss using the effective interest method except to the extent attributable to qualifying Property, Plant and Equipment (PPE) which are capitalized to the cost of the related assets. A qualifying PPE is an asset, that necessarily takes a substantial period of time to get ready for its intended use or sale. Borrowing cost also includes exchange differences to the extent considered as an adjustment to the borrowing costs.

3.15 Non-current assets (or disposal groups) held for sale

Non-current assets held for sale are presented separately in the balance sheet when the following criteria are met:

- the Company is committed to selling the asset;
- the assets are available for sale immediately;
- an active plan of sale has commenced; and
- Sale is expected to be completed within 12 months.

Assets held for sale and disposal groups are measured at the lower of their carrying amount and fair value less cost to sell. Assets held for sale are no longer amortised or depreciated.

Non-current asset classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a Non-current asset classified as held for sale are presented separately from other liabilities in the balance sheet.

3.16 Government Grants

Government grants are recognized on systematic basis when there is reasonable certainty of realization of the same. Revenue grants including subsidy/rebates are credited to the Statement of Profit and Loss Account under "Other Operating Income" or deducted from the related expenses for the period to which these are related. Grants which are meant for purchase, construction or otherwise acquire non current assets are recognized as Deferred Income and disclosed under Non Current Liabilities and transferred to the Statement of Profit and Loss on a systematic basis over the useful life of the respective asset. Grants relating to non-depreciable assets is transferred to the Statement of Profit and Loss over the periods as specified for meeting the obligations related to such grants.

3.17 Taxes on Income

Income tax expense representing the sum of current tax expenses and the net charge of the deferred taxes is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Current income tax is provided on the taxable income and recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted by the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset related current tax assets against current tax

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

liabilities and when these relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and adjusted to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax items in correlation to the underline transactions relating to Other Comprehensive Income and Equity are recognised in Other Comprehensive Income and Equity respectively.

3.18 Earnings Per Share

Basic earnings per share are computed by dividing the net profit/(loss) attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

3.19 Segment Reporting

Operating segments are identified and reported taking into account the different risk and return, organisation structure and in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). CODM is responsible for allocating resources and assessing performance of the operating segments, financial results, forecasts or plan for the segment and accordingly is identified as the chief operating decision maker.

The Company has identified one reportable segment "Pipes and Fittings" being primary segment and all other activities revolve around the main business based on the information reviewed by the CODM.

4. Critical accounting judgments, assumptions and key sources of estimation and uncertainty

The preparation of the financial statements in conformity with the measurement principle of Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognized in the year in which the results are known / materialized and, if material, their effects are disclosed in the notes to the financial statements.

Application of accounting policies that require significant areas of estimation, uncertainty and critical judgments and the use of assumptions in the financial statements that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are discussed below. The notes dealt with in 4.1 to 4.8 below provide an overview of the areas that involved a high degree of judgement or complexity and of items which are likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements are included in the relevant notes together with information about basis of calculation of each affected line item in the financial statements.

4.1 Depreciation / amortization and impairment on Property, Plant and Equipment / intangible assets/ ROU

Property, Plant and Equipment and Intangible Assets are depreciated/ amortised on straight-line /written down value basis over the estimated useful lives in accordance with Schedule II of the Companies Act, 2013 or as estimated by the management, taking into account the estimated residual value, wherever applicable. ROU are depreciated on a straight line basis over the shorter of the lease term and useful life of the underlying asset. The Company reviews the estimated useful lives of the assets regularly in order to determine the amount of depreciation / amortization and amount of impairment if any to be recorded during any reporting period. This reassessment may result in variation in the amount of depreciation and amortisation in future period.

The company reviews carrying value of Tangible/ Intangible and ROU Assets whenever there is objective evidence that the assets are impaired. In such situation Assets' recoverable amount is estimated which is higher of asset's or cash generating units (CGU) fair value less cost of disposal and its value in use. In assessing value in use the estimated future cash flows are discounted using pre-tax discount rate which reflect the current assessment of time value of money. In determining fair value less cost of disposal, recent market realisations are

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

considered or otherwise in absence of such transactions appropriate valuations are adopted. Accordingly, these assets have been carried forward at their respective carrying value and no provision on account of impairment thereagainst as such have been considered necessary.

4.2 Impairment of Investments in Subsidiaries and Joint Ventures

The company reviews its carrying value of investments in Subsidiaries and Joint Venture carried at cost/ deemed cost (net of impairment if any) annually or more frequently when there is an indication for impairment. If the recoverable amount is less than its carrying amount the impairment loss is accounted for in the Statement of Profit and Loss. Accordingly, no further provision on account of impairment have been considered in these financial statement.

4.3 Right-of-use assets and lease liability

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the company's operations taking into account among other thing, the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

4.4 Claims and Compensation

Claims including insurance claims / arbitration claim are accounted for on determination of certainty of realisation thereof. Compensation receivable against coal mine (refer note no. 49) pending final acceptance or settlement thereof has not been given effect to, as the amount expected to be realised in this respect as dealt in the said note has not been considered to be less than the carrying amount of the relevant assets and other recoverables. In respect of certain other claims as dealt with in note no. 52(ii), compensation already awarded in respect of such claims are disputed and matters are pending before the judicial authorities or the time limit for appeal before the authorities has not expired. Pending final decision on these matters, these have been disclosed as Contingent Assets as at the end of the reporting period.

4.5 Impairment allowances on trade receivables

The Company evaluates whether there is any objective evidence that trade receivables are impaired and determines the amount of impairment allowance as a result of the inability of the customers to make required payments. The Company bases the estimates on the ageing of the trade receivables balance, credit-worthiness of the trade receivables and historical write-off experience. In case of variation in financial condition the amount of impairment as recognised may vary having a significant impact on the Financial Statement.

4.6 Income taxes

Significant judgment is required in determination of taxability of certain income and deductibility of certain expenses during the estimation of the provision for income taxes. Also there are matters pending before various judicial authorities outcome whereof are uncertain. Further, material judgement and assumptions are involved for arriving at timing differences and consequential adjustments on account of deferred taxation are given effect to wherever there are uncertainties leading to the variations in earlier assumptions.

4.7 Defined benefit obligation (DBO)

The present value of the defined benefit obligations and long term employee benefits depends on a number of factors that are determined on an actuarial basis using a number of assumptions. An actuarial valuation critical estimate of the DBO involves a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate, anticipation of future salary increases etc. as estimated by Independent Actuary appointed for this purpose by the Management. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

4.8 Provisions and Contingencies

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change.

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations/ against the Company as it is not possible to predict the outcome of pending matters with accuracy.

The carrying amounts of provisions and liabilities and estimation for contingencies are reviewed regularly and revised to consider changing facts and circumstances.

- 6.1 Right to use under WIS represents cost incurred in connection with wagon procured under "Wagon investment Scheme" (WIS) and handed over to the railway authorities for their normal operations and ensuring the availability of the wagons on priority for transportation etc. as and when required.

The company being deprived of the availability of the wagons as per the WIS had terminated the agreement with South Eastern Railway (SER) and lodged a claim of Rs. 2,32,44.82 lakhs for compensation in this respect. Arbitration award pursuant to the claim for compensation amounting to Rs. 2,52,85.27 lakhs (including interest) has been allowed in favour of the Company. Meanwhile, the company filed an application for execution of the balance amount due/payable by SER under the award against which subsequently on June 27, 2024, the Hon'ble Calcutta High Court has directed SER to deposit additional sum of Rs. 60,00.00 lakhs against interest accrued till June 20, 2024. SER objected to the said award and the matter is currently pending before the Hon'ble Calcutta High Court. Pending decision of the Hon'ble Court, Rs. 3,12,85.27 lakhs as decided including interest as stated above has been deposited by SER. The company on submission of the Bank Guarantee has withdrawn Rs. 3,10,32.42 lakhs (net of Rs. 2,52.85 lakhs on account of commission and other charges) which has been deposited in fixed deposit with bank (refer note no. 10.1) and equivalent amount towards liability, if any arising on account of the guarantee issued has been recognised (refer note no. 24) in these financial statements.

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

Differential amount of Rs.2,52.85 lakhs deducted on account of commission and other charges and interest if any payable in this respect depending upon the outcome of the decision of the Hon'ble Calcutta High Court has been disclosed as contingent liabilities (refer note no. 52(i) (h)) in these financial statements. Adjustments with respect to ROU Assets as above and amount of claim (refer note no. 52(ii)(b)) will be given effect to on determination thereof upon final decision on the matter.

- 9.1 (a) The Company holds 19796000 equity shares (previous year 19796000 equity shares) of Rs. 10 each in ESL Steel Limited ('ESL') out of which 17334999 equity shares (previous year 17334999 equity share) of Rs. 10 each amounting to Rs. 43,11.21 lakhs were pledged with the consortium of lenders of ESL ('lenders'). The notices issued by the lenders for invocation of pledge of company's investment was set aside by the Hon'ble High Court at Calcutta in earlier year and the company's plea for release of such pledge is pending before the said High Court.
- (b) Further, in earlier years, certain land amounting to Rs. 2,94,93.58 lakhs (previous year Rs. 2,94,93.58 lakhs) of the company, situated at Elavur, Tamil Nadu were mortgaged to another lender SREI Infrastructure Finance Limited ('SREI') of ESL and SREI had subsequently assigned its right in the said property to an Asset Reconstruction Company ('ARC') although the claims of the said lender were fully discharged by ESL as per the Resolution Plan approved by Hon'ble National Company Law Tribunal ('NCLT'), Kolkata. Subsequently, the ARC had issued SARAFESI Notice and taken the symbolic possession of the said land. The Company had disputed the alleged assignment of the loan by the lender and as directed by the Hon'ble Supreme Court had filed an application before the Debt Recovery Tribunal ('DRT'), Chennai for setting aside the SARAFESI actions and release of the title deeds of the land which vide order dated April 08, 2022 (uploaded on April 27, 2022) had been dismissed by DRT. On filing the appeal before the Debt Recovery Appellate Tribunal ('DRAT') against the order of DRT, DRAT has directed the Company to deposit 50% of the SARAFESI demand i.e. Rs. 2,93,55.04 lakhs (previous year Rs. 2,93,55.04 lakhs) against which revision application under Article 227 of the Indian Constitution and a Writ Application under Article 226 of Indian Constitution has been filed before Hon'ble Madras High Court and the matter is pending before the said court.
- Earlier, the ARC had also filed an application before the Hon'ble NCLT, Cuttack for initiation of Corporate Insolvency and Resolution Process ('CIRP') against the Company which had been decided in the favour of the Company vide NCLT order dated June 24, 2022 ('the Order'). The said order on being challenged by ARC has been upheld by NCLAT vide its order dated January 24, 2024 and thereby the order dismissing the application of ARC by NCLT as above stands valid and effective. The judgement of NCLAT has been challenged by the ARC before Hon'ble Supreme Court of India which is yet to be decided by the said court.
- (c) Pending finalization of the matters as per (a) and (b) above, the assets have been carried forward at their book value.

**Notes to Standalone Financial Statements** for the year ended March 31, 2025 (Contd.)**21.1 Capital Reserve**

The reserve was created on account of forfeiture of warrants convertible into equity shares.

21.2 Capital Reserve on Amalgamation

Capital Reserve on Amalgamation represent the excess of consideration paid i.e. equity shares issued with respect to net assets and reserves acquired consequent to amalgamation of erstwhile Mahadev Vyapaar Private Limited and Srikalahasthi Pipes Limited amounting to (Rs. 14,86.46 lakhs) and (Rs. 4,25,39.34 lakhs) respectively.

21.3 Securities Premium

Securities Premium Reserve represents the amount received in excess of par value of securities and is available for utilisation as specified under Section 52 of Companies Act, 2013.

21.4 General Reserve

General Reserve is a free reserve which is created by transfer of profit from retained earnings. As the Reserve is created by a transfer from one component to another, it is not an item of OCI. Item included in General Reserve is not reclassified subsequently to Statement of Profit and Loss.

21.5 Retained Earnings

Retained earnings generally represents the accumulated undistributed surplus earnings of the company. This includes Rs. 12,66,79.28 lakhs (previous year Rs. 11,85,80.02 lakhs) represented by changes in carrying amount of Property, Plant and Equipments being measured at fair value as on the date of transition as deemed cost. Further unrealised loss of Rs. 9,84,10.67 lakhs (previous year Rs. 9,84,10.67 lakhs) due to changes in carrying amount of investment has also been adjusted to the retained earning. Thereby Rs. 2,82,68.61 lakhs (previous year Rs. 2,01,69.35 lakhs) being represented by changes in carrying value of assets in terms of provisions of Companies Act 2013 is not available for distribution. This also includes other comprehensive income of (Rs. 2,43.19 lakhs) (previous year (Rs. 1,54.66 lakhs)) relating to remeasurement of defined benefit plans (net of tax) which cannot be reclassified to statement of profit and loss.

21.6 Other Comprehensive Income

Other Comprehensive Income (OCI) represent the balance in equity for items to be accounted under OCI and comprises of the following:

i) Items that will not be reclassified to Profit and Loss

- a. The company has elected to recognise changes in the fair value of non-current investments in equity (other than in subsidiaries and joint ventures) in OCI. This reserve represents the cumulative gains and losses arising on equity instruments being measured at fair value. The company transfers amounts from this reserve to retained earnings when the relevant equity securities are disposed.
- b. This also includes actuarial gains and losses arising on defined benefit obligations recognised in OCI which is transferred to retained earning as stated in note no. 21.5

- 21.7 Subsequent to the Balance Sheet date, the Board of Directors at its meeting held on May 10, 2025 has recommended a final dividend of Rs. 1.40 per equity share to be paid on fully paid up equity shares in respect of financial year ended March 31, 2025. The equity dividend is subject to approval by the shareholders at the ensuing Annual General Meeting and has not been included as a liability in these financial statement. The estimated amount of final dividend to be paid thereof amounts to Rs. 86,54.58 lakhs.

		5,59,40.29	2,50,43.42

- 24.1 The company started construction of a private siding at Durgachak near Haldia in 2007 which was completed in 2009. However, the commissioning of the siding was withheld by the Railways thereby jeopardising company's investment of Rs. 40,96.00 lakhs in the project. South Eastern Railways (SER) had withdrawn all permissions against the siding and raised demand of Rs. 3,25.00 lakhs towards Land Licensing Fees and liquidated damages for the period from 2012-13 till April 28, 2017 and being aggrieved by said decision of SER, the company had

**Notes to Standalone Financial Statements** for the year ended March 31, 2025 (Contd.)

filed an application before the Hon'ble Calcutta High Court for appointment of a Sole Arbitrator and by order dated July 01, 2019, the court appointed Sole Arbitrator in the matter.

The company had submitted its final claim before the Tribunal for refund of costs incurred for the siding and excess Land Licensing fees paid by it, alongwith compensation for loss of business etc. and interest till realization of the dues. The arbitration award allowing the claim of Rs. 2,28,00.02 lakhs was granted on January 03, 2024 in favour of the company including the amendment thereto made by supplementary award dated February 16, 2024. During the year, the company has filed an application for execution of award before the single bench of Hon'ble Calcutta High Court wherein the Court has directed SER to deposit Rs. 2,48,96.87 lakhs (inclusive of further interest @18% p.a. for the period from January 05, 2024 to July 09, 2024) with the Court's Registrar. The said amount has subsequently been deposited by SER alongwith two applications for setting aside of the arbitral award and for stay of operation of the arbitral award before the single bench of Hon'ble Calcutta High Court, which is pending for hearing as on this date. Pending this, the company on submission of the Bank Guarantee has withdrawn Rs. 2,48,96.87 lakhs which has been deposited in fixed deposit with bank (refer note no. 10.1) and an equivalent amount towards liability, if any arising on account of the guarantee issued has been recognised in these financial statements. Adjustment with respect to amount of claim (refer note 52(ii)(c)) will be given effect to on determination thereof upon final decision on the matter.

b) Fair Valuation Techniques

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- The fair value of cash and cash equivalents, current trade receivables and payables, current loans, current financial liabilities and assets and borrowings approximate their carrying amount largely due to the short-term nature of these instruments. The management considers that the carrying amounts of financial assets and financial liabilities recognised at nominal cost/amortised cost in the financial statements approximate their fair values. In respect of non current trade receivables and loans, fair value is determined by using discount rates that reflect the present borrowing rate of the company.
- A substantial portion of the company's long-term debt has been contracted at floating rates of interest, which are reset at short intervals. Fair value of variable interest rate borrowings approximates their carrying value subject to adjustments made for transaction cost. In respect of fixed interest rate borrowings, fair value is determined by using discount rates that reflects the present prevailing rates for similar borrowing in the market.

**Notes to Standalone Financial Statements** for the year ended March 31, 2025 (Contd.)

3. Investments (other than Investments in Joint Venture and Subsidiaries) traded in active market are determined by reference to the quotes from the Stock exchanges as at the reporting date. Investment in liquid and short term mutual fund/Alternate Investment Funds, which are classified as Fair value through Profit and Loss are measured using quoted net assets value at the reporting date and in case of debentures, bonds and government securities, the net present value at current yield to maturity have been considered. Unquoted investments in shares have been valued based on the historical net asset value as per the latest audited financial statements.
4. The fair value of derivative financial instruments is determined based on observable market inputs including currency spot and forward rates, yield curves, currency volatility etc. The said valuation has been carried out by the counter party with whom the contract has been entered with and management has evaluated the credit and non-performance risks associated with the counterparties and believes them to be insignificant and not requiring any credit adjustments.

(c) Fair value hierarchy

1. The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at balance sheet date:

3. The Inputs used in fair valuation measurement are as follows:
- Fair valuation of Financial assets and liabilities not within the operating cycle of the company is amortised based on the borrowing rate of the company.
 - Derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the marketplace. The inputs used for forward contracts are Forward foreign currency exchange rates and Interest rates to discount future cash flow.
 - Unquoted investments in equity shares have been valued based on the amount available to shareholder's as per the latest audited financial statements wherever available. In case of AIF and Debentures these are based on valuation provided by external agencies.

(d) Derivatives financial assets and liabilities:

The Company follows established risk management policies, including the use of derivatives to hedge its exposure to foreign currency fluctuations on foreign currency assets / liabilities. The counter party in these derivative instruments is a bank and the Company considers the risks of non-performance by the counterparty as non-material.

(e) **Sale of Financial Assets**

In the normal course of business, the Company transfers its bill receivables to banks by way of discounting from them. Under the terms of the agreements, the Company surrenders control over the financial assets and the transfer is with recourse. Under arrangement with recourse, the company is obligated to repurchase the uncollected financial assets, subject to limits specified in the agreement with banks. Accordingly, in such cases the amount transferred are recorded as borrowings in the statement of financial position and cash flows from financing activities. As at March 31, 2025 and March 31, 2024 the maximum amount of recourse obligation in respect of financial assets are Rs 4,63,77.11 lakhs and Rs. 5,03,36.40 lakhs respectively.

(f) **Financial Risk Management**

The Company's activities are exposed to variety of financial risks. The key financial risks includes market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial

**Notes to Standalone Financial Statements** for the year ended March 31, 2025 (Contd.)

performance. The Board of Directors reviews and approves policies for managing these risks. The risks are governed by appropriate policies and procedures and accordingly financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

1. Market Risk

Market risk is the risk or uncertainty arising from possible market fluctuations resulting in variation in the fair value of future cash flows of a financial instrument. The major components of Market risks are currency risk, interest rate risk, commodity price risk and other price risk. Financial instruments affected by market risk includes trade receivables, borrowings, investments in fixed deposit/ Mutual Funds/ Bonds/ Alternative Investment funds and trade and other payables.

i) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's foreign currency denominated borrowings, trade receivables and trade or other payables.

In order to mitigate forex losses, the Company over and above the natural hedge available against foreign currency transactions has adopted a comprehensive risk management review system wherein it actively hedges its foreign exchange exposures within defined parameters through use of hedging instruments such as forward contracts, options and swaps. The Company periodically reviews its risk management initiatives and also takes experts advice on regular basis on hedging strategy.

The carrying amount of various exposures to foreign currency as at the end of the reporting period are as follows:

Derivative financial assets and liabilities dealing with outstanding derivative contracts and unhedged foreign currency exposure has been detailed in earlier parts.

With all other variables held constant, the following table demonstrates the sensitivity in respect of fluctuation of USD, EURO, GBP and other currencies to the Indian Rupee.

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

(Rs. in lakhs)

Particulars	Effect on Profit before tax	
	For the year ended March 31, 2025	For the year ended March 31, 2024
RECEIVABLES (Weaking of INR by 5%)		
USD	–	14.63
GBP	–	9.80

EURO	(4.39)	(8.86)
GBP	(2.35)	(2.71)
AUD	(0.69)	(0.49)

A 5% strengthening of INR would have an equal and opposite effect on the Company's financial statements.

ii) Interest rate risk

The company's exposure in market risk relating to change in interest rate primarily arises from floating rate borrowing with banks and financial institutions. Considering the same, the carrying amount of said borrowing was considered to be at fair value. Borrowings at fixed interest rate exposes the company to the fair value interest rate risk. The company maintains a portfolio mix of fixed and floating rate borrowings. As at March 31, 2025, approximately 77.82% (previous year 74.28%) of the company's borrowings are at fixed rate and these being short term borrowings, exposure to interest rate risk becomes minimal.

Further there are deposits with banks which are for short term period are exposed to interest rate risk, falling due for renewal. These deposits are however generally for trade purposes as such do not cause material implication. Additionally, the company has certain fixed deposit created in respect of amount withdrawn against claim as dealt within note no. 10.1 which are periodically renewed till the final settlement.

With all other variables held constant, the following table demonstrates the sensitivity of the finance cost on floating rate portion of loans and borrowings.

(Rs. in lakhs)

Nature of Borrowing	Increase in basis points	For the year ended March 31, 2025	For the year ended March 31, 2024
Rupee Loan	50	199.66	258.49

A decrease in 50 basis point in Rupee Loan would have an equal and opposite effect on the Company's financial statements.

iii) Commodity Risk

The company's revenue is exposed to the market risk of price fluctuation related to sale of products which is generally determined by market forces. These prices may be influenced by factors such as supply and demand, production costs (including cost of raw material inputs) and global and regional economic conditions and growth. Adverse changes in any of these factors may reduce the revenue of the company. The company is also subject to fluctuation in prices of iron ore, coking coal, Ferro alloys, zinc and other raw material inputs.

The company aims to sell the products at prevailing market prices. Similarly, the company procures key raw material based on prevailing market rates. However, these contracts with the customers generally with a delivery period of 90-180 days, results in the mismatch of cost and sales realisation. Further the lead time for procurement of imported material consisting of coal and other ferrous products also have an impact on profitability.

iv) Other price risk

The Company's equity exposure in Subsidiaries and Joint Ventures are carried at cost or deemed cost and these are subject to impairment testing as per the policy followed in this respect. The company's current investments are fair valued through profit and loss and non current investment at fair value through OCI. The company invests in mutual fund schemes, AIF and Debentures of leading fund houses. Such investments are susceptible to market price risk that arise mainly from changes in interest rate which may impact return and value of such investments. However, given the relatively short tenure of underlying portfolio in which the company has invested, such price risk is not significant.

**Notes to Standalone Financial Statements** for the year ended March 31, 2025 (Contd.)**2. Credit Risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables). Majority of the Company's sales are against advance or are against letters of credit/ cash against documents/ guarantees of banks of national standing and thereby credit risk is minimal. The management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Major water infrastructure projects are Government funded or foreign aided and the risk involved in payment default is minimum with respect to these customers. Besides, export receivables are primarily from subsidiaries and sales made by them is covered under Credit Insurance. The Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and ageing of accounts receivable. Individual risk limits are set accordingly. Further, the company obtains necessary security including letter of credits and/or bank guarantee to mitigate its credit risk.

The carrying amount of respective financial assets recognised in the financial statements, (net of impairment losses) represents the Company's maximum exposure to credit risk. The concentration of credit risk is limited due to the customer base being large and unrelated. Of the trade receivables balance at the end of the year (other than subsidiaries), there are no single customer accounted for more than 10% of the accounts receivable and 10% of revenue as at March 31, 2025 and March 31, 2024. The company takes collateral or other credit enhancements to secure its credit risk.

The Company extends credit to customers as per the internal credit policy. Any deviation are approved by appropriate authorities, after due consideration of the customers credentials and financial capacity, trade practices and prevailing business and economic conditions. The Company's historical experience of collecting receivables and the level of default indicate that credit risk is low and generally uniform across market. Consequently, trade receivables are considered to be a single class of financial assets. All overdue customer balances are evaluated taking into account the age of the dues, specific credit circumstances, the track record of the customers etc. The company computes credit loss allowance based on a matrix of historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates.

Financial assets that are neither past due nor impaired

Cash and cash equivalents, investment and deposits with banks are neither past due nor impaired. Cash and cash equivalents with banks are held with reputed and credit worthy banking institutions.

Financial assets that are past due but not impaired

Trade receivables that are past due at the end of the reporting period, no credit losses there against are expected to arise. The company also takes advance, letter of credit and bank guarantee from its customers, which mitigates the credit risk to that extent.

3. LIQUIDITY RISK

The company determines its liquidity requirement in the short, medium and long term. This is done by drawing up cash forecast for short term and long term needs. The company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalent. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity monitoring future cashflows and liquidity on a regular basis. Surplus funds not immediately required are invested in certain mutual funds, AIF, bonds, debentures, fixed deposits etc. which provide flexibility to liquidate. Besides, the current committed line of credit are sufficient to meet its short to medium term fund requirement.

i) Liquidity and interest risk tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables shows principal cash flows as at balance sheet date:

The company has current financial assets which will be realised in ordinary course of business. The Company ensures that it has sufficient bandwidth on demand to meet expected operational expenses. The company relies on mix of borrowings and operating cash flows to meet its need for funds and ensures that it does not breach any financial covenants stipulated by the lender.

g)

CAPITAL MANAGEMENT

The primary objective of the Company's capital management is to ensure that it maintains a healthy capital ratio in order to support its business and maximise shareholder value. The Company's objective when managing capital is to safeguard their ability to continue as a going concern so that they can continue to provide returns for shareholders and benefits for other stake holders. The Company is focused on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required without affecting the risk profile of the Company.

Salary Escalation	+1%	4,68.73
	-1%	(3,93.23)
Withdrawal Rate	+1%	42.17
	-1%	(14.96)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the Balance Sheet. The method and type of assumption used in preparing the sensitivity analysis did not change compared to prior period.

Risk analysis

Through its defined benefit plans, the Company is exposed to a number of risks in the defined benefit plans. Most significant risks pertaining to defined benefit plans and management's estimation of the impact of these risks are as follows:

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

Investment risk

The Gratuity plan is funded with Life Insurance Corporation of India and ICICI Prudential Life Insurance Company Limited and the company does not have any liberty to manage the fund provided to them. The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to yield of Government of India bonds. If the return on plan asset is below this rate, it will create a plan deficit.

Interest risk

A decrease in the interest rate on plan assets will increase the plan liability.

Longevity risk / Life expectancy

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

Notes to Standalone Financial Statements for the year ended March 31, 2025 (Contd.)

49. (a) In pursuance of the Order dated September 24, 2014 issued by the Hon'ble Supreme Court of India ('the Order') followed by the Ordinance promulgated by the Government of India, Ministry of Law & Justice ('legislative department') dated October 21, 2014 ('Ordinance') for implementing the Order, allotment of Parbatpur coal block ('coal block/mines') to the Company which was under advanced stage of implementation, had been cancelled w.e.f. April 01, 2015. In terms of the Ordinance, the Company was allowed to continue the operations in the said block till March 31, 2015. Accordingly, the said block had been handed over to Bharat Coking Coal Limited ('BCCL') as per the direction from Coal India Limited ('CIL') with effect from April 01, 2015 and the same was thereafter allotted to Steel Authority of India Limited ('SAIL') and pending final determination, compensation of Rs. 83,12.14 lakhs was received. The company also came to understand that SAIL subsequently handed over back the said coal block to the custody of BCCL.

Following a petition filed by the Company, the Hon'ble High Court at Delhi had pronounced its judgement on March 09, 2017. Accordingly, based on the said judgement, the Company has so far claimed Rs. 15,49,44.48 lakhs towards compensation against the said coal block and acceptance of the same is awaited. The Nominated Authority appointed for deciding the amount of compensation had upheld its decision of compensation already paid which was set aside by the Hon'ble High Court with a direction to the Nominated Authority to reconsider the same. The Nominated authority further passed an order dated November 11, 2019 awarding an additional compensation of Rs. 1,80.00 lakhs and with a further direction to re-determine the value of certain assets by the appropriate authority. Subsequently, a newly appointed Nominated Authority ('New Nominated Authority') had appointed a valuer to determine the value of those specified assets as per the direction of Nominated Authority dated November 11, 2019. The company came to understand that valuation report recommending a valuation of total direct/hard cost for specified assets has been submitted to the New Nominated Authority. Moreover, the company had also earlier approached the New Nominated Authority/ Ministry of Coal ('Ministry') to reconsider the compensation determined by the previous Nominated Authority, for land and some other major assets and the final compensation is yet to be decided. In the meantime, JSW Steel Limited ('JSW') has been declared as successful bidder for Parbatpur Coal Block in "16th Tranche of Auction Under Coal Mines (Special Provisions) Act, 2015" and vesting order dated June 08, 2023 has been issued by the Ministry of Coal in favour of JSW. JSW as being claimed by them has taken the physical possession of said coal block and has therefore requested to initiate negotiations for utilization of movable property/ assets used in coal mining. The Company has approached Hon'ble Delhi High Court in this respect and the matter is pending as on this date. The company's management is actively pursuing to revise and determine the amount of entire compensation for the coal block including mine infrastructure and land and all other related assets in terms of Coal Mines (Special Provisions) Act, 2015 read with judgement dated March 09, 2017 pronounced by the Hon'ble High Court of Delhi and is taking all the necessary legal and other steps for the same.

Pending finalisation of the matter as above;

- (i) Rs. 12,88,84.11 lakhs incurred pertaining to the coal block till March 31, 2015 after setting off income, stocks etc. there against as per the accounting policy then followed by the Company has been continued to be shown as freehold land, capital work in progress, other fixed assets and other respective heads of account.

For Audit Qualification(s) where the impact is not quantified by the auditor:**(i) **Management's estimation on the impact of audit qualification:** N.A.(ii) **If management is unable to estimate the impact, reasons for the same:**

SubPara (a) -In pursuance of the Order dated September 24, 2014 issued by the Hon'ble Supreme Court of India ('the Order') followed by the Ordinance promulgated by the Government of India, Ministry of Law & Justice ('legislative department') dated October 21, 2014 ('Ordinance') for implementing the Order, allotment of Parbatpur coal block ('coal block'/mines') to the Company which was under advanced stage of implementation, had been cancelled w.e.f. April 01, 2015. In terms of the Ordinance, the Company was allowed to continue the operations in the said coal block till March 31, 2015. Accordingly, the said coal block had been handed over to Bharat Coking Coal Limited ('BCCL') as per the direction from Coal India Limited ('CIL') with effect from April 01, 2015 and the same was thereafter allotted to Steel Authority of India Limited ('SAIL') and pending final determination, compensation of Rs. 8312.14 lakhs was received. The company also came to understand that SAIL subsequently handed over back the said coal block to the custody of BCCL.

Following a petition filed by the Company, the Hon'ble High Court at Delhi had pronounced its judgement on March 09, 2017. Accordingly, based on the said judgement, the Company has so far claimed Rs.154944.48 lakhs towards compensation against the said coal block and acceptance of the same is awaited. The Nominated Authority appointed for deciding the amount of compensation had upheld its decision of compensation already paid which was set aside by the Hon'ble High Court with a direction to the Nominated Authority to reconsider the same. The Nominated authority further passed an order dated November 11, 2019 awarding an additional compensation of Rs. 180.00 lakhs with a further direction to re-determine the value of certain assets by the appropriate authority. Subsequently, a newly appointed Nominated Authority ('New Nominated Authority') had appointed a valuer to determine the value of those specified assets as per the direction of the Nominated Authority dated November 11, 2019. The company came to understand that valuation report recommending a valuation of total direct/hard cost for specified assets has been submitted to the New Nominated Authority. Moreover, the company had also earlier approached the New Nominated Authority/ Ministry of Coal ('Ministry') to reconsider the compensation determined by the previous Nominated Authority, for land and some other major assets and the final compensation is yet to be decided.

In the meantime, JSW Steel Limited ('JSW') had been declared as successful bidder for Parbatpur Coal Block in "16th Tranche of Auction Under Coal Mines (Special Provisions) Act, 2015" and vesting order dated June 08, 2023 was issued by the Ministry of Coal in favour of JSW. JSW as being claimed by them took over the physical possession of said coal block and has therefore requested to initiate negotiations for utilization of movable property/ assets used in coal mining. Pending determination of the amount of claim, the Company has approached Hon'ble Delhi High Court and the matter is pending as on this date. The company's management is actively pursuing to revise and determine the amount of entire compensation for the coal block including mine infrastructure, land and all other related assets in terms of Coal Mines (Special Provisions) Act, 2015 read with judgement dated March 09, 2017 pronounced by the Hon'ble High Court of Delhi and is taking all the necessary legal and other steps for the same.

Pending finalisation of the matter as above;

- (i) Rs.128884.11 lakhs incurred pertaining to the coal block till March 31, 2015 after setting off income, stocks etc. there against as per the accounting policy then followed by the Company has been continued to be shown as freehold land, capital work in progress, other fixed assets and other respective heads of account;
- (ii) Interest and other finance cost for the year ended March 31, 2016 against the fund borrowed and other expenses directly attributable in this respect amounting to Rs. 9514.74 lakhs have been considered as other recoverable under current assets; and
- (iii) Compensation of Rs. 8312.34 lakhs so far received and net realisations/claims against sale of assets, advances, input credits etc. amounting to Rs. 2090.04 lakhs have been adjusted. Bank guarantee amounting to Rs. 920.00 lakhs has been given against the compensation received.

Necessary disclosures and adjustments arising with respect to above and determination of resultant claim will be given effect to on final acceptance/settlement of the amount thereof.

Sub Para (b) - In view of approved resolution plan as confirmed by Hon'ble National Company Law Appellate Tribunal (NCLAT) by its order dated August 10, 2018 and pursuant to issuance of additional Equity Shares by ESL Steel Limited (ESL) for giving impact of the resolution plan, ESL had ceased to be an associate of the Company during the quarter ended June 30, 2018. To comply with the requirements of Ind AS 109 "Financial Instruments", the Company had fair valued the investment in ESL and a sum of Rs. 57868.38 lakhs representing difference between the carrying value of said investment and fair value on the date of change of status was considered as exceptional item in statement of Profit and Loss in the quarter ended June 30, 2018. Further in terms of the approved resolution plan, advances and trade receivable amounting to Rs. 21121.70 lakhs receivable from ESL was written off during the quarter ended September 2018 shown as exceptional item

in the statement of Profit and Loss.

The Company had elected the option under the said Ind AS to present the subsequent fair value changes of the said investment through Other Comprehensive Income. During the year, the company has fair valued the equity share of ESL and a loss of Rs. 1037.31 lakhs has been accounted for under other comprehensive income.

Investment in ESL include 17334999 equity shares of Rs. 10 each in ESL amounting to Rs. 4311.21 lakhs as on March 31, 2025 which were pledged with the consortium of lenders of ESL (lenders) and the said pledge was not released by the lenders even after the settlement of their debt as per the approved resolution plan as above. The notices issued by the lenders for invocation of pledge of company's investment was set aside by the Hon'ble High Court at Calcutta in the earlier year and the company's plea for release of such pledge is pending before the said Hon'ble High Court.

In the earlier years, certain land amounting to Rs. 29493.58 lakhs of the company, situated at Elavur, Tamil Naidu, were mortgaged to another lender SREI Infrastructure Finance Limited ('SREI') of ESL and SREI had subsequently assigned its right in the said property to an Asset Reconstruction Company ('ARC') although the claims of the said lender were fully discharged by ESL as per the Resolution Plan approved by Hon'ble National Company Law Tribunal ('NCLT'), Kolkata. Subsequently the ARC had issued SARAFESI Notice and taken the symbolic possession of the said land. The Company had disputed the alleged assignment of the loan by the lender and as directed by the Hon'ble Supreme Court had filed an application before the Debt Recovery Tribunal ('DRT'), Chennai for setting aside the SARAFESI actions and release of the title deeds of the land which vide order dated April 08, 2022 (uploaded on April 27, 2022) had been dismissed by DRT. On filing the appeal before the Debt Recovery Appellate Tribunal ('DRAT') against the order of DRT, DRAT has directed the Company to deposit 50% of the SARAFESI demand i.e. Rs. 29355.04 lakhs against which revision application under Article 227 of the Indian Constitution and a Writ Application under Article 226 of Indian Constitution has been filed before Hon'ble Madras High Court and the matter is pending before the said court.

Earlier, the ARC had also filed an application before the Hon'ble NCLT, Cuttack for initiation of Corporate Insolvency and Resolution Process ('CIRP') against the Company which had been decided in the favour of the Company vide NCLT order dated June 24, 2022 ('the Order'). The said order on being challenged by ARC has been upheld by Hon'ble National Company Law Appellate Tribunal ('NCLAT') vide its order dated January 24, 2024 and thereby the order dismissing the application of ARC by NCLT as above stands valid and effective. The judgement of NCLAT has been challenged before Hon'ble Supreme Court of India which is yet to be decided by the said court.

Pending finalization of the matter, these assets have been carried forward at their book value.

CONSOLIDATED FINANCIAL STATEMENTS

Independent Auditors' Report

To the Members of Electrosteel Castings Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying consolidated financial statements of **Electrosteel Castings Limited** (hereinafter referred to as the "Company" or "Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") and its Joint Ventures, which comprise the consolidated balance sheet as at March 31, 2025, the consolidated statement of profit and Loss including the statement of other comprehensive income, consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements including a summary of material accounting policies and other explanatory notes for the year ended on that date (hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to in the Other Matter paragraph below, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standard) Rules 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2025, and their consolidated profit (including other comprehensive income), its consolidated statement of cash flows and consolidated changes in equity for the year ended on that date.

Basis for Qualified Opinion

Attention is invited to the following notes to the accompanying Consolidated financial statements:

- a) Note no. 51 regarding cancellation of coal block allotted to the parent in earlier year and adjustments to be given effect to in respect of the claims made by the parent, amount awarded so far in this respect and required disclosures/ adjustments in terms of Ind AS with respect to the carrying amounts of the property, plant and equipment, capital work in progress, inventory and balances lying under other heads of account and carried forward pending determination of the amount of claim in this respect as stated in the said note; and
- b) Note No. 9.1(a) in respect of Parent's investment in the equity shares of ESL Steel Limited (ESL), the pledge of which was invoked by the lenders of ESL and the same was set aside by Hon'ble Calcutta

High court and the matter is currently pending before the said court. Further, as stated in Note no. 9.1(b) dealing with mortgage of Land at Elavur plant in favour of one of the lenders of ESL who had assigned their rights to another party and symbolic possession of the said land was taken by the said party. The matter has been disputed by the parent and as stated in the said note is currently pending before DRAT and Hon'ble Madras High Court.

- c) Pending finalization of the matters dealt with in (a) and (b) above, required disclosures, adjustments and impacts thereof are presently not ascertainable and as such cannot be commented upon by us.

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirement prescribed under the provisions of the Companies Act, 2013 that are relevant to our audit of the consolidated financial statements in India, and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics and the requirements under the Companies act, 2013. We believe that the audit evidence obtained by us along with the consideration of auditors' report referred to in "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our qualified opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion paragraph of our report, we have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statement section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedure designed to respond to our assessment of the risk of material misstatement of the consolidated financial statement. The result of audit procedures performed by us and by other auditors of component not audited by us, as reported by them in their Auditors' Report furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the

Independent Auditors' Report (Contd.)

accompanying consolidated financial statements. However, the below mentioned key audit matters pertains to Parent as the other auditors of the component have not given any key audit matters in their reports.

Key Audit Matters	Addressing the key audit matters
Claims by or against the company, litigations and disclosure of contingent liabilities and assets (as described in note no. 30, 51 and 54 of the Consolidated financial statements)	
There are substantial amount of claims made by the parent including claims against Wagon Investment Scheme, Railway Siding, Parbatpur Coal Mines etc. which are pending as on this date as disclosed in Note no. 51 and 54(ii).	Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of accounting for claims made by or against the parent and disclosures there against include the following:
The parent is also exposed to number of significant claims and litigations involving taxation and other laws and regulations and related interpretations. This includes various matters related to Direct and Indirect taxes, compensation etc. as dealt with in note no. 6.1, 26.1, 30 and 54(i) pending before various judicial authorities as on this date. The assessment of the likelihood and quantum of any liability with respect to these matters are matter of judgmental due to the uncertainty involved therein.	- Understood, assessed and tested the design and operating effectiveness of key controls surrounding assessment of litigations under the relevant laws and regulations and the internal control environment relating to the identification, recognition and measurement of amount of claims made by or against the company and disclosure for the provisions, litigations, contingent liabilities and contingent assets in the consolidated financial statements; - Analysed significant changes/updates from previous periods and obtained a detailed understanding of the nature, status and possible implication of the underlying litigations. Assessed recent judgements passed by the judicial authorities on the relevant matter; - Discussed the status of the material litigations and potential implication of the matters as reported and placed before the Board of Directors of the Parent; - Evaluating management's assessment by understanding precedents set in similar cases and analysed the reliability of management's past estimates/judgements. - Reviewed the opinions and views of the external legal experts and in-house legal team and other evidences to corroborate management's assessment of the risk profile in respect of claim pending ascertainment as on this date. These being technical in nature reliance has been placed on the legal interpretations and opinions provided on the matter; and
We considered these to be a key audit matter, since the accounting and disclosure of claims and litigations are complex, technical in nature and judgmental and the impact thereof considering the amount involved are or can be material to the understanding of the consolidated financial statements.	

Key Audit Matters	Addressing the key audit matters
	Assessment of the adequacy of management's assumptions and estimates related to the claims both by or against the company, underlying dispute and disclosures made in the financial statement. Also, references have been made in the Auditors' Report wherever relevant and appropriate.
Verification of Inventory and Valuation thereof (as described in note no.14 and 3.8 of the consolidated financial statements)	
The Inventory of the Group as on March 31, 2025 amounts to Rs. 24,63,97.19 lakhs which forms around 25.41% of the total assets of the Group.	Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of determination of year-end inventory and valuation thereof includes the following:
This includes Parent's bulk materials such as coal, coke, iron ore etc., which are susceptible to handling loss, moisture loss/gain, spillage etc. and determination of the same requires estimation based on experience and technical expertise.	- Evaluating the accounting policy followed for valuation of inventory and appropriateness thereof with respect to relevant Indian Accounting Standards in this respect; - The process followed for physical verification have been reviewed. This includes deployment of an Independent Agency by the parent for verification of Bulk Materials during which we were present to oversee the process of the verification; - We reviewed the report submitted by external agencies and obtained reasons/explanation for variations observed by then with respect to book stock, considering the materiality for variations taking into account the reasonable allowance for volumetric measurement; - We examined the conversion rates used for conversion of stock including computation of unrealised profit in compliance with the Indian Accounting standard; - Understanding and testing the design and operating effectiveness of controls as established by the management in determination of cost of production and net realizable value of inventory and consistency with respect to the policy followed in this respect; and
We determined this to be a matter of significance to our audit due to the quantum of amount and estimations involved.	

Independent Auditors' Report *(Contd.)*

Key Audit Matters	Addressing the key audit matters
	We evaluated the policy for valuation, processes/ methodologies involved and disclosures made in the consolidated financial statements in this respect and checks being performed at multiple levels and verified the valuation arrived for the different items and class of Inventory to ensure that the valuation is consistent as per the policy followed and disclosed in this respect.
Recoverability of Government Grant (as described in note no. 19.4 and 54(ii)(a) of the consolidated financial statements)	
The Parent has been entitled for various sales tax incentives under industrial promotion scheme issued by the State Government. The parent had complied with the condition of the Scheme and incentives were accounted for in the books in earlier years. A sum of Rs. 58,83.07 lakhs are outstanding as on March 31, 2025. Further such incentive for the period July 01, 2017 to March 31, 2019 for reasons stated in Note no. 54(ii)(a) has not been recognised. We determined these to be a matter of significance due to compliances involved in terms of the scheme and in certain cases legislative changes being contemplated and matter being pending for decision before judicial forum and authorities and also the period for which these are outstanding for recovery.	Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of accounting and disclosure include the following: - Evaluating eligibility requirement of the schemes and compliances by the Parent; - Understanding and testing the design and operating effectiveness of controls as established by the management in recognition and assessment of the recoverability of the grant; - Considering the relevant notification to ascertain the basis for determination, completion of performance obligation and assessing the appropriateness of the government grant and timing of recognition and past receipts of the grants; - Analysed significant changes/ updates from previous periods and proposed legislative changes and applicability thereof along with possible implications and obtained detailed understanding of such items. Assessed recent judgements passed by the court authorities affecting such changes; and - This being a technical matter, reliance has been placed on legal advices received and management's assessment for recoverability.

Information Other than the Financial Statements and Auditors' Report Thereon

The Parent's Board of Directors is responsible for the other information.

The other information comprises the Report of the Directors and the annexures thereto (namely Management Discussion and Analysis, Report on performance and financial position of the subsidiaries and joint ventures, Report on Corporate Governance, Annual Report on CSR Activities, Business Responsibility and Sustainability Report, Conservation of energy, technology absorption, foreign exchange earnings and outgo and remuneration and other specified particulars of employees) but does not include the Consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available, compare with financial information of the subsidiaries audited by other auditors, to the extent it relates to those entities and, in doing so, place reliance on the work of other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. Other information as it relates to subsidiaries is traced from other financial information audited by other auditors. If based on the work we have performed on the other information that we have obtained prior to the date of this auditors' report, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Parent's management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance comprising of consolidated profit or loss and other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its Joint Venture in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended.

The respective Management and the Board of Directors of the companies included in the Group and of its joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated

Independent Auditors' Report (Contd.)

financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its joint ventures are responsible for assessing the ability of the Group and of its joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its joint ventures are responsible for overseeing the financial reporting process of the Group and of its joint ventures.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a

material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements of which we are the Independent Auditors. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the Independent Auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Parent of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a) We did not audit the consolidated/standalone financial statements of the following subsidiary companies, whose financial statements reflect total assets as at March 31, 2025, total revenue, net profit after tax, total comprehensive income and net cash flow/(outflow) for the year ended as on that date, considered as under in the consolidated financial statements based on financial statements audited by other auditors:

 - c) The Consolidated Balance Sheet, Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) Except for the possible effects of the matters described in the Basis for Qualified Opinion Paragraph, in our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e) The matters described in the Basis for Qualified Opinion paragraph above in the event of being decided unfavorably, in our opinion, may have an adverse effect on the functioning of the Parent included in the Group;
 - f) On the basis of the written representations received from the directors of the parent being the company incorporated in India as on March 31, 2025 taken on record by the Board of Directors of the Parent, none of the directors of the Parent are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - g) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above; and
 - h) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' report of the Parent company since the subsidiaries considered for consolidation are incorporated outside India. This does not include the report on one joint ventures company for the reasons stated in Note no 8.1 of the consolidated financial statements. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to consolidated financial statements of the Parent's internal financial controls with reference to consolidated financial statements.
3. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. Except for the matters dealt with in the basis for Qualified Opinion paragraph impact whereof are presently unascertainable, the Group has disclosed the impact of pending litigations (other than those already recognized in the consolidated financial statements) on its consolidated financial position of the Group as required in terms of the Ind AS and provisions of the Companies Act, 2013– Refer Note 54(i) to the Consolidated financial statements;
 - ii. The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts- Refer Note 48(d) of the consolidated financial statements; and
 - iii. There has been no delay in transferring the amounts required to be transferred to the Investor Education and Protection Fund by the Parent.
 - iv. (a) The Management of the parent being the company incorporated in India whose financial statement have been audited under the Act has represented that, to the best of its knowledge and belief no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management of the parent being the company incorporated in India whose financial statement have been audited under the Act has represented, that, to

Independent Auditors' Report *(Contd.)*

the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Parent from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (c) Based on the audit procedures and generally accepted auditing practices followed in terms of SAs that have been considered reasonable and appropriate in the circumstances in respect of transactions undertaken during the year, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement; and
- v. As stated in note no. 22.7 of the consolidated financial statements, the dividend proposed by the parent during the year is in accordance with section 123 of the Act.
- vi. Based on the verification carried out by an Independent Professional appointed for the purpose and our examination of the data and details provided to us, which includes test checks and samples obtained by us in this respect and being a technical matter placing reliance on the report submitted

by the professional, we report that the Parent has used accounting software(s) for maintaining its books of account for the financial year ended March 31, 2025, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software(s). Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the said audit trail has been preserved by the Parent as per the statutory requirements for record retention.

- 4. With respect to the reporting under section 197(16) of the Act to be included in the Auditors' Report, In our opinion and according to the information and explanations given to us, the remuneration (including sitting fees and commission) paid by the parent being the company incorporated in India to its Directors during the current year is in accordance with the provisions of section 197 of the Act and is not in excess of the limit laid down therein.

Annexure “A” to the Independent Auditors' Report TO THE MEMBERS OF ELECTROSTEEL CASTINGS LIMITED

(Referred to in paragraph 2(h) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Group and its joint ventures as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of Electrosteel Castings Limited (hereinafter referred to as "the Parent") being the company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Parent being the company incorporated in India is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Parent considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Parent's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Parent Company's internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial

statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Parent has maintained, in all material respects, adequate and effective internal financial controls with reference to the consolidated financial statements as of March 31, 2025, based on the internal control over financial reporting criteria established by the Parent considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the Internal Control with reference to consolidated financial statement doesn't include our opinion with respect to one joint ventures as stated in Para(h) of Report on other legal and regulatory requirements for reasons stated in Note no. 8.1 of the consolidated financial statements.

2A. Recent Accounting Developments

2A.1 Application of new and revised standards:

Effective April 01, 2024, the Group considered the amendments notified by the Ministry of Corporate Affairs (MCA) through the 1st Amendment dated August 12, 2024, the 2nd Amendment dated September 09, 2024, and the 3rd Amendment dated September 28, 2024 to the Companies (Indian Accounting Standards) Rules, 2015.

These amendments primarily relates to the introduction of Ind AS 117 "Insurance Contracts" along with consequential changes to other standards including Ind AS 101, 103, 104, 105, 107, 109, and 115, which address accounting and disclosure requirements for Insurance

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

Contracts and Financial Guarantee contracts. The amendments also include changes to Ind AS 116 "Leases" specifically addressing accounting and disclosure requirements for sale and leaseback arrangements.

The adoption of these amendments to the extent applicable to the Group did not have any material impact on the profit or loss and earnings per share for the year.

2A.2 Standards issued but not yet effective:

Ministry of Corporate Affairs (MCA), vide notification dated May 07, 2025, has amended Indian Accounting Standard (Ind AS) 21 "The Effects of Changes in Foreign Exchange Rates" and Ind AS 101 "First-time Adoption of Indian Accounting Standards". These amendments are applicable for annual reporting periods beginning on or after April 01, 2025.

The key amendment relates to providing guidance for assessing lack of exchangeability between currencies and estimating the spot exchange rate when a currency is not exchangeable. Additional disclosure requirements have also been introduced in such scenarios, including the nature and financial effect of the currency in exchangeability, the estimation methodology used, and risks arising therefrom.

The Group is currently evaluating the impact of these amendments and expects that their application will not have a material effect on the consolidated financial statements.

2A.3 The Board of Directors of the Parent have approved these Consolidated Financial Statements for issuing to the shareholders of the Parent for their adoption. The revision to these consolidated financial statements is permitted by the Board of Directors of the Parent after obtaining necessary approvals or at the instance of regulatory authorities as per provisions of the Act.

2B Basis for preparation of consolidated financial statements

Consolidation Procedure

The Consolidated Financial Statements have been prepared in accordance with principles laid down in Ind AS 110 on "Consolidated Financial Statements", Ind AS 28 on "Accounting for Investments in Associates and Joint Ventures" as notified vide Companies (Accounting Standards) Rules, 2015 (as amended).

The consolidated financial statements are prepared using uniform accounting policies like transaction and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to Group Members' financial statements in preparing the consolidated financial statements to ensure conformity within Group's accounting policies.

Subsidiaries

Subsidiaries are entities over which the Group has control and the control is achieved when the group is exposed to, or has rights to variable returns from its involvement with the investee and has the ability to affect those returns through its:

- (a) Power over the investee or holding more than 51% of investee's paid-up share capital.
- (b) Exposure or rights to variable returns from its involvement with the investee.
- (c) The ability to use its power over the investee to affect its returns.

The Group reassess whether or not it controls an investee, considering the facts and circumstances indicating that there are changes to one or more of the elements of control given herein above.

Subsidiaries are consolidated from the date, control over the subsidiary is acquired and they are discontinued from the date of cessation of control. The acquisition method of accounting is used to account for business consolidation by the Group.

The Group combines the financial statements of the Parent and its subsidiaries based on a line-by-line consolidation by adding together the book value of like items of assets and liabilities, revenue and expenses as per the respective financial statements. Intra group balances, intra group transactions and the unrealised profits on stocks arising out of intra group transaction are eliminated.

The consolidated financial statements are prepared using uniform accounting policies for similar material transactions and other events in similar circumstances otherwise as stated elsewhere.

Shares of Non-controlling interest's in the net profit/ (loss) of subsidiaries for the year is identified and adjusted against the revenue of the Group in order to arrive at the net revenue attributable to the owners of the Parent. The excess of loss for the year over the non-controlling interest is adjusted in owner's interest.

Non-controlling Interest

Non-controlling interests represent the proportion of income, other comprehensive income and net assets in subsidiaries that is not attributable to the Parent's owners.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

Non-controlling interests are initially measured at proportionate share on the date of acquisition of the recognised amounts of the acquiree's identifiable net assets. Subsequent to the acquisition, the carrying amount of the non-controlling interests is the amount of the interest at initial recognition plus the proportionate share of subsequent changes in equity.

Non-controlling interest in the results and equity of subsidiaries are shown separately in the consolidated Statement of Profit and Loss, consolidated Statement of changes in equity, Consolidated Balance Sheet. Share of net assets of subsidiaries is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Parent's shareholders.

Investment in Associates and Joint Ventures

Associate is an entity over which the group has significant influence but no control or joint control. Joint venture is an arrangement whereby the parties have joint control of the arrangement and having right to the net assets of the arrangement. Such investments in its associates and joint venture are accounted for using the equity method in accordance with Ind AS 28 "Accounting for Investments in Associates and Joint Venture". Under the equity method, the investment in an associate and joint ventures is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate and joint venture since the acquisition date. If the Group's share of the net fair value of the investee's identifiable assets and liabilities exceeds the cost of the investment, any excess is recognised directly in Equity as capital reserve in the period in which the investment is acquired. Goodwill, if any, relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The Consolidated Statement of Profit and Loss reflects the Group's share of the results of operations of the associate or joint ventures. Any change in OCI of investee is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the Consolidated Statement of Changes in Equity. Unrealised gains and losses resulting from transactions between the Group and the associates or joint ventures are eliminated to the extent of the interest in the said associate or joint venture.

If the Group's share of losses in associates or joint ventures equals or exceeds its interest in the associates or joint ventures (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint ventures), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associates/ joint ventures. If the associate or joint ventures subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of associates and joint venture is shown on the face of the Consolidated Statement of Profit and Loss.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each balance sheet date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence or indicator, the Group estimates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value, and recognises the loss as 'Share of profit/(loss) of associates and Joint Venture' in the Consolidated Statement of Profit and Loss.

Business Combination and Goodwill

The difference between the costs of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognised in the consolidated financial statements as Goodwill or Capital reserve as the case may be. The said goodwill is not amortised, however it is tested for impairment at each balance sheet date and impairment loss, if any is recognised in the consolidated financial statements. For the purpose of impairment testing, goodwill acquired in a business combination is, from the combination date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The Group except for combination of group entities which are under common control applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred. Assets acquired and liabilities assumed are generally measured at their acquisition date fair values.

In case of combination of entities under control, business combination are accounted for under pooling of interest method whereby the assets and liabilities are combined at the carrying amount and no adjustments are made to reflect their fair values or recognise any new assets or liabilities.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

3. Statement of compliance and Material Accounting Policies

3.1 Statement of Compliance

As stated in note no. 51, balances under various heads which otherwise would have been measured and disclosed as per the requirement of relevant Indian Accounting Standards, due to the reasons stated therein have been continued to be so carried forward pending finalisation of the matter and determination of the amount as claim of the parent in this respect. Other than this, these consolidated financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act") and the Group has complied with Ind AS issued, notified and made effective till the date of authorisation of the consolidated financial statements.

Accounting Policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

Basis of Preparation

The consolidated Financial Statements have been prepared under the historical cost convention on accrual basis except for:

- a) certain financial instruments that are measured in terms of relevant Ind AS at fair value/ amortized cost at the end of each reporting period;
- b) certain class of Property, Plant and Equipment which on the date of transition have been fair valued to be considered as deemed costs; and
- c) Defined benefit plans - Plan Assets measured at fair value

Historical cost convention is generally based on the fair value of the consideration given in exchange for goods and services.

All the assets and liabilities have been classified as current or non-current as per the entities in the Group's normal operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013. Having regard to the nature of business being carried out by the Group, the Group has determined its operating cycle as twelve months for the purpose of current and non-current classification.

Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the Group operates (the "functional currency").

The Group's functional and presentation currency is determined as the currency of the primary economic environment in which it operates. The Consolidated Financial Statements are presented in Indian Rupees and all values are rounded off to the nearest two decimal lakhs except otherwise stated.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Group categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable, either directly or indirectly for the asset or liability.

Level 3: Inputs for the asset or liability which are not based on observable market data (unobservable inputs).

The Group has an established control framework with respect to the measurement of fair value. This includes a finance team for each entity in the Group that has overall responsibility for overseeing all significant fair value measurements who regularly review significant unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified.

3.2 Property Plant and Equipment (PPE)

Property, plant and equipment are stated at cost of acquisition, construction and subsequent improvements thereto less accumulated depreciation and impairment losses, if any. For this purpose cost include deemed cost on the date of transition i.e. PPE which have been fair valued on transition to be considered as deemed cost, purchase price of assets or its construction cost including duties and taxes (net of input tax credit availed), inward freight and other expenses incidental to acquisition or installation, adjustment for exchange differences

**Notes to Consolidated Financial Statements** for the year ended March 31, 2025 (Contd.)

wherever applicable and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended for its use. In addition interest on borrowing to finance the construction of qualifying assets is capitalised as a part of the assets cost until such time the asset is ready for its intended use.

Parts of an item of PPE having different useful lives and material value and subsequent expenditure on Property, Plant and Equipment arising on account of capital improvement or other factors are accounted for as separate components. This includes expenditure incurred for relining of Blast Furnace/Coke Oven Battery.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognised in the Consolidated Statement of Profit and Loss when incurred. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

Capital Work-in-progress includes project development expenses, equipments to be installed, construction and erection materials etc. Such costs are added to the related items and are classified to the appropriate categories of PPE when completed and ready for intended use.

The Group had opted for accounting the exchange differences arising on reporting of long term foreign currency monetary items in line with Companies (Accounting Standards) Amendment Rules 2009 relating to Accounting Standard-11 notified by Government of India on March 31, 2009 (as amended on December 29, 2011), which will be continued in accordance with Ind-AS 101 for all pre-existing long term foreign currency monetary items as at March 31, 2016. Accordingly, exchange differences relating to long term monetary items, in so far as they relate to the acquisition of PPE, were adjusted in the carrying amount of such assets.

Depreciation and Amortization

Depreciation on PPE except as stated below, is provided as per Schedule II of the Companies Act, 2013 on straight line method. In the following cases depreciation has been provided on written down value method using the rates arrived at based on the useful life as specified in Schedule II of the Companies Act 2013:

- PPE at Elavur unit and
- PPE at Khardah, Haldia and Bansberia unit excluding plant and equipment and office equipments

Certain plant and equipments have been considered as Continuous Process Plant on the basis of technical assessment. Depreciation on upgradation of Property, Plant and Equipment is provided over the remaining useful life of the entire component/ PPE.

In case the cost of part of tangible asset is significant to the total cost of the assets and useful life of that part is different from the remaining useful life of the asset, depreciation on such part has been based on internal assessment and independent technical evaluation carried out by external valuers.

Depreciation on Property, Plant and Equipments commences when the assets are ready for their intended use. Based on above, the useful lives as estimated and considered for depreciation are as follows:

Category	Useful life
Buildings	
Non-Factory Building (RCC Frame Structure)	60 Years
Factory Building	30 Years
Roads	
Carpeted Roads-RCC	10 Years
Carpeted Roads-other than RCC	5 Years
Non-Carpeted Roads	3 Years

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

Category	Useful life
Plant and machinery	
Sinter Plant, Blast Furnace, Coke Oven	20 Years
Coke Oven Battery Relining	5 Years
Blast Furnace Relining	2 to 6 Years
Pipe Moulds (specified size)	3 Years
Gasket Moulds	10 Years
Power Plant	40 Years
Others	
– Continuous Process Plant	15 Years
– Others	25 Years
Computer equipment	
Servers and networks	6 Years
Others	3 Years
Furniture and fixtures, Electrical Installation and Laboratory Equipment's	10 Years
Office equipment	5 Years
Vehicles	
Motor cycles, scooters and other mopeds	10 Years
Others	8 Years

Railway siding constructed on Government land is amortised over the period of 10 years in terms of agreement.

Assets costing rupees five thousand or less are being depreciated fully in the year of addition/acquisition.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

In case of the subsidiaries, depreciation is provided on straight line method on the basis of estimated useful life of the assets applying the depreciation rates ranging from 1.5% to 35% per annum.

Right to use wagons acquired under "Wagon Investment Scheme", cost of computer software packages (ERP and others) and mining rights are allocated / amortized over a period of 10 years, 5 years and available period of mining lease respectively.

The management believes that the useful lives as considered above is realistic and reflect a fair approximation of the period over which assets are expected to be used.

Depreciation / Amortisation methods, useful lives and residual values are reviewed and adjusted as appropriate, at each reporting date.

3.3 Intangible Assets

Intangible assets are stated at deemed cost on transition date or on cost of acquisition comprising of purchase price inclusive of duties and taxes (net of input tax credit) less accumulated amortization and impairment losses.

Expenditure incurred on research and development are not capitalized but are charged as expense in the consolidated statement of profit and loss in the period in which such expenditure is incurred.

3.4 Leases

(i) Group as a lessee

The Group's lease asset classes primarily consist of leases for Land, Buildings and Plant and Equipment. The Group assesses whether a contract is or contains a lease at the inception of a contract. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

1. the contract involves the use of an identified asset;
2. the Group has substantially all of the economic benefits from use of the asset through the period of the lease; and
3. the Group has the right to direct the use of the asset.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) or leases pertaining to low value assets. For these short term leases or low value assets, the Group recognises the lease payments as an operating expense on a straight line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options considered for arriving at ROU and lease liabilities when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Consolidated Balance Sheet and lease payments have been classified as financing cash flows.

(ii) Group as a lessor

a. Finance Lease

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognized as revenue in the period in which they are earned.

b. Operating Lease

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease except where scheduled increase in rent compensates the Group with expected inflationary costs.

3.5 Derecognition of Tangible and Intangible assets

An item of PPE/ ROU/ Intangible Asset is de-recognised upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of PPE/ Intangible Assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Consolidated Statement of Profit and Loss.

3.6 Impairment of Tangible/ Intangible and ROU Assets

Tangible/ Intangible and ROU assets are reviewed at each balance sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amount of assets is determined. An impairment loss is recognized in the Consolidated Statement of Profit and Loss, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds recoverable amount. The recoverable amount is the higher of assets' fair value less cost of disposal and its value in use. In assessing value in use, the estimated future cash flows from the use of the assets are discounted to their present value at appropriate rate.

Impairment losses recognized earlier may no longer exist or may have come down. Based on such assessment at each reporting period the impairment loss is reversed and recognized in the Consolidated Statement of Profit and Loss. In such cases the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

3.7 Financial Instruments

Financial assets and financial liabilities (financial instruments) are recognised when the Group becomes a party to the contractual provisions of the instruments. The Group determines the classification of its financial assets and financial liabilities at initial recognition based on its nature and characteristics.

The Group categorizes financial assets and financial liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable, either directly or indirectly for the asset or liability.

Level 3: Inputs for the asset or liability which are not based on observable market data (unobservable inputs).

A Financial Assets

(I) Initial Recognition and measurement

The financial assets include investments, trade receivable, loans and advances, cash and cash equivalents, bank balances other than cash and cash equivalents, derivative financial instruments and other financial assets.

Financial assets are initially measured at fair value. Transaction costs directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or are deducted from the fair value of the financial assets as appropriate on initial recognition. However, trade receivable that do not contain a significant financing component are measured at transaction price.

(II) Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- (i) at amortised cost,
- (ii) at fair value through other comprehensive income (FVTOCI), and
- (iii) at fair value through profit or loss (FVTPL).

Financial Assets at amortised cost

A 'financial Asset' is measured at the amortised cost if the following two conditions are met:

- (i) The asset is held within a business whose objective is to hold these assets in order to collect contractual cash flows; and
- (ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Amortised Cost is determined using the Effective Interest Rate ("EIR") method. Discount or premium on acquisition and other fees or costs forms an integral part of the EIR.

Financial Asset at Fair Value through Other Comprehensive Income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held both for collection of contractual cash flows and for selling the financial assets, and contractual terms of the financial assets give rise to cash flows representing solely payments of principal and interest.

Financial Assets at Fair value through profit or loss (FVTPL)

Financial Assets which does not meet the criteria of amortised cost or fair value through other comprehensive income are classified as Fair Value through Profit or loss. These are recognised at fair value and changes therein are recognized in the Consolidated Statement of profit and loss.

Equity Instruments

Equity instruments covered within the Scope of Ind AS 109 are measured at FVTPL.

The Group makes an election to present changes in fair value through other comprehensive income or through profit or loss on instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

In case the Group decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). Profit or loss arising on sale is taken to OCI. The amount accumulated in this respect is transferred within the Equity on derecognition.

(III) **Derecognition**

The Group derecognizes a financial asset or a group of financial assets when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

B. Financial Liabilities

(I) **Initial Recognition and measurement**

The financial liabilities include trade and other payables, loan and borrowings, derivative financial instruments and other financial liabilities.

Financial liabilities are initially measured at fair value. Transaction costs directly attributable to the acquisition or issue of financial liabilities (other than financial liabilities at fair value through profit or loss) are added to or are deducted from the fair value of the financial liabilities as appropriate in initial recognition.

(II) **Subsequent measurement**

For the purpose of subsequent measurement, financial liabilities are classified in the following categories:

- (i) at amortised cost, or
- (ii) at fair value through profit or loss (FVTPL).

Financial Liabilities at amortised cost

After initial recognition, financial liabilities are measured at amortized cost using Effective Interest Rate (EIR) method. When the financial liabilities are derecognised, gain or losses are recognised in the consolidated statement of profit and loss. Discount or premium on acquisition and other fees or costs forms an integral part of the EIR.

Financial Liabilities at Fair value through profit or loss (FVTPL)

Financial Liabilities which does not meet the criteria of amortised cost are classified as Fair Value through Profit or loss. These are recognised at fair value and changes therein are recognized in the Consolidated Statement of profit and loss.

(III) **Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

C. Derivative and Hedge Accounting

Initial Recognition and Subsequent measurement

The Group enters into derivative financial instruments such as foreign exchange forward, swap and option contracts to mitigate the risk of changes in foreign exchange rates in respect of financial instruments and forecasted cash flows denominated in certain foreign currencies. The Group uses hedging instruments which provide principles on the use of such financial derivatives consistent with the risk management strategy of the Group. The hedge instruments are designated and documented as hedges and effectiveness of hedge instruments to reduce the risk associated with the exposure being hedged is assessed and measured at inception and on an ongoing basis.

Any derivative that is either not designated as a hedge, or is so designated but is ineffective as per Ind AS 109 "Financial Instruments", is categorized as a financial asset/ financial liability, at fair value through profit or loss. Transaction costs attributable are also recognized in the Consolidated Statement of profit and loss. Changes in the fair value of the derivative hedging instrument designated as a fair value hedge are recognized in the Consolidated Statement of profit and loss.

Changes in the fair value of the derivative hedging instrument designated as a cash flow hedge are recognized in other comprehensive income and presented within equity as cash flow hedging reserve to the extent that the hedge is effective.

Hedging instrument which no longer meets the criteria for hedge accounting, expires or is sold, terminated or exercised, then hedge accounting is discontinued prospectively. Any gain or loss recognised in other comprehensive income and accumulated remains therein till that time and thereafter to the extent hedge accounting being discontinued is recognised in Consolidated Statement of

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

Profit and Loss. When a forecasted transaction is no longer expected to occur, the cumulative gain or loss accumulated in equity is transferred to the Consolidated Statement of profit and loss.

D. Financial Guarantee Contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirement of Ind AS 109 and the amount recognized less cumulative amortization.

E. Offsetting financial instruments

Financial assets and liabilities including derivative financial instruments are offset and the net amount is reported in the Consolidated Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the entities in the Group or the counterparty.

F. Impairment of financial assets

A financial asset is assessed for impairment at each balance sheet date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. The Group recognises loss allowances using the Expected Credit Loss ("ECL") model for financial assets measured at amortised cost.

The Group recognises lifetime expected credit losses for trade receivables. Loss allowance equal to the lifetime expected credit losses are recognised if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

3.8 Inventories

Inventories are valued at lower of cost or net realisable value. Cost of inventories is ascertained on 'weighted average' basis. Materials and other supplies held for use in the production of inventories are not written down below cost if the related finished products are expected to be sold at or above cost.

Cost in respect of raw materials and stores and spares includes expenses incidental to procurement of the same. Cost in respect of finished goods and process stock represents direct and indirect cost for bringing the inventory to present situation and condition including cost of material plus costs of conversion, comprising of labor costs and an attributable proportion of manufacturing overheads based on normal levels of activity.

Cost of traded goods include Cost of Purchase and Other Cost incurred in bring the inventory to the present location and condition.

Scrap and By Products which are sold are valued at estimated net realizable value.

Net Realizable Value is the estimated selling price in the ordinary course of business less estimated cost of completion and the estimated cost necessary to make the sale.

3.9 Foreign Currency Transactions

Foreign currency transactions are translated into the functional currency at the exchanges rate prevailing on the dates of the transactions. Foreign currency monetary assets and liabilities at the reporting date are translated at the reporting date exchange rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of transaction.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in consolidated statement of profit or loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the Consolidated Statement of Profit and Loss within finance costs.

The Group had opted for accounting the exchange differences arising on reporting of long term foreign currency monetary items in line with Companies (Accounting Standards) Amendment Rules 2009 relating to Accounting Standard-11 notified by Government of India on

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

March 31, 2009 (as amended on December 29, 2011), which has been continued in accordance with Ind-AS 101 for all pre-existing long term foreign currency monetary items as at March 31, 2016. Accordingly, exchange differences relating to long term monetary items in so far as they relate to the acquisition of Property, Plant and Equipment were adjusted in the carrying amount of such assets.

Group Companies

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into presentation currency as follows:

- a) Assets and liabilities are translated at the closing rate at the date of that balance sheet;
- b) Income and expenses are translated at average exchange rates (unless there is a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- c) All resulting exchange differences are recognised in other comprehensive income.

3.10 Equity Share Capital

An equity instrument is a contract that evidences residual interest in the assets of the Group after deducting all of its liabilities. Par value of the equity shares is recorded as share capital and the amount received in excess of par value is classified as Securities Premium.

Costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

3.11 Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a legal or constructive obligation as a result of past events and it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses. The amount recognized as a provision is the best estimate of the consideration required for settlement of the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities are not recognized and are disclosed by way of notes to the consolidated financial statements when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or when there is a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the same or a reliable estimate of the amount in this respect cannot be made.

When there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure for contingent liability is made.

Contingent assets are not recognised but disclosed by way of notes in the Consolidated Financial Statements when an inflow of economic benefits is probable.

3.12 Employee Benefits

Employee benefits are accrued in the year in which services are rendered by the employee.

Short Term Benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.

Other Long Term Employee Benefits

The cost of providing long term employee benefits consisting of leave encashment that are not expected to be settled wholly within twelve months are measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Actuarial gains and losses and past service cost are recognised immediately in the Consolidated Statement of Profit and Loss for the period in which they occur. Long term employee benefit obligation recognised in the Consolidated Balance Sheet represents the present value of related obligation.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

Post Employment Benefits

The Group operates the following post employment schemes:

– Defined Benefit Plans

The liability or asset recognized in the Consolidated Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.

Remeasurements of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the Consolidated statement of profit and loss.

– Defined Contribution Plan

Defined contribution plans such as provident fund etc. are charged to the Consolidated Statement of Profit and Loss as and when incurred. Contribution to Superannuation fund and National Pension Scheme, a defined contribution plan is made in accordance with the Group's policy and is recognised in the Consolidated Statement of profit and loss.

3.13 Operating and Other Income

i. Revenue from Sale of Products

Revenue from contracts with customers is accounted for only when it has commercial substance, and all the following criteria are met:

- (i) parties to the contract have approved the contract and are committed to perform their respective obligations;
- (ii) each party's rights regarding the goods or services to be transferred and payment terms there against can be identified; and
- (iii) consideration in exchange for the goods or service to be transferred is collectible and determinable.

Revenue from contract with customers is recognized on satisfaction of performance obligation, when control over the goods or services has been transferred and/or goods/ services are delivered/ provided to the customer. Delivery occurs when the goods have been shipped or delivered to a specific location, and the customer has either accepted the goods under the contract or the Group has sufficient evidence that all the criteria for acceptance have been satisfied.

Revenue is measured at the amount of transaction price (consideration specified with the customers) allocated to that performance obligation. The transaction price of goods sold is net of variable consideration on account of rebates, claims and discounts, returns, Goods and Service Tax (GST) and such other taxes collected on behalf of third party not being economic benefits flowing to the Group are excluded from revenue. Accumulated experience is used to estimate and provide for the discounts/ right of return, using the expected value method.

A refund liability is recognized for expected returns in relation to sales made and corresponding assets are recognized for the products expected to be returned.

The Group recognises as an asset, the incremental costs of obtaining a contract with a customer, if the Group expects to recover those costs. The said asset is amortised on a systematic basis consistent with the transfer of goods or services to the customer.

ii. Interest, Dividend and Claims

Dividend income is recognized when the right to receive payment is established. Interest has been accounted using effective interest rate method. Insurance claims/ other claims are accounted as and when admitted / settled.

iii. Export Benefits

Export incentives are accounted for in the year of export if the entitlements and realisability thereof can be estimated with reasonable accuracy and conditions precedent to such benefit is fulfilled.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

3.14 Borrowing Costs

Borrowing cost comprises of interest and other costs incurred in connection with the borrowing of the funds. All borrowing costs general or specific are recognized in the Consolidated Statement of Profit and Loss using the effective interest method except to the extent attributable to qualifying Property, Plant and Equipment (PPE) which are capitalized to the cost of the related assets. A qualifying PPE is an asset, that necessarily takes a substantial period of time to get ready for its intended use or sale. Borrowing cost also includes exchange differences to the extent considered as an adjustment to the borrowing costs.

3.15 Non-current assets (or disposal groups) held for sale

Non-current assets held for sale are presented separately in the Consolidated Balance Sheet when the following criteria are met:

- the Group is committed to selling the asset;
- the assets are available for sale immediately;
- an active plan of sale has commenced; and
- Sale is expected to be completed within 12 months.

Assets held for sale and disposal groups are measured at the lower of their carrying amount and fair value less cost to sell. Assets held for sale are no longer amortised or depreciated.

Non-current asset classified as held for sale are presented separately from the other assets in the consolidated balance sheet. The liabilities of a Non-current asset classified as held for sale are presented separately from other liabilities in the Consolidated Balance Sheet.

3.16 Government Grants

Government grants are recognized on systematic basis when there is reasonable certainty of realization of the same. Revenue grants including subsidy/rebates are credited to the Consolidated Statement of Profit and Loss Account under “Other Operating Income” or deducted from the related expenses for the period to which these are related. Grants which are meant for purchase, construction or otherwise acquire non current assets are recognized as Deferred Income and disclosed under Non Current Liabilities and transferred to the Consolidated Statement of Profit and Loss on a systematic basis over the useful life of the respective asset. Grants relating to non-depreciable assets is transferred to the Consolidated Statement of Profit and Loss over the periods as specified for meeting the obligations related to such grants.

3.17 Taxes on Income

Income tax expense representing the sum of current tax expenses and the net charge of the deferred taxes is recognized in the Consolidated Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Current income tax is provided on the taxable income and recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted by the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Consolidated Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset related current tax assets against current tax liabilities and when these relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Group has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and adjusted to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax items in correlation to the underlying transactions relating to Other Comprehensive Income and Equity are recognised in Other Comprehensive Income and Equity respectively.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

3.18 Earnings Per Share

Basic earnings per share are computed by dividing the net profit/(loss) attributable to the equity holders of the parent by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the net profit attributable to the equity holders of the parent by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

3.19 Segment Reporting

Operating segments are identified and reported taking into account the different risk and return, organisation structure and in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). CODM is responsible for allocating resources and assessing performance of the operating segments, financial results, forecasts or plan for the segment and accordingly is identified as the chief operating decision maker.

The Group has identified one reportable segment "Pipes and Fittings" being primary segment and all other activities revolve around the main business based on the information reviewed by the CODM.

4. Critical accounting judgments, assumptions and key sources of estimation and uncertainty

The preparation of the Consolidated Financial Statements in conformity with the measurement principle of Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the Consolidated Financial Statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognized in the year in which the results are known / materialized and, if material, their effects are disclosed in the notes to the Consolidated financial statements.

Application of accounting policies that require significant areas of estimation, uncertainty and critical judgments and the use of assumptions in the Consolidated Financial Statements that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are discussed below. The notes dealt with in 4.1 to 4.8 below provide an overview of the areas that involved a high degree of judgement or complexity and of items which are likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements are included in the relevant notes together with information about basis of calculation of each affected line item in the Consolidated Financial Statements.

4.1 Depreciation / amortization and impairment on Property, Plant and Equipment / intangible assets/ ROU

Property, Plant and Equipment and Intangible Assets are depreciated/ amortised on straight-line /written down value basis over the estimated useful lives in accordance with Schedule II of the Companies Act, 2013 or as estimated by the management, taking into account the estimated residual value, wherever applicable. ROU are depreciated on a straight line basis over the shorter of the lease term and useful life of the underlying asset. The Group reviews the estimated useful lives of the assets regularly in order to determine the amount of depreciation / amortization and amount of impairment if any to be recorded during any reporting period. This reassessment may result in variation in the amount of depreciation and amortisation in future period.

The Group reviews carrying value of Tangible/ Intangible and ROU Assets whenever there is objective evidence that the assets are impaired. In such situation Assets' recoverable amount is estimated which is higher of asset's or cash generating units (CGU) fair value less cost of disposal and its value in use. In assessing value in use the estimated future cash flows are discounted using pre-tax discount rate which reflect the current assessment of time value of money. In determining fair value less cost of disposal, recent market realisations are considered or otherwise in absence of such transactions appropriate valuations are adopted. Accordingly, these assets have been carried forward at their respective carrying value and no provision on account of impairment thereagainst as such have been considered necessary.

4.2 Right-of-use assets and lease liability

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Group's operations taking into account among other thing, the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

4.3 Claims and Compensation

Claims including insurance claims / arbitration claim are accounted for on determination of certainty of realisation thereof. Compensation receivable against coal mine (refer note no. 51) pending final acceptance or settlement thereof has not been given effect to, as the amount expected to be realised in this respect as dealt in the said note has not been considered to be less than the carrying amount of the relevant assets and other recoverables. In respect of certain other claims as dealt with in note no. 54(ii), compensation already awarded in respect of such claims are disputed and matters are pending before the judicial authorities or the time limit for appeal before the authorities has not expired. Pending final decision on these matters, these have been disclosed as Contingent Assets as at the end of the reporting period.

4.4 Impairment allowances on trade receivables

The Group evaluates whether there is any objective evidence that trade receivables are impaired and determines the amount of impairment allowance as a result of the inability of the customers to make required payments. The Group bases the estimates on the ageing of the trade receivables balance, credit-worthiness of the trade receivables and historical write-off experience. In case of variation in financial condition the amount of impairment as recognised may vary having a significant impact on the Consolidated Financial Statement.

4.5 Income taxes

Significant judgment is required in determination of taxability of certain income and deductibility of certain expenses during the estimation of the provision for income taxes. Also there are matters pending before various judicial authorities outcome whereof are uncertain. Further, material judgement and assumptions are involved for arriving at timing differences and consequential adjustments on account of deferred taxation are given effect to wherever there are uncertainties leading to the variations in earlier assumptions.

4.6 Defined benefit obligation (DBO)

The present value of the defined benefit obligations and long term employee benefits depends on a number of factors that are determined on an actuarial basis using a number of assumptions. An actuarial valuation critical estimate of the DBO involves a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate, anticipation of future salary increases etc. as estimated by Independent Actuary appointed for this purpose by the Management. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

4.7 Provisions and Contingencies

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change.

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations/ against the Group as it is not possible to predict the outcome of pending matters with accuracy.

The carrying amounts of provisions and liabilities and estimation for contingencies are reviewed regularly and revised to consider changing facts and circumstances.

4.8 Uniform Accounting Policies

The audited financial statements of foreign subsidiaries have been prepared in accordance with Generally Accepted Accounting Principles of its Country of Incorporation or International Financial Reporting Standards. The financial statement of aforesaid foreign subsidiary have been converted to Indian Rupee (INR) and complied as per the Group accounting policies and principles generally accepted in India by the parent's management and carrying out adjustments required for incorporating these in the Consolidated financials statements of the Group. Impact of such adjustments on account of differences if any, in accounting policies of the Parent and those followed by its subsidiaries are not material to the Group.

- 6.1 Right to use under WIS represents cost incurred by the Parent in connection with wagon procured under "Wagon investment Scheme" (WIS) and handed over to railway authorities for their normal operations and ensuring the availability of the wagons on priority for transportation etc. as and when required.

The Parent being deprived of the availability of the wagons as per the WIS had terminated the agreement with South Eastern Railway (SER) and lodged a claim of Rs. 2,32,44.82 lakhs for compensation in this respect. Arbitration award pursuant to the claim for compensation amounting to Rs. 2,52,85.27 lakhs (including interest) has been allowed in favour of the Parent. Meanwhile, the Parent filed an application for execution of the balance amount due/payable by SER under the award against which subsequently on June 27, 2024, the Hon'ble Calcutta High Court has directed SER to deposit additional sum of Rs. 60,00.00 lakhs against interest accrued till June 20, 2024. SER objected to the said award and the matter is currently pending before Hon'ble Calcutta High Court. Pending decision of the Hon'ble Court, Rs. 3,12,85.27 lakhs as decided including interest as stated above has been deposited by SER. The Parent on submission of the Bank Guarantee has withdrawn Rs. 3,10,32.42 lakhs (net of Rs. 2,52.85 lakhs on account of commission and other charges) which has been deposited in fixed deposit with bank (refer note no. 11.1) and equivalent amount towards liability, if any arising on account of the guarantee issued has been recognised (refer note no. 26) in these consolidated financial statements.

Differential amount of Rs. 2,52.85 lakhs deducted on account of commission and other charges and interest if any payable in this respect depending upon the outcome of the decision of the Hon'ble Calcutta High Court has been disclosed as contingent liabilities (refer note no. 54(i) (g)) in these consolidated financial statements. Adjustments with respect to ROU Assets as above and amount of claim (refer note no. 54(ii)(b)) will be given effect to on determination thereof upon final decision on the matter.

- 6.2 Other adjustments includes Rs. 12.44 lakhs (previous year Rs. 5.67 lakhs) under Gross Block and Rs. 10.14 lakhs (previous year Rs. 4.07 lakhs) under Accumulated Amortisation related to realignment of Intangible Assets at closing rate as required in terms of Ind AS.

- 9.1 (a) The parent holds 19796000 equity shares (previous year 19796000 equity shares) of Rs. 10 each in ESL Steel Limited ('ESL') out of which 17334999 equity shares (previous year 17334999 equity share) of Rs. 10 each amounting to Rs. 43,11.21 lakhs were pledged with the consortium of lenders of ESL ('lenders'). The notices issued by the lenders for invocation of pledge of Parent's investment was set aside by the Hon'ble High Court at Calcutta in earlier year and the Parent's plea for release of such pledge is pending before the said High Court.
- (b) Further, in earlier years, certain land amounting to Rs. 2,94,93.58 lakhs (previous year Rs. 2,94,93.58 lakhs) of the Parent, situated at Elavur, Tamil Nadu were mortgaged to another lender SREI Infrastructure Finance Limited ('SREI') of ESL and SREI had subsequently assigned it's right in the said property to an Asset Reconstruction Company ('ARC') although the claims of the said lender were fully discharged by ESL as per the Resolution Plan approved by Hon'ble National Company Law Tribunal ('NCLT'), Kolkata. Subsequently, the ARC had issued SARAFESI Notice and taken the symbolic possession of the said land. The Parent had disputed the alleged assignment of the loan by the lender and as directed by the Hon'ble Supreme Court had filed an application before the Debt Recovery Tribunal ('DRT'), Chennai for setting aside the SARAFESI actions and release of the title deeds of the land which vide order dated April 08, 2022 (uploaded on April 27, 2022) had been dismissed by DRT. On filing the appeal before the Debt Recovery Appellate Tribunal ("DRAT") against the order of DRT, DRAT has directed the Parent to deposit 50% of the SARAFESI demand i.e. Rs. 2,93,55.04 lakhs (previous year Rs. 2,93,55.04 lakhs) against which revision application under Article 227 of the Indian Constitution and a Writ Application under Article 226 of Indian Constitution has been filed before Hon'ble Madras High Court and the matter is pending before the said court.
- Earlier, the ARC had also filed an application before the Hon'ble NCLT, Cuttack for initiation of Corporate Insolvency and Resolution Process ('CIRP') against the Parent which had been decided in the favour of the Parent vide NCLT order dated June 24, 2022 ('the Order'). The said order on being challenged by ARC has been upheld by NCLAT vide it's order dated January 24, 2024 and thereby the order dismissing the application of ARC by NCLT as above stands valid and effective. The judgement of NCLAT has been challenged by the ARC before Hon'ble Supreme Court of India which is yet to be taken up by the said court.
- (c) Pending finalization of the matters as per (a) and (b) above, the assets have been carried forward at their book value.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

- 9.2 The Group has made an irrevocable decision to consider investment in equity instruments not held for trading (non current investments) to be recognised at FVTOCI.

22.1 Capital Reserve

Capital Reserve includes:

- a) Rs. 41,48.28 lakhs created on account of forfeiture of warrants convertible into equity shares;
- b) (Rs. 4,43,01.35 lakhs) being the excess consideration paid i.e. equity share issued with respect to net assets and reserves acquired consequent to amalgamation of erstwhile Srikalahasthi Pipes Limited; and
- c) Rs. 17,32.33 lakhs being the differential with respect to consideration paid and net assets acquired consequent to Singardo International Pte. Limited, becoming a wholly owned subsidiary and accounted for in accordance with Ind AS 103 "Business Combination" (refer note no. 58).

22.2 Securities Premium

Securities Premium represents the amount received in excess of par value of securities and is available for utilisation as specified under Section 52 of Companies Act, 2013.

22.3 General Reserve

General Reserve is a free reserve which is created by transfer of profit from retained earnings. As the reserve is created by a transfer from one component to another, it is not an item of Other Comprehensive Income (OCI). Item included in General Reserve is not reclassified to Statement of Profit and Loss.

22.4 Statutory Reserve

Statutory Reserve is required to be created by certain subsidiaries of the Group out of the profits and maintained in accordance with local law of the host country. This reserves is available for utilisation as specified in the local law of the host country.

22.5 Retained Earnings

Retained earnings generally represents the undistributed surplus earnings of the Group.

22.6 Other Comprehensive Income (OCI)

Other Comprehensive Income represent the balance in equity for items to be accounted under OCI and comprises of the following:

i) Items that will not be reclassified to Profit and Loss

- a. The Group has elected to recognise changes in the fair value of non-current investments in OCI. This reserve represents the cumulative gains and losses arising on equity instruments being measured at fair value. The Group transfers amounts from this reserve to retained earnings when the relevant equity securities are disposed.
- b. This also includes actuarial gains and losses arising on defined benefit obligations recognised in OCI which is transferred to retained earnings.

ii) Items that will be reclassified to Profit and Loss

- a. This reserve contains –
 - (a) accumulated balance of foreign exchange difference from translation of the financial statements of the Group's foreign operations arising at the time of consolidation of such entities; and
 - (b) accumulated foreign exchange difference arising in monetary items that in substance, form part of the Group's net investment in foreign operations. Such foreign exchange difference are recognised in OCI. Exchange differences previously accumulated in this Reserve are reclassified to Profit or Loss on disposal of the foreign operations.

22.7 Subsequent to the Balance Sheet date, the Board of Directors of the parent at its meeting held on May 10, 2025 has recommended a final dividend of Rs. 1.40 per equity share to be paid on fully paid up equity shares in respect of financial year ended March 31, 2025. Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

25. Lease Liabilities

(Rs. in lakhs)

Particulars	Ref. note no.	As at March 31, 2025	As at March 31, 2024
Non-Current	7, 25.1 and 45.3	48,84.53	55,58.73
Current	7, 25.1 and 45.3	16,92.57	12,73.81
		65,77.10	68,32.54

- 25.1 Lease liability represents present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

26. Other Financial Liabilities

(Rs. in lakhs)

Particulars	Ref. note no.	As at March 31, 2025	As at March 31, 2024
Receipt against claim under WIS and Railway siding	6.1 and 26.1	5,59,29.29	2,50,32.42
Security Deposit		11.00	11.00
		5,59,40.29	2,50,43.42

- 26.1 The Parent started construction of a private siding at Durgachak near Haldia in 2007 which was completed in 2009. However, the commissioning of the siding was withheld by the Railways thereby jeopardising Parent's investment of Rs. 40,96.00 lakhs in the project. South Eastern Railways (SER) had withdrawn all permissions against the siding and raised demand of Rs. 3,25.00 lakhs towards Land Licensing Fees and liquidated damages for the period from 2012-13 till April 28, 2017 and being aggrieved by said decision of SER, the Parent had filed an application before the Hon'ble Calcutta High Court for appointment of a Sole Arbitrator and by order dated July 01, 2019, the court appointed Sole Arbitrator in the matter.

The Parent had submitted its final claim before the Tribunal for refund of costs incurred for the siding and excess Land Licensing fees paid by it, alongwith compensation for loss of business etc. and interest till realization of the dues. The arbitration award allowing the claim of Rs. 2,28,00.02 lakhs was granted on January 03, 2024 in favour of the Parent including the amendment thereto made by supplementary award dated February 16, 2024. During the year, the Parent has filed an application for execution of award before the single bench of Hon'ble Calcutta High Court wherein the Court has directed SER to deposit Rs. 2,48,96.87 lakhs (inclusive of further interest @18% p.a. for the period from January 05, 2024 to July 09, 2024) with the Court's Registrar. The said amount has subsequently been deposited by SER alongwith two applications for setting aside of the arbitral award and for stay of operation of the arbitral award before the single bench of Hon'ble Calcutta High Court, which is pending for hearing as on this date. Pending this, the Parent on submission of the Bank Guarantee has withdrawn Rs. 2,48,96.87 lakhs which has been deposited in fixed deposit with bank (refer note no. 11.1) and an equivalent amount towards liability, if any arising on account of the guarantee issued has been recognised in these consolidated financial statements. Adjustment with respect to amount of claim (refer note 54(ii) (c)) will be given effect to on determination thereof upon final decision on the matter.

b) Fair Valuation Techniques

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- 1 The fair value of cash and cash equivalents, current trade receivables and payables, current loans, current financial liabilities and assets and borrowings approximate their carrying amount largely due to the short-term nature of these instruments. The group considers that the carrying amounts of financial assets and financial liabilities recognised at nominal cost/amortised cost in the consolidated financial statements approximate their fair values. In respect of non current trade receivables and loans, fair value is determined by using discount rates that reflect the present borrowing rate of the group.
- 2 A substantial portion of the group's long-term debt has been contracted at floating rates of interest, which are reset at short intervals. Fair value of variable interest rate borrowings approximates their carrying value subject to adjustments made for transaction cost. In respect of fixed interest rate borrowings, fair value is determined by using discount rates that reflects the prevailing rates for similar borrowings in the market.
- 3 Investments (other than Investments in Joint Venture) traded in active market are determined by reference to the quotes from the Stock exchanges as at the reporting date. Investment in liquid and short term mutual fund/Alternate Investment Funds, which are classified as Fair value through Profit and Loss are measured using quoted net assets value at the reporting date and in case of debentures, bonds and government securities, the net present value at current yield to maturity have been considered. Unquoted investments in shares have been valued based on the historical net asset value as per the latest audited financial statements.
- 4 The fair value of derivative financial instruments is determined based on observable market inputs including currency spot and forward rates, yield curves, currency volatility etc. The said valuation has been carried out by the counter party with whom the contract has been entered with and management has evaluated the credit and non-performance risks associated with the counterparties and believes them to be insignificant and not requiring any credit adjustments.

**Notes to Consolidated Financial Statements** for the year ended March 31, 2025 (Contd.)**c) Fair value hierarchy**

1. The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at balance sheet date:

(*) Figures in round brackets () indicate figures as at March 31, 2024

2. During the year ended March 31, 2025 and March 31, 2024, there were no transfers between Level 1, Level 2 and Level 3.

3. The Inputs used in fair valuation measurement are as follows:

- Fair valuation of Financial assets and liabilities not within the operating cycle of the Group is amortised based on the borrowing rate of the entities in the Group.
- Derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the marketplace. The inputs used for forward contracts are Forward foreign currency exchange rates and Interest rates to discount future cash flow.
- Unquoted investments in equity shares have been valued based on the amount available to shareholder's as per the latest audited financial statements wherever available. In case of AIF and Debentures these are based on valuation provided by external agencies.

d) Derivatives financial assets and liabilities:

Within the Group, derivatives instruments are largely entered into by the parent. The parent follows established risk management policies, including the use of derivatives to hedge its exposure to foreign currency fluctuations on foreign currency assets / liabilities. The counter party in these derivative instruments is a bank and the Parent considers the risks of non-performance by the counterparty as non-material.

(i) The following tables present the aggregate contracted principal amounts of the Group's derivative contracts outstanding:

e) Sale of Financial Assets

In the normal course of business, the Group transfers its bill receivables to banks by way of discounting from them. Under the terms of the agreements, the Group surrenders control over the financial assets and the transfer is with recourse. Under arrangement with recourse, the Group is obligated to repurchase the uncollected financial assets, subject to limits specified in the agreement with banks. Accordingly, in such cases the amount transferred are recorded as borrowings in the statement of financial position and cash flows from financing activities. As at March 31, 2025 and March 31, 2024 the maximum amount of recourse obligation in respect of financial assets are Rs 5,15,06.02 lakhs and Rs. 5,03,36.40 lakhs respectively.

f) Financial Risk Management

The Group's activities are exposed to variety of financial risks. The key financial risks includes market risk, credit risk and liquidity risk. The Group's focus is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance. The respective entity's Board of Directors reviews and approves policies for managing these risks. The risks are governed by appropriate policies and procedures and accordingly financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives.

1. MARKET RISK

Market risk is the risk or uncertainty arising from possible market fluctuations resulting in variation in the fair value of future cash flows of a financial instrument. The major components of Market risks are currency risk, interest rate risk, commodity price risk and other price risk. Financial instruments affected by market risk includes trade receivables, borrowings, investments in fixed deposit/ Mutual Funds/ Bonds/ Alternative Investment Funds and trade and other payables.

i) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Parent's foreign currency denominated borrowings, trade receivables and trade or other payables as other entities in the Group does not have any significant currency risk with respect to their respective reporting currency being the primary currency in which transactions are undertaken. Accordingly, the following explains the process followed by the Parent, being the largest component of the Group.

**Notes to Consolidated Financial Statements** for the year ended March 31, 2025 (Contd.)

In order to mitigate forex losses, the Parent over and above the natural hedge available against foreign currency transactions has adopted a comprehensive risk management review system wherein it actively hedges its foreign exchange exposures within defined parameters through use of hedging instruments such as forward contracts, options and swaps. The Parent periodically reviews its risk management initiatives and also takes experts advice on regular basis on hedging strategy.

The carrying amount of various exposures to foreign currency as at the end of the reporting period of the parent (including those pertaining to transaction with foreign subsidiaries) are as follows:

As at March 31, 2025

(Rs. in lakhs)

Particulars	Trade receivables	Loans and borrowings	Trade payables & Other Liabilities	Net Assets / (Liabilities)
USD	1,75,36.62	(4,16,83.00)	(1,27,21.48)	(3,68,67.86)

USD	1,52,40.19	(4,16,56.27)	(1,67,51.66)	(4,31,67.74)
EURO	3,45,91.16	–	(1,77.11)	3,44,14.05
GBP	69,19.98	–	(54.22)	68,65.76
SGD	11,23.62	–	–	11,23.62
AUD	–	–	(9.67)	(9.67)
TOTAL	5,78,74.95	(4,16,56.27)	(1,69,92.66)	(7,73.98)

Derivative financial assets and liabilities dealing with outstanding derivative contracts and unhedged foreign currency exposure has been detailed in earlier parts.

With all other variables held constant, the following table demonstrates the sensitivity in respect of fluctuation of USD, EURO, GBP and other currencies to the Indian Rupee :

(Rs. in lakhs)

Particulars	Effect on Profit before tax	
	For the year ended March 31, 2025	For the year ended March 31, 2024
RECEIVABLES (Weaking of INR by 5%)		
USD	–	14.63
GBP	–	9.80
SGD	6.81	40.74
PAYABLES (Weaking of INR by 5%)		
USD	(1,15.10)	(1,18.18)
EURO	(4.39)	(8.86)
GBP	(2.35)	(2.71)
AUD	(0.69)	(0.49)

A 5% strengthening of INR would have an equal and opposite effect on the Group's consolidated financial statements.

ii) Interest rate risk

The group's exposure in market risk relating to change in interest rate primarily arises from floating rate borrowing with banks and financial institutions. Considering the same, the carrying amount of said borrowing was considered to be at fair value. Borrowings at fixed interest rate exposes the Group to the fair value interest rate risk. The group maintains a portfolio mix of fixed and floating rate borrowings. As at March 31, 2025, approximately 68.93% (previous year 71.70%) of the group's borrowings are at fixed rate and these being short term borrowings, exposure to interest rate risk becomes minimal.

Notes to Consolidated Financial Statements for the year ended March 31, 2025 (Contd.)

Further there are deposits with banks which are for short term period are exposed to interest rate risk, falling due for renewal. These deposits are however generally for trade purposes as such do not cause material implication. Additionally, the Parent has certain fixed deposit created in respect of amount withdrawn against claim as dealt within note no. 11.1 which are periodically renewed till the final settlement.

With all other variables held constant, the following table demonstrates the sensitivity of the finance cost on floating rate portion of loans and borrowings.

(Rs. in lakhs)

Nature of Borrowing	Increase in basis points	For the year ended March 31, 2025	For the year ended March 31, 2024
Rupee Loan	+50	1,99.66	2,58.49
Borrowings in local currency by other entity of the Group	+25	60.79	31.12

A decrease in 50 basis point in Rupee Loan and 25 basis point in Borrowings in local currency by other entity of the Group would have an equal and opposite effect on the Group's consolidated financial statements.

iii) Commodity Risk

The Group's revenue is exposed to the market risk of price fluctuation related to sale of products which is generally determined by market forces. These prices may be influenced by factors such as supply and demand, production costs (including cost of raw material inputs) and global and regional economic conditions and growth. Adverse changes in any of these factors may reduce the revenue of the Group. The Group is also subject to fluctuation in prices of iron ore, coking coal, ferro alloys, zinc and other raw material inputs.

The group aims to sell the products at prevailing market prices. Similarly, the Group procures key raw material based on prevailing market rates. However, these contracts with the customers generally with a delivery period of 90-180 days, results in the mismatch of cost and sales realisation. Further the lead time for procurement of imported material consisting of coal and other ferrous products have an impact on profitability.

iv) Other price risk

The Group's current investments are fair valued through profit and loss and non current investment at fair value through OCI. The Group invest in mutual fund schemes, AIF and Debentures of leading fund houses. Such investments are susceptible to market price risk that arise mainly from changes in interest rate which may impact return and value of such investments. However, given the relatively short tenure of underlying portfolio in which the Group has invested, such price risk is not significant.

2. CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables). Majority of the Parent's sales are against advance or are against letters of credit/ cash against documents/ guarantees of banks of national standing and thereby credit risk is minimal. The management of each entity in the group has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Major water infrastructure projects are Government funded or foreign aided and the risk involved in payment default is minimum with respect to these customers. The Group periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and ageing of accounts receivable. Individual risk limits are set accordingly. Further, the Group obtains necessary security wherever practicable and feasible including letter of credits and/or bank guarantee to mitigate its credit risk.

The carrying amount of respective financial assets recognised in the consolidated financial statements, (net of impairment losses) represents the Group's maximum exposure to credit risk. The concentration of credit risk is limited due to the customer base being large and unrelated. Of the trade receivables balance at the end of the year, there are no single customer accounted for more than 10% of the accounts receivable and 10% of revenue as at March 31, 2025 and March 31, 2024. The Group takes collateral or other credit enhancements to secure its credit risk.

**Notes to Consolidated Financial Statements** for the year ended March 31, 2025 (Contd.)

The Group extends credit to customers as per the internal credit policy. Any deviation are approved by appropriate authorities, after due consideration of the customers credentials and financial capacity, trade practices and prevailing business and economic conditions. The Group's historical experience of collecting receivables and the level of default indicate that credit risk is low and generally uniform across markets. Consequently, trade receivables are considered to be a single class of financial assets. All overdue customer balances are evaluated taking into account the age of the dues, specific credit circumstances, the track record of the customers and overall country specific economic conditions as prevailing etc. The Group computes credit loss allowance based on a provision matrix of historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates.

Financial assets that are neither past due nor impaired

Cash and cash equivalents, investment and deposits with banks are neither past due nor impaired. Cash and cash equivalents with banks are held with reputed and credit worthy banking institutions.

Financial assets that are past due but not impaired

Trade receivables that are past due at the end of the reporting period, no credit losses there against are expected to arise. The Group also takes advance, letter of credit and bank guarantee from its customers, which mitigates the credit risk to that extent.

3. LIQUIDITY RISK

The group determines its liquidity requirement in the short, medium and long term. This is done by drawing up cash forecast for short term and long term needs. The group manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalent. Each entity in the group has arranged for diversified funding sources and adopted a policy of managing assets with liquidity monitoring future cashflows and liquidity on a regular basis. Surplus funds not immediately required are invested in certain mutual funds, AIF, bonds, debentures, fixed deposits etc. which provide flexibility to liquidate. Besides, the current committed line of credit are sufficient to meet its short to medium term fund requirement.

i) Liquidity and interest risk tables

The following tables detail the Group's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The tables include both interest and principal cash flows as at Balance Sheet date:

b) Post Employment Defined Benefit Plans

In case of Parent, Post Employment Defined Benefit Plans are managed by Life Insurance Corporation of India and ICICI Prudential Life Insurance Company Limited. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. Details of such funds are as follows:

i) Gratuity (Unfunded) in respect of Electrosteel Casting Gulf FZE and Electrosteel Bahrain Holding WLL, subsidiary companies

Provision is made for end-of-service gratuity liability to the staff at the balance sheet date based on the last drawn salary. The management of the said subsidiary is of the opinion that no significant difference would have arisen, had the liability been calculated on actuarial basis as salary inflation and discount rate are likely to have approximately equal and opposite effects.

Sensitivity analysis:

(Rs. in lakhs)

Particulars	Change in Assumption	Effect in Gratuity Obligation
For the year ended March 31, 2025		
Discount Rate	+1%	(4,58.61)
	-1%	5,58.52
Salary Escalation	+1%	5,50.27
	-1%	(4,59.41)
Withdrawal Rate	+1%	31.59
	-1%	3.38
For the year ended March 31, 2024		
Discount Rate	+1%	(3,91.29)
	-1%	4,73.96
Salary Growth Rate	+1%	4,68.73
	-1%	(3,93.23)
Withdrawal Rate	+1%	42.17
	-1%	(14.96)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the Consolidated Balance Sheet. The method and type of assumption used in preparing the sensitivity analysis did not change compared to prior period.

Risk analysis

Through its defined benefit plans, the Parent is exposed to a number of risks in the defined benefit plans. Most significant risks pertaining to defined benefit plans and, management's estimation of the impact of these risks are as follows:

Investment risk

The Gratuity plan is funded with Life Insurance Corporation of India and ICICI Prudential Life Insurance Company Limited and the Parent does not have any liberty to manage the fund provided to them. The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to yield of Government of India bonds. If the return on plan asset is below this rate, it will create a plan deficit.

Interest risk

A decrease in the interest rate on plan assets will increase the plan liability.

Longevity risk / Life expectancy

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

Estimate of expected benefit payments (In absolute terms i.e. undiscounted)

**Notes to Consolidated Financial Statements** for the year ended March 31, 2025 (Contd.)

51. (a) In pursuance of the Order dated September 24, 2014 issued by the Hon'ble Supreme Court of India ('the Order') followed by the Ordinance promulgated by the Government of India, Ministry of Law & Justice ('legislative department') dated October 21, 2014 ('Ordinance') for implementing the Order, allotment of Parbatpur coal block ('coal block/mines') to the Parent which was under advanced stage of implementation, had been cancelled w.e.f. April 01, 2015. In terms of the Ordinance, the Parent was allowed to continue the operations in the said block till March 31, 2015. Accordingly, the said block had been handed over to Bharat Coking Coal Limited ('BCCL') as per the direction from Coal India Limited ('CIL') with effect from April 01, 2015 and the same was thereafter allotted to Steel Authority of India Limited ('SAIL') and pending final determination compensation of Rs. 83,12.14 lakhs was received. The Parent also came to understand that SAIL subsequently handed over back the said coal block to the custody of BCCL.

Following a petition filed by the Parent, the Hon'ble High Court at Delhi had pronounced its judgement on March 09, 2017. Accordingly, based on the said judgement, the Parent has so far claimed Rs.15,49,44.48 lakhs towards compensation against the said coal block and acceptance of the same is awaited. The Nominated Authority appointed for deciding the amount of compensation had upheld its decision of compensation already paid which was set aside by the Hon'ble High Court with a direction to the Nominated Authority to reconsider the same. The Nominated authority further passed an order dated November 11, 2019 awarding an additional compensation of Rs. 1,80.00 lakhs and with a further direction to re-determine the value of certain assets by the appropriate authority. Subsequently, a newly appointed Nominated Authority ('New Nominated Authority') had appointed a valuer to determine the value of those specified assets as per the direction of Nominated Authority dated November 11, 2019. The Parent came to understand that valuation report recommending a valuation of total direct/hard cost for specified assets has been submitted to the New Nominated Authority and the same being under consideration, a final compensation is yet to be decided. The Parent had also earlier approached the New Nominated Authority/ Ministry of Coal ('Ministry') to reconsider the compensation determined by the previous Nominated Authority, for land and some other major assets and the final compensation is yet to be decided.

In the meantime, JSW Steel Limited ('JSW') has been declared as successful bidder for Parbatpur Coal Block in "16th Tranche of Auction Under Coal Mines (Special Provisions) Act, 2015" and vesting order dated June 08, 2023 has been issued by the Ministry of Coal in favour of JSW. JSW as being claimed by them has taken the physical possession of said coal block and has therefore requested to initiate negotiations for utilization of movable property/ assets used in coal mining. Pending determination of the amount of claim, the Parent has approached Hon'ble Delhi High Court and the matter is pending as on this date. The Parent's management is actively pursuing to revise and determine the amount of entire compensation for the coal block including mine infrastructure and land and all other related assets in terms of Coal Mines (Special Provisions) Act, 2015 read with the Ordinance and judgement dated March 09, 2017 pronounced by the Hon'ble High Court of Delhi and is taking all the necessary legal and other steps for the same.

Pending finalisation of the matter as above;

- (i) Rs.12,88,84.11 lakhs incurred pertaining to the coal block till March 31, 2015 after setting off income, stocks etc. there against as per the accounting policy then followed by the parent has been continued to be shown as freehold land, capital work in progress, other fixed assets and other respective heads of account.
- (ii) Interest and other finance cost for the year ended March 31, 2016 against the fund borrowed and other expenses directly attributable in this respect amounting to Rs. 95,14.74 lakhs has been considered as other recoverable under current assets; and
- (iii) Compensation of Rs. 83,12.34 lakhs so far received and net realisations/claims against sale of assets, advances, input credits etc. amounting to Rs. 20,90.04 lakhs have been adjusted. Bank guarantee amounting to Rs. 9,20.00 lakhs (previous year Rs. 9,20.00 lakhs) has been given by the Parent against the compensation received.

Necessary disclosures and adjustments arising with respect to above and determination of resultant claims will be given effect to on final acceptance/settlement of the amount thereof.

Since the date of acquisition, Singardo has contributed Rs. 20,99.83 lakhs and Rs. (3,60.33) lakhs to the Group revenue and profit/(loss) before taxation respectively for the year ended March 31, 2025.

If Singardo had been acquired at the beginning of the year, the revenue of the Group would have been Rs. 73,32,78.85 lakhs and the profit before tax of the Group would have been Rs. 8,56,54.92 lakhs.

The carrying amount of trade receivables equals the fair value of trade receivables. None of the trade receivables was impaired and the full contractual amounts were expected to be realized. In case of Inventory mark up on cost has been considered based on historical data. Property has been valued using the Market approach - Sales comparison method (SCM). This method models the behavior of the market by comparing with similar properties that have been recently sold/ rented or for which offers to purchase/ rentals have been made. Plant and equipment have been valued using the cost approach - Depreciated replacement cost (DRC) method. For estimating DRC, gross current replacement cost is depreciated in order to reflect the value attributable to the remaining portion of the total economic life of the plant and equipment. The method takes into account the age, condition, depreciation, obsolescence (economic and physical) and other relevant factors, including residual value at the end of the plant and equipment's economic life.

II. Audit Qualification (each audit qualification separately):**a. Details of Audit Qualification:**

Attention has been drawn by the Auditors' under the heading "Basis of Qualified Opinion" of the Auditors' Report to the following notes of the financial results for the quarter and year ended 31st March 2025 -

Sub Para (a): Note no. 3 regarding cancellation of coal block allotted to the parent in earlier year and adjustments required to be carried out in respect of the claims made by the parent, amount awarded so far in this respect and carrying amounts of the property, plant and equipment, capital work in progress, inventory and balances lying under other heads of account due to the reasons stated therein.

Sub Para (b): Note no. 4(a) in respect of parent's investment in the equity shares of ESL Steel Limited (ESL), the pledge of which was invoked by the lenders of ESL and the same was set aside by Hon'ble High court at Kolkata and the matter is currently pending before the said court. Further, as stated in Note no. 4(b) dealing with mortgage of Land at Elavur plant in favour of one of the lenders of ESL who had assigned their rights to another party and symbolic possession of the said land was taken by the said party. The matter has been disputed by the parent and as stated in the said note is currently pending before DRAT and Hon'ble Madras High Court.

Sub Para (c): Pending finalization of the matters dealt with in Sub Para (a) and Sub Para (b) above, impacts thereof are presently not ascertainable and as such cannot be commented upon by us.

b. Type of Audit Qualification: Qualified Opinion / Disclaimer of Opinion / Adverse Opinion.**c. Frequency of qualification:** Whether appeared first time / repetitive / since how long continuing – Note no. 3 since financial year 2014-15 and Note no. 4 since financial year 2017-18.**d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:** N.A**e. For Audit Qualification(s) where the impact is not quantified by the auditor:**

(i) Management's estimation on the impact of audit qualification: N.A

(ii) If management is unable to estimate the impact, reasons for the same:

Sub Para (a) In pursuance of the Order dated September 24, 2014 issued by the Hon'ble Supreme Court of India ('the Order') followed

by the Ordinance promulgated by the Government of India, Ministry of Law & Justice ('legislative department') dated October 21, 2014 ('Ordinance') for implementing the Order, allotment of Parbatpur coal block (coal block/mines) to the parent which was under advanced stage of implementation, had been cancelled w.e.f. April 01, 2015. In terms of the Ordinance, the parent was allowed to continue the operations in the said block till March 31, 2015. Accordingly, the said block had been handed over to Bharat Coking Coal Limited ('BCCL') as per the direction from Coal India Limited ('CIL') with effect from April 01, 2015 and the same was thereafter allotted to Steel Authority of India Limited ('SAIL') and pending final determination, compensation of Rs. 83,12.14 lakhs was received. The parent also came to understand that SAIL subsequently handed over back the said coal block to the custody of BCCL.

Following a petition filed by the parent, the Hon'ble High Court at Delhi had pronounced its judgement on March 09, 2017. Accordingly, based on the said judgement, the parent has so far claimed Rs.15,49,44.48 lakhs towards compensation against the said coal block and acceptance of the same is awaited. The Nominated Authority appointed for deciding the amount of compensation had upheld its decision of compensation already paid which was set aside by the Hon'ble High Court with a direction to the Nominated Authority to reconsider the same. The Nominated authority further passed an order dated November 11, 2019 awarding an additional compensation of Rs. 1,80.00 lakhs and with a further direction to re-determine the value of certain assets by the appropriate authority. Subsequently, a newly appointed Nominated Authority (New Nominated Authority) had appointed a valuer to determine the value of those specified assets as per the direction of the Nominated Authority dated November 11, 2019. The parent came to understand that valuation report recommending a valuation of total direct/hard cost for specified assets has been submitted to the New Nominated Authority. Moreover, the parent had also earlier approached the New Nominated Authority/ Ministry of Coal ('Ministry') to reconsider the compensation determined by the previous Nominated Authority, for land and some other major assets and the final compensation is yet to be decided.

In the meantime, JSW Steel Limited ('JSW') had been declared as successful bidder for Parbatpur Coal Block in "16th Tranche of Auction Under Coal Mines (Special Provisions) Act, 2015" and vesting order dated June 08, 2023 was issued by the Ministry of Coal in favour of JSW. JSW as being claimed by them took over the physical possession of said coal block and has therefore requested to initiate negotiations for utilization of movable property/ assets used in coal mining. Pending determination of the amount of claim, the parent has approached Hon'ble Delhi High Court and the matter is pending as on this date. The parent's management is actively pursuing to revise and determine the amount of entire compensation for the coal block including mine infrastructure, land and all other related assets in terms of Coal Mines (Special Provisions) Act, 2015 read with judgement dated March 09, 2017 pronounced by the Hon'ble High Court of Delhi and is taking all the necessary legal and other steps for the same.

Pending finalisation of the matter as above :

- (i) Rs.12,88,84.11 lakhs incurred pertaining to the coal block till March 31, 2015 after setting off income, stocks etc. there against as per the accounting policy then followed by the Company has been continued to be shown as freehold land, capital work in progress, other fixed assets and other respective heads of account;
- (ii) Interest and other finance cost for the year ended March 31, 2016 against the fund borrowed and other expenses directly attributable in this respect amounting to Rs. 95,14.74 lakhs have been considered as other recoverable under current assets; and
- (iii) Compensation of Rs. 83,12.34 lakhs so far received and net realisations/claims against sale of assets, advances, input credits etc. amounting to Rs. 20,90.04 lakhs have been adjusted. Bank guarantee amounting to Rs. 9,20.00 lakhs has been given against the compensation received.

Necessary disclosures and adjustments arising with respect to above and determination of resultant claim will be given effect to on final acceptance/settlement of the amount thereof.

Sub Para (b) - In view of approved resolution plan as confirmed by Hon'ble National Company Law Appellate Tribunal (NCLAT) by its order dated August 10, 2018 and pursuant to issuance of additional Equity Shares by ESL Steel Limited (ESL) for giving impact of the resolution plan, ESL had ceased to be an associate of the Company during the quarter ended June 30, 2018. To comply with the requirements of Ind AS 109 "Financial Instruments", the Company had fair valued the investment in ESL and a sum of Rs. 5,78,68.38 lakhs representing difference between the carrying value of said investment and fair value on the date of change of status was considered as exceptional item in statement of Profit and Loss in the quarter ended June 30, 2018. Further in terms of the approved resolution plan, advances and trade receivable amounting to Rs. 2,11,21.70 lakhs receivable from ESL was written off during the quarter ended September 2018 shown as exceptional item in the statement of Profit and Loss.

The Parent had elected the option under the said Ind AS to present the subsequent fair value changes of the said investment through Other Comprehensive Income. During the year, the company has fair valued the equity share of ESL and a loss of Rs. 1037.31 lakhs has been accounted for under other comprehensive income.

Investment in ESL include 17334999 equity shares of Rs. 10 each in ESL amounting to Rs. 43,11.21 lakhs as on March 31, 2025 which were pledged with the consortium of lenders of ESL (lenders) and the said pledge was not released by the lenders even after the settlement of their debt as per the approved resolution plan as above. The notices issued by the lenders for invocation of pledge of company's investment was set aside by the Hon'ble High Court at Calcutta in the earlier year and the company's plea for release of such pledge is pending before the said Hon'ble High Court.

In the earlier years, certain land amounting to Rs. 2,94,93.58 lakhs of the company, situated at Elavur, Tamil Nadu, were mortgaged to another lender SREI Infrastructure Finance Limited ('SREI') of ESL and SREI had subsequently assigned its right in the said property to an Asset Reconstruction Company ('ARC') although the claims of the said lender were fully discharged by ESL as per the Resolution Plan approved by Hon'ble National Company Law Tribunal ('NCLT'), Kolkata. Subsequently the ARC had issued SARAFESI Notice and taken the symbolic possession of the said land. The Company had disputed the alleged assignment of the loan by the lender and as directed by the Hon'ble Supreme Court had filed an application before the Debt Recovery Tribunal ('DRT'), Chennai for setting aside the SARAFESI actions and release of the title deeds of the land which vide order dated April 08, 2022 (uploaded on April 27, 2022) had been dismissed by DRT. On filing the appeal before the Debt Recovery Appellate Tribunal ('DRAT') against the order of DRT, DRAT has directed the Company to deposit 50% of the SARAFESI demand i.e. Rs. 2,93,55.04 lakhs against which revision application under Article 227 of the Indian Constitution and a Writ Application under Article 226 of Indian Constitution has been filed before Hon'ble Madras High Court and the matter is pending before the said court.

Earlier, the ARC had also filed an application before the Hon'ble NCLT, Cuttack for initiation of Corporate Insolvency and Resolution Process ('CIRP') against the Company which had been decided in the favour of the Company vide NCLT order dated June 24, 2022 ('the Order'). The said order on being challenged by ARC has been upheld by Hon'ble National Company Law Appellate Tribunal ('NCLAT') vide its order dated January 24, 2024 and thereby the order dismissing the application of ARC by NCLT as above stands valid and effective. The judgement of NCLAT has been challenged before Hon'ble Supreme Court of India which is yet to be decided by the said court.

Pending finalization of the matter, these assets have been carried forward at their book value.

(iii) Auditors' Comments on (i) or (ii) above:

As stated herein above, the impact with respect to above and consequential adjustments cannot be ascertained and as such cannot be commented upon by us.
